INDEPENDENT AUDITOR'S REPORT

Profit Sharing Advisory Committee
Calfee, Halter & Griswold LLP Profit Sharing Trust and Plan
Cleveland, Ohio

Opinion

We have audited the financial statements of Calfee, Halter & Griswold LLP Profit Sharing Trust and Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1 Description of Plan

The following description of the Calfee, Halter & Griswold LLP Profit Sharing Trust and Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began December 1, 1968, is a defined contribution plan covering all employees of Calfee, Halter & Griswold LLP ("Company") who meet service, age and classification requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan also includes a profit sharing provision, a cash or deferred arrangement [401(k)], and matching employer contributions, integrated with Social Security.

Effective August 1, 2021, the Trustee of the Plan was changed from PNC Bank to Matrix Trust Company, and the recordkeeper was changed from Newport Group to OneAmerica.

Eligibility:

An employee or partner becomes eligible to be a full participant when all of the following requirements are met:

- a. Completion of two years of service with 1,000 or more hours completed in each of the two years;
- b. Attainment of age of twenty-one years;
- c. Not being a leased employee within the meaning of 414(n)(2) of the Internal Revenue Code;
- d. Not being employed as an associate attorney;
- e. Not being employed as a summer associate or an intern;
- f. Not being employed in accordance with an oral or written employment, consulting or other arrangement, the terms and conditions of which preclude a person's participation in the Plan; and
- g. Not being employed by Calfee Strategic Solutions, LLC, a wholly-owned subsidiary of the sponsor.

Eligible persons become participants as of the first day of the calendar quarter coinciding with or next following the date they first satisfy the eligibility requirements.

In addition, an employee or partner may become a "Special 401(k) Contributor" when he or she has met the requirements in (c) through (g) as previously described. A "Special 401(k) Contributor" may participate in the cash or deferred option feature of the Plan, but is not entitled to any other contributions under the Plan.

- (2) Integrated Contribution - equal to 5.7% of each full participant's eligible compensation in excess of the social security taxable wage base.

C. Voluntary After-Tax Contributions:

Active full participants may also make voluntary contributions not deductible on their Federal income tax returns.

Eligible compensation is subject to the maximum permitted to be considered in determining contributions by Section 401(a)(17) of the Internal Revenue Code. Maximum eligible compensation was \$305,000 and \$290,000 in 2022 and 2021, respectively.

Contributions are subject to limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Vesting:

The amounts credited to all accounts established and held for any employee are fully vested and non-forfeitable at all times.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at a rate of 1% per annum above the Wall Street Journal prime rate of interest at the time the loan is approved. However, if the loan is used to acquire a participant's principal residence, the note may have a term comparable to those in similar transactions involving lending institutions. The amount of any such loan is subject to limitations explained in the Plan. Principal and interest are paid ratably no less frequently than quarterly.

Payment of Benefits:

Participants ceasing employment due to retirement, termination, death or disability are entitled to distributions of all amounts credited to their accounts and, in the case of death, any proceeds on life insurance contracts.

Payment of Benefits, continued:

Benefits will normally be paid to terminated full participants and Special 401(k) Contributors in an annuity form of distribution unless they elect an optional form of distribution (a lump sum, installments, 50% joint and survivor, or a combination of these forms of distribution). Spouses of deceased full participants and Special 401(k) Contributors will generally receive their death benefit pursuant to a single life annuity form of distribution unless they elect a lump sum or installment form of distribution. Non-spouse beneficiaries of full participants and Special 401(k) Contributors will generally receive their death benefit pursuant to a lump sum form of distribution unless they elect an installment form of distribution. Benefits are recorded when paid.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct his or her contributions in any of the investment options offered by the Plan. In order to utilize the self-directed option, the participant must have at least \$25,000 in their account.

2 Tax Status

The Internal Revenue Service has determined, and informed the Company by letter dated April 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

3 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

Calfee, Halter & Griswold LLP Profit Sharing Trust and Plan

3 Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition:

Investments are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Generally, all administrative fees are paid by the Plan sponsor except for management fees applicable to self-directed brokerage accounts. The broker or investment advisor for these brokerage accounts have deducted their fees directly from the investments held by them.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties:

The Plan's investments include various types of investments with varying degrees of risk such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through November 14, 2023, which is the date the financial statements were available to be issued.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds:

Valuation of these investments are based on quoted prices in active markets and are classified as a Level 1 in the hierarchy.

Common Collective Trust Funds:

The fair value of the common collective trust funds is determined on a daily basis and unit purchases and redemptions are transacted at the current net asset value ("NAV") and are considered as made immediately after the daily valuation. Subject to certain restrictions, withdrawals from the fund are generally permitted daily. The fund is valued using NAV as a practical expedient. As such, it has not been leveled in the fair value hierarchy table below.

NOTES TO FINANCIAL STATEMENTS

Calfee, Halter & Griswold LLP Profit Sharing Trust and Plan

4 Fair Value Measurements, Continued

Self-Directed Brokerage Accounts:

Accounts consist of the following investment holdings:

- Mutual funds, common stock, and exchange-traded funds (Level 1) – Valuation of these investments are based on quoted prices in active markets.
- Money market funds (Level 2) – These are not traded on an active market. The values are updated periodically and are, as such, valued on an inactive market.
- U.S. government securities (Level 2) – The majority of these assets are comprised of government-issued bonds which are valued based on the present value of expected future cash flows. While this pricing model is fairly straightforward, there are inherent assumptions in the valuation of these bonds and they are not traded on an active market. As such, there are some unobservable inputs associated with this asset.
- Bonds (Level 2) – Valued based on observable and unobservable inputs and are not traded on an active market.
- Limited partnerships (Level 3) – Limited partnership interests are valued as of the financial statement date utilizing the allocated aggregate capital account interest that Plan participants held in those limited partnerships at that date. This measure of fair value considers the amount that would be received by the participant if a distribution or liquidation of that partnership interest were to be initiated as of the date of the Plan's financial statements. No formal appraisals are available for those entities. Since this valuation methodology uses significant unobservable inputs to fair value, those assets have been classified in Level 3 of the fair value hierarchy, except for those assets which met the criteria for use of the net asset value ("NAV") as practical expedient, as noted below.

Certain other limited partnerships were valued using NAV as the practical expedient. Most of these limited partnerships report their valuation on a monthly basis. These limited partnerships generally seek to achieve their investment objectives primarily by allocating their assets among investments in both public and private investment vehicles that employ a broad range of investment strategies. Investors in these limited partnerships have redemption rights which contain certain restrictions with respect to rights of withdrawal as specified in their respective partnership agreements. There were no significant unfunded commitments as of the financial statement date.

- Privately-held stock and investments (Level 2 and 3) – The values of some of the privately-held stocks and investments are determined by independent, third-party appraisal. These appraisers use various assumptions and calculations to arrive at a valuation (Level 2). Privately-held stock and investments include common stock and note issuances from those entities that are not subject to an independent, third-party appraisal and are valued at cost, which approximates fair value. There are no observable inputs for privately-held stock (Level 3).

5 Party-in-Interest Transactions

Certain Plan investments were managed by PNC Bank, the Trustee as defined by the Plan during the 7-month period from January 1, 2021 through July 31, 2021 and, therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid for the investment management services. For the five-month period from August 1, 2021 through December 31, 2021 and for the year ended December 31, 2022, Matrix Trust Company and OneAmerica served the Plan as Trustee and recordkeeper, respectively. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.
