Independent Auditors' Report

To the Participants and Plan Administrator of
Jefferson Regional Medical Center Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Jefferson Regional Medical Center Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 to June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and December 31, 2022, and for the period from January 1, 2023 to June 30, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such annuity contracts and custodial accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these annuity contracts and custodial accounts and the related income and distributions be included in the accompanying financial statements.

Emphasis of Matter

As disclosed in Note 1 to the financial statements, the Plan was merged into the Retirement Savings Plan for Employees of West Penn Allegheny Health System effective June 30, 2023, and all net assets available for benefits were transferred as of that date. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Jefferson Regional Medical Center Retirement Savings Plan

Notes to Financial Statements

June 30, 2023 and December 31, 2022

1. Description of the Plan

The following description of the Jefferson Regional Medical Center Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering eligible employees of Jefferson Regional Medical Center and certain affiliates (the Corporation). There was no age requirement or minimum service requirement for participation in the Plan. The Personnel and Compensation Committee of the Board of Directors of Highmark Health had oversight of the Plan and had delegated responsibility for the general administration of the Plan to the Highmark Health Employee Benefits Fiduciary Committee. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On February 28, 2017, the Corporation approved a resolution to freeze future participation and all contributions under the Plan effective December 31, 2017, at which time a new plan sponsored by the Allegheny Health Network, a subsidiary of Highmark Health, was established for the benefit of substantially all current plan participants.

On February 23, 2023, the Investment Committee of the Board of Directors of Highmark Health approved a resolution to merge the Plan into the Retirement Savings Plan for Employees of West Penn Allegheny Health System, effective June 30, 2023. This plan merger will have no impact to participant benefit accruals and is merely an effort to consolidate administration on the part of the plan sponsor.

Contributions

Prior to December 31, 2017, participants could contribute up to 100% of pretax annual compensation, as defined by the Plan up to the maximum limits of the Internal Revenue Code (IRC). Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified retirement plans. Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

The Plan provided that prior to December 31, 2017, all full-time participants and part-time participants that had completed one year of credited service (1,000 hours) and were employed at the plan year-end were eligible to receive an annual Corporation contribution equal to 2% of eligible compensation as well as an annual discretionary performance matching contribution as approved by the Corporation's board of directors, which was based on matching up to 50% of the first 4% of compensation that a participant contributed to the Plan. In addition, the Plan provided for a discretionary performance matching contribution of 33% of the first 4% of compensation that a participant contributed to the Plan, as determined on an annual basis. The Plan also provided for a nondiscretionary longevity matching contribution equal to 50% of each participant's elective deferrals between 1% and 4% for eligible participants that participated in and had 25 years of credited service in the Corporation's frozen Retirement Plan for Employees of Jefferson Regional Medical Center.

Participant Accounts

Each participant's account was credited with allocations of the Corporation's contributions (prior to December 31, 2017) and the Plan's earnings. Participants were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and the Corporation's contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants may have borrowed from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Borrowings were secured by the balance in the participant's account and bore interest at rates that were commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest was paid ratably at least quarterly. Terms ranged from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may have elected to receive a lump-sum or partial payment amounts equal to the value of the participant's vested interest in their account. In addition, the Plan allowed for hardship distributions if certain criteria were met. The amount, form, and timing of distributions available to a participant may have also been limited by the investment options that comprised their vested account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of June 30, 2023 and December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Corporation. Expenses that are paid by the Corporation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through November 29, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and December 31, 2022.

Money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Jefferson Regional Medical Center Retirement Savings Plan

Notes to Financial Statements

June 30, 2023 and December 31, 2022

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan held no assets at fair value as of June 30, 2023. The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,055,127	\$ -	\$ -	\$ 36,055,127
Money market fund	569,549	-	-	569,549
Total assets at fair value	<u>\$ 36,624,676</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 36,624,676</u>

4. Fully Benefit-Responsive Investment Contract

The Plan held a portfolio of investment contracts that was comprised of a traditional investment contract. These contracts met the fully benefit-responsive investment contract criteria and therefore were reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at the specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer and was reviewed on a quarterly basis for resetting. The contract could not be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

Certain events might have limited the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuer and that also would have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Related-Party and Party in Interest Transactions

Certain of the Plan's investments were managed by the custodians, and therefore, these transactions qualified as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party in interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan was designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan operated in accordance with the applicable requirements of Section 403(b) of the IRC and therefore, believes the Plan was qualified and the related custodial accounts were tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

Prior to the Plan merger described in Note 1, the Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2022, the Plan had investments of \$4,031,848 that were concentrated in one fund.

8. Information Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for the period from January 1, 2023 to June 30, 2023 and for 2022. Accordingly, AIG Federal Savings Bank and the American Funds Service Company, the custodians of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of June 30, 2023 and December 31, 2022 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2023 to June 30, 2023.

9. Annuity Contracts and Custodial Accounts Excluded From Financial Statements

As permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02), the plan administrator has elected to exclude certain annuity contracts and custodial accounts from the Plan's financial statements. These annuity contracts and custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The plan administrator has concluded that the annuity contracts and custodial accounts have met the criteria required under FAB 2009-02 for exclusion and as such, have been excluded from the Plan's financial statements. The amount of these annuity contracts and custodial accounts cannot be readily determined.
