Independent Auditor's Report

The Plan Administrator
The Contractors Retirement Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Contractors Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit as of December 31, 2021 and for the period from January 1, 2022 to April 20, 2022 need not extend to any statements or information concerning an entity which is reported directly to the DOL under 29 CFR 2520.103-12(b) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Additionally, as permitted by ERISA Section 103(a)(3)(C), our audit as of December 31, 2022 and from April 20, 2022 to December 31, 2022, need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

We have been informed by the plan administrator that the Plan's investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12(b) and (c) 103-12 Investment Entity (103-12 IE) qualifies as a direct filling entity under the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as of December 31, 2021 and for the period January 1, 2022 through April 20, 2022. See Note 4.

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the period April 20, 2022 through December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to investment information related to the Plan's investment in the Contractors Retirement Plan Master Trust as of December 31, 2022 and for the period January 1, 2022 through April 20, 2022, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information as of December 31, 2022 and for the period April 20, 2022 through December 31, 2022, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information related to the Plan's investment in the Contractors Retirement Plan Master Trust or the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the

Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the information related to the Plan's investment in the Contractors Retirement Plan Master Trust as of December 31, 2021 and for the period January 1, 2022 through April 20, 2022, except for obtaining and reading the Contractors Retirement Plan Master Trust audited financial information, comparing the investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Our audits did not extend to the certified investment information as of December 31, 2022 and for the period April 20, 2022 through December 31, 2022, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H (Form 5500), Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the information related to the Plan's investment in the Contractors Retirement Plan Master Trust or the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the information related to the Plan's investment in the Contractors Retirement Plan Master Trust, we compared such information to the Contractors Retirement Plan Master Trust audited financial information. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the information related to the Plan's investment in the Contractors Retirement Plan Master Trust or the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the information related to the

Plan's investment in the Contractors Retirement Plan Master Trust or the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information related to the Plan's investment in the Contractors Retirement Plan Master Trust in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and reported by the Contractors Retirement Plan Master Trust as of December 31, 2021 and for the period January 1, 2022 through April 20, 2022 that management determined meets the requirements of ERISA Section 103(a)(3)(C).
- The certified investment information as of December 31, 2022 and for the period April 20, 2022 through December 31, 2022 in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

The Contractors Retirement Plan

Notes to Financial Statements - Modified Cash Basis

1. Description of the Plan

The following description of The Contractors Retirement Plan sponsored by Goodwill Industries of San Antonio Contract Services, Inc. (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a money purchase plan that covers employees of Goodwill Industries of San Antonio Contract Services, Inc., (the Employer or Plan Sponsor). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC).

Eligibility

As dictated by the nature of federal contracts associated with Goodwill Industries of San Antonio Contract Services, Inc., all non-management employees working on said contracts are eligible to participate in the Plan.

Contributions

The Plan Sponsor contributes an amount based on hourly fringe rates set by the Department of Labor (DOL), multiplied by hours worked by Plan participants. Cumulative fringe contributions in excess of amounts contributed to the Goodwill Industries of San Antonio Contract Services Health and Welfare Plan, an affiliated plan with the same Plan Sponsor, are contributed to the Plan by the Plan Sponsor. Contributions are subject to limitations imposed by the IRC. Rollover contributions are also allowed. The Plan Sponsor is responsible for remitting contributions required to meet minimum funding standards of ERISA Section 302. Such requirements have been met for the year ended December 31, 2022.

Participant Accounts

Prior to April 2022, Employer contributions were invested in the Group Trust. Beginning April 2022, participant balances in the Group Trust were transferred into mutual funds. Participants may direct the investment of the Employer's contributions into various mutual offered by the Plan. If a participant has not elected an investment, the Employer will allocate the participant investments as determined by the participant's age.

Each participant's account is credited with the Employer's contributions and earnings or losses thereon and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

Vesting

Participants are immediately 100% vested in the Employer's contributions and the net earnings allocated to their accounts.

The Contractors Retirement Plan

Notes to Financial Statements - Modified Cash Basis

Payment of Benefits

Under terms of the Plan, participants are eligible for benefit payments upon reaching age 55. The Plan also provides for distributions to participants, or their beneficiaries, upon death, disability, and termination of employment. Participants may choose to have benefits paid directly to them or to have benefits paid directly to another qualified retirement plan or individual retirement arrangement on their behalf. A terminated participant shall be entitled to receive benefits based on the distributable value of their participant account via lump sum payment and/or the purchase of a joint and survivor or life annuity.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States (U.S. GAAP). Under the modified cash basis of accounting utilized, employer contributions are recognized when received rather than when accrued by the employer. In addition, benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The fair value of the Plan's interest in The Contractors Retirement Plan Master Trust (Group Trust) is based on the beginning of year value of the Plan's interest in the Group Trust plus actual contributions and allocated investment incomes less actual distributions and allocated administrative expenses.

The Group Trust does not meet the definition of a master trust as the term is commonly used. The Plan's investment in the Group Trust represents the allocated net portion of the Group Trust that is attributable to The Contractors Retirement Plan sponsored by Goodwill Industries of San Antonio Contract Services, Inc. and includes all the Plan's investments. The Plan's share of the net assets of the Group Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses.

Purchases and sales of investments are recorded on a trade date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan's gains and losses for investments

The Contractors Retirement Plan

Notes to Financial Statements - Modified Cash Basis

bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for some investment accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses charged by investment managers are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - This level consists of quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - This level consists of significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - This level consists of significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Group Trust - The fair value is based on the value of underlying assets, less liabilities, and then divided by the number of outstanding shares. The underlying assets held in the Group Trust are valued based on unit values as reported by insurance companies holding assets for the Group Trust. The Net Asset Value (NAV) is based on the market value of the underlying investments. NAV is not a publicly quoted price in an active market.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Contractors Retirement Plan

Notes to Financial Statements - Modified Cash Basis

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,857,342	\$ -	\$ -	\$ 1,857,342

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ -	\$ -	\$ -	\$ -

The following table summarizes the investments held by the Group Trust and the Plan's interest in the Group Trust Balances:

December 31, 2022

	Group Trust Balances	Plan's Interest in Group Trust
Pooled separate accounts	\$ 1,221,768,308	\$ -
Collective trusts	37,392,000	-
General accounts	24,487,237	-
Cash and cash equivalents	5,895,709	-

General accounts	25,037,042	-
Cash and cash equivalents	2,405,737	-
	\$ 1,577,068,997	\$ 2,020,653

Investment loss for the Group Trust for the year ended December 31, 2022 was \$268,008,797.

The Group Trust provides for daily redemptions with no advance notice required. Certain agreements with insurance companies held in general accounts include provisions for withdrawal/surrender fees of up to 5% for participants with less than three years of participation in the Group Trust. These fees are normally charged against the participant's account immediately

prior to withdrawal. The Plan did not hold investments held in the general accounts at December 31, 2022 or 2021, respectively.

4. Investment in Retirement Plan Group Trust

The Plan's primary investment at December 31, 2021 was in The Contractors Retirement Plan Master Trust, sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan are maintained in the Group Trust. The Group Trust files a Form 5500 as a 103-12 Investment Entity.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-12 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the Plan's independent auditor other than comparing such information provided by the Group Trust to information included in the Plan's financial statement and supplemental schedule:

<i>December 31,</i>	2022	2021
Investments, at fair value	\$ -	\$ 2,020,653
<i>Year ended December 31, 2022</i>		
Net depreciation in fair value of investments	\$	(189,408)

5. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>December 31,</i>	2022	2021
Investments, at fair value	\$ 1,857,342	\$ -
<i>Year ended December 31, 2022</i>		
Net depreciation in fair value of investments	\$	(135,163)

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

The Contractors Retirement Plan

Notes to Financial Statements - Modified Cash Basis

7. Tax Status of the Plan

The Plan Sponsor adopted a preapproved plan document sponsored by CCH Incorporated on July 1, 2022. CCH Incorporated received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Prior to July 1, 2020, the Plan operated under The Contractors Retirement Plan Master Trust Plan which received an opinion letter from the IRS dated November 1, 2016, which states that the document satisfies the applicable provisions of the IRC.

The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Parties-In-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others.

As of December 31, 2021 and for the period January 1, 2022 through April 20, 2022, the Plan was part of a Group Trust whose recordkeeper and master plan sponsor was Fringe Benefit Group, Inc. Various administrative expenses and asset charges of the Group Trust were paid to Fringe Benefit Group, Inc. and allocated to the Plan, reducing net investment income.

For the period April 20, 2022 through December 31, 2022, the Plan paid certain expenses related to plan operations and investment activity to various service providers. In addition, distribution processing fees were paid to ABG Houston by participants. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The plan administrator evaluated events or transactions that occurred after December 31, 2022, and through November 7, 2023, the date the financial statements were available to be issued.
