INDEPENDENT AUDITORS' REPORT

Opinion

We have audited the financial statements of the Pacific Maritime Association Qualified Deferred Compensation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Qualified Deferred Compensation Plan
Notes to Financial Statements**

1. Description of Plan

Pacific Maritime Association (the Company) established the Pacific Maritime Association Qualified Deferred Compensation Plan (the Plan), effective July 1, 1983. The Plan has been amended and restated, most recently as of February 1, 2022. The Plan provides retirement benefits to eligible employees of the Company and Maritech Corporation (Maritech), a wholly owned subsidiary. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan with a salary deferral arrangement qualified under appropriate provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by a committee consisting of employees of the Company. The Company appointed Fidelity Management Trust Company (Fidelity) as Plan trustee and record keeper. Fidelity is authorized to invest, manage and control Plan assets, pay benefits and ensure proper accounting records are maintained.

Eligible Participants:

Employees of the Company and Maritech, who have attained the age 21 and are classified as regular full-time employees, are immediately eligible to participate in the Plan on their first day of employment. Part-time employees who are originally excluded from the Plan based on the regular full-time employee status requirement are eligible to participate in the Plan upon completing 1,000 hours of service within twelve consecutive months.

Contributions:

Participants may make contributions to the Plan through pre-tax salary deferral contributions up to 75% of annual compensation, as defined by the Plan agreement, subject to certain limitations under the Code. Participants may also elect to make post-tax contributions in an amount not to exceed 15% of their eligible annual compensation. If a participant makes a combination of voluntary salary deferral and post-tax contributions, the aggregate total cannot exceed 75% of eligible annual compensation. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions under the Code. In addition, the Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans, subject to Code provisions.

1. Description of Plan (continued)

Contributions: (continued)

Each employer may make discretionary matching contributions in amounts to be determined by its Board of Directors. The Boards of Directors of the Company and Maritech approved matching contributions for the years ended June 30, 2023 and 2022 totaling \$1,430,818 and \$1,477,440 respectively.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with the participant's contributions, an allocation of employer contributions and investment earnings (losses) thereon. Employer contributions are allocated as determined by the Plan agreement. Earnings are allocated by investment fund, based on the ratio of a participant's account invested in a particular fund, to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of investment options offered under the Plan that are designed to provide participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in employer discretionary contributions, plus allocated earnings thereon, is based on years of continuous service. A participant becomes 20% vested after one year of service and is fully vested after five years. However, if an active participant dies or becomes totally disabled prior to attaining normal retirement age, the participant's entire account balance becomes vested.

Forfeited Accounts:

The forfeited non-vested portion of terminated participant account balances may either be used to pay administrative expenses or to reduce future employer discretionary matching contributions. At June 30, 2023 and 2022, the amount of available forfeited non-vested accounts was \$221,000 and \$208,000, respectively, all of which was available to pay administrative expenses or to reduce future employer discretionary matching contributions. Subsequent to year end, \$200,000 in forfeitures were used to reduce employer contributions for the June 30, 2023 Plan year.

1. Description of Plan (continued)

Liability for Corrective Distribution:

The liability for corrective distribution at June 30, 2023 represents a contribution made by a participant that must be refunded in order for the Plan to be in compliance with applicable non-discrimination tests. The June 30, 2023 liability of \$11,950 was refunded in September 2023.

Payment of Benefits:

Upon termination of service, participants may elect to receive a lump-sum amount equal to the vested balance of their accounts. Vested account balances of \$1,000 or less may be distributed without the consent of a participant. All distributions are subject to the applicable provisions of the Plan agreement. Benefits are recorded when paid.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Participants may borrow up to one-half of their vested account balance, not to exceed \$50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which longer terms may be permitted. Participant notes are evidenced by a written note, secured by the balance in the participant's vested account and bear an interest rate commensurate with local prevailing rates under the provisions of the Plan agreement. Notes receivable from participants at June 30, 2023 have interest rates between 3.75% and 8.50%. Repayment of principal and interest is generally made through payroll deductions.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Certain transaction fees are paid by the Plan and charged directly to participant accounts. During the year ended June 30, 2023, forfeitures of \$31,275 were used to pay Plan expenses (\$0 during the year ended June 30, 2022). The Company pays all other expenses related to the Plan, which are not reflected in the Plan's financial statements.

1. Description of Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts and distributions will be made to participants as described in the Plan agreement.

Risks and Uncertainties:

The Plan offers a variety of investment options to participants. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the financial statements.

2. Summary of Significant Accounting Policies

Basis of Presentation:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments are comprised of mutual and money market funds and common/collective trusts and accounted for as follows:

Mutual and Money Market Funds: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

2. Summary of Significant Accounting Policies (continued)

Investments: (continued)

Fidelity Commingled Pool Funds: The Plan invests in common/collective trusts (CCTs) through Fidelity Commingled Pool Funds which are reported at fair value, as determined based on the fair value of the fixed income securities in the trust portfolios, which is typically the amount reasonably expected to be received upon the sale of a security.

Fidelity Managed Income Portfolio II Fund (the Fund): The Plan invests in fully benefit-responsive investment contracts through this Fund. The Plan reports the fully benefit-responsive Fund at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract with Fidelity.

Income (Loss) Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought, sold, or held during the year.

3. Fair Value Measurement

The Plan values its investments in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, as a framework for measuring fair value. That framework uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability at the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Pacific Maritime Association
Qualified Deferred Compensation Plan
Notes to Financial Statements

3. Fair Value Measurement (continued)

Level II: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value at June 30, 2023 under the three-level hierarchy are as follows:

<u>Investments</u>	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Mutual and money market funds	\$ 37,418,300	\$ -	\$ -	\$ 37,418,300
Common/collective trusts	-	30,339,643	-	30,339,643
Total investments	<u>\$ 37,418,300</u>	<u>\$ 30,339,643</u>	<u>\$ -</u>	<u>\$ 67,757,943</u>

Investments at fair value at June 30, 2022 under the three-level hierarchy are as follows:

<u>Investments</u>	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Mutual and money market funds	\$ 33,828,579	\$ -	\$ -	\$ 33,828,579
Common/collective trusts	-	26,816,333	-	26,816,333
Total investments	<u>\$ 33,828,579</u>	<u>\$ 26,816,333</u>	<u>\$ -</u>	<u>\$ 60,644,912</u>

The Fund, valued at contract value, is reported outside of the fair value hierarchy in accordance with Topic 820.

4. Income Tax Status

The Plan is a volume submitter plan offered by Fidelity, which has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating the form of the plan submitted for review was qualified under applicable provisions of the Code. The Plan and Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and, therefore, the Plan was qualified and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP require Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the plan years ended June 30, 2020 and prior.

5. Party-In-Interest Transactions

Certain Plan assets are invested in investments offered by Fidelity. Fidelity, the Plan trustee, is a related party of the Plan. Purchases and sales of these investments qualify as party-in-interest transactions. Note receivable transactions with participants qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.
