INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Fage USA Dairy Industry, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Fage USA Dairy Industry, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fage USA Dairy Industry, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fage USA Dairy Industry, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fage USA Dairy Industry, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fage USA Dairy Industry, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fage USA Dairy Industry, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee and insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1 -- DESCRIPTION OF PLAN

a. Description of Plan

The following description of Fage USA Dairy Industry, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering full-time employees of Fage USA Dairy Industry, Inc. ("Dairy") who elect to participate in the Plan once eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In January 2019, the plan adopted Safe Harbor Matching Contributions. In November 2019, Fage USA Corp. was merged into Fage USA Dairy Industry, Inc ("Company") and was dissolved. All employees became employees of Dairy.

Participation Eligibility - Each employee of the Company who works 1,000 hours during a 12-month period, beginning with the date of hire, is eligible to participate in the Plan the first day of the month coincident upon completion of 90 days of continuous service and upon attaining 21 years of age.

Each employee of the Company who is not expected to work 1,000 hours during a 12-month period, is eligible to participate after completing 1,000 hours within the 12-consecutive month period beginning with employment date or any plan year beginning after that and upon attaining 21 years of age.

Each employee of the Sponsor who is not expected to work 1,000 hours during a 12-month period, may also become eligible to participate in the Plan after completing at least 500 hours of service per year within a three consecutive year period beginning with employment date or any plan year beginning after that and upon attaining 21 years of age.

Vesting - Participants are immediately vested in their contributions and qualified matching contributions plus the actual earnings thereon. Vesting in the Company's matching contributions (other than the qualified matching contributions) portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

Contributions - Each year, participants may contribute a percentage of their compensation up to the maximum permitted under law. Participants may make a separate election to contribute up to 100% of designated cash bonuses to the Plan as 401(k) contributions, provided that the participant's total 401(k) contributions for the year do not exceed the maximum permitted under law. The IRS limits the maximum employee elective deferral to \$19,500 in 2021. Participants who have attained the age 50 or older by the end of the calendar year are eligible to make an additional catch up deferral contribution for a year which cannot exceed the catch up limit in effect for the year of \$6,500. Participants who are in an "eligible class" may elect to roll over qualified distributions into the Plan, regardless of whether they have satisfied any age or service requirements to participate in the Plan. Participant's rollover contributions are subject to all the terms and conditions of the Plan and are only distributable under the terms of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers in excess of fifteen mutual funds, guaranteed investment contracts, and a common/collective trust as investment options for participants. Matching contributions can be made by the employer on a discretionary basis and are invested in accordance with the options selected by the participant.

In 2019, the Plan was amended to qualify as a Safe Harbor 401(k) Plan, therefore employer matching contributions will be an enhanced match equal to 100% of salary deferral up to 5% of Plan compensation each payroll period for all participants. For the year ended December 31, 2021, the Company made \$612,470 in qualified matching contributions.

FAGE USA DAIRY INDUSTRY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 -- DESCRIPTION OF PLAN -- (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and (c) are charged with a quarterly administration fee. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as well as any investment earnings on those contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Note terms cannot exceed five years, unless such note is used to purchase a principal residence. Participant's account is charged an initiation fee and subsequently quarterly maintenance fees. Principal and interest are paid ratably through payroll withholding and are recognized as such. For the year ended December 31, 2021, participant loan repayments included interest at a maximum rate of 6.50%. All notes are considered to be collectible and no estimated allowance for doubtful accounts has been recognized. If a participant does not make loan payments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or an annuity contract that provides for payments over his or her life. In the event of termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service distributions are permitted by participants from their contributions and respective earnings if they have reached age 59 1/2, disability or incur an immediate and heavy financial need.

Hardship Distribution Interim Amendment - Hardship distributions made on or after January 1, 2020, funding sources are limited to vested balances according to the Plan. The maximum distribution is \$100,000 or the eligible plan balance, whichever is lower.

Forfeited Accounts - For the years ended December 31, 2021 and 2020, forfeited nonvested accounts totaled \$15,427 and \$6,283, respectively. These amounts will be used to reduce future employer contributions. Also, in December 31, 2021, employer contributions were reduced by \$12,375 from forfeited nonvested accounts.

Administrative Expenses

All administrative expenses of maintaining the Plan are paid from the participant Plan assets, unless the Company elects to make the payment.

NOTES TO FINANCIAL STATEMENTS**

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Fage USA Dairy Industry, Inc. 401(k) Plan, (the "Plan") is presented to assist in the understanding of the Plan's financial statements. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

a. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Plan investments are all included in a group annuity which consists of mutual funds, guaranteed investment contracts ("GIC's"), and collective investment trusts ("CIT's"). This type of plan does not distribute any type dividends and only the change in the net asset value is reported. CIT's are reported at their net asset value calculated by the fund manager based on the underlying investments. GIC's are reported at contract value based on actuarial formula as defined under the terms of the contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income earned on the fixed income account is recorded on the accrual basis.

Mutual funds are within a group annuity plan, therefore, dividends are not separately reported and the net appreciation (depreciation) includes the Plan's dividends, gains and losses on investments purchased and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Participant loans are immediately due and payable upon termination of employment, with exceptions for employees granted a leave of absence, or employees serving in the military. Delinquent participant loans are reclassified as distributions. Related fees are recorded as administrative expenses and are expensed when they are incurred.

e. Payment of Benefits

Benefits are recorded when paid.

NOTE 3 -- INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

NOTE 4 -- FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs that are observable for the asset, either directly or indirectly, and Level 3 inputs are unobservable, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they are generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1	Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Plan has the ability to access.
Level 2	Inputs are inputs (other than quoted prices included in Level 1) that are observable for the asset or liability, either directly or indirectly.
Level 3	Inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Mutual funds are valued at their net asset values available in an observable market. The mutual funds are not deemed to be actively traded. ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

Collective Investment Trust

Collective investment trust is valued at net asset value as calculated by the fund manager based on the underlying investments. ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

NOTE 4 -- FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2021, is reported in net change in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 -- INVESTMENT CONTRACT WITH TALCOTT RESOLUTION LIFE INSURANCE COMPANY

In 2020, the Plan entered into a guaranteed investment contract with Talcott Resolution Life Insurance Company ("TRLIC") (formerly Hartford Life Insurance Company ("HLIC")). Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("Mass Mutual") was appointed by HLIC to provide all administrative services necessary to support the insurance contract issued by HLIC (see Note 8). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$1,641,994 and \$1,415,635, respectively. The declared interest rate as of the Plan years presented was 3%. The average yield on guaranteed investment contracts for the year ended December 31, 2021 was 3.06% (see Note 8).

**FAGE USA DAIRY INDUSTRY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

**NOTE 5 -- INVESTMENT CONTRACT WITH TALCOTT RESOLUTION LIFE INSURANCE
COMPANY (Continued)**

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, b) a material amendment to the contract without the issuer's consent, c) a violation of a material obligation under the contract, or d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 -- TAX STATUS

The Plan has adopted a prototype non-standard profit sharing plan with CODA and is relying on an opinion letter received from the Internal Revenue Service dated March 31, 2014 stating that the form of the plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the current applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 -- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 -- RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Reliance Trust Company is the trustee of the Plan, with the exception of the guaranteed investment contracts, managed by TRLIC. Indirect compensation was \$325.

MassMutual is the recordkeeper of the Plan and therefore certain transactions qualify as party-in-interest transactions. Administrative fees of \$10,487 were paid from the Plan during the year ended December 31, 2021.

Talcott Resolution Life Insurance Company is the insurance carrier for the unallocated funds reported in the guaranteed investment contract.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 -- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

NOTE 11 -- DATE OF MANAGEMENT REVIEW

Subsequent events were evaluated through October 17, 2022, which is the date the financial statements were available to be issued.

NOTE 12 -- SUBSEQUENT EVENTS

As part of the acquisition of Massachusetts Mutual Life Insurance Company (MassMutual) Retirement Services Business by Great-West Life and Annuity Insurance Company (GWL&A), an affiliate of Empower Retirement, LLC on December 31, 2020, GWL&A entered into a Transition Services Agreement (TSA) with MassMutual, under which MassMutual continued to provide specified services as necessary to ensure the business continues to operate without disruption. In April 2022, the account balances were transferred to Empower Retirement.

In February 2022, the Plan was restated to contain the appropriate retroactive dates with respect to the provisions for the appropriate laws of a Cycle 3 Restatement. The Plan is now in compliance with the requirements of the 2017 Cumulative List (Notice 2017-37). The Plan does not have an Automatic Deferral Arrangement.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
