Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the D. C. Taylor Co. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- in information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the D. C. Taylor Co. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about D. C. Taylor Co. Savings Plan's ability to continue as a going concern for December 31, 2022 and 2021, and for the years then ended.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk is not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS
(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presently fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of D. C. Taylor Co. Savings Plan is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

D. C. TAYLOR CO. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2022

NOTE A - DESCRIPTION OF PLAN AND ACCOUNTING POLICIES

The following description of the D. C. Taylor Co. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

1. General - The Plan is a contributory defined contribution plan. The Plan covers all employees of D. C. Taylor Co. (the "Company") who have one year and 1,000 hours of service, are age twenty or older and who are not members of a collective bargaining unit. The Company controls and manages the operation and administration of the Plan. Principal Life Insurance Company ("Principal") serves as the Contract Administrator of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions - The Plan is funded by contributions from participants to the Plan through salary reduction. The Plan allows employees to defer up to one hundred percent of their earnings subject to the maximum amount deductible under the Internal Revenue Code. Participants may also contribute amounts representing distributions from another qualified defined benefit or defined contribution Plan (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at four percent of eligible compensation and their contributions invested in the Principal Lifetime account based on their retirement age of 65 until changed by the participant. In addition, the deferred percentage will increase one percent per year to a maximum of ten percent. The Company made discretionary matching contributions of twenty-five percent of the employees' deferral for the first six percent deferred. Additional amounts may be contributed at the option of the Company's Board of Directors. No additional discretionary contributions were made during the year ended December 31, 2022.
3. Participant Accounts - Each participant's account is credited with the participant's contribution and the Company's contribution for each eligible participant, as applicable, and allocations of (a) the Company's discretionary contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. There are no non-participant directed investments.
4. Vesting - Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants are vested in employer contributions as follows: zero until year two, twenty percent in year two and an additional twenty percent each successive year until year six, when they are fully vested. During the employer contribution vesting period, the participant would become fully vested upon death, disability or if they reach age 65.

D. C. TAYLOR CO. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(Continued)
Year Ended December 31, 2022

NOTE A - DESCRIPTION OF PLAN AND ACCOUNTING POLICIES - Continued

5. Investment Valuation - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Benefit Payments - Participants may elect to receive their pension benefits upon retirement, death or termination of employment in the form of a single sum distribution, a joint life and survivor annuity or a combination of both. In addition, upon proof, to the satisfaction of the plan administrator of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Benefits are recorded when paid.
7. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at reasonable rates to be determined by the Loan Administrator. Principal and interest are paid ratably through payroll deductions.
8. Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses paid by the plan sponsor during the year ended December 31, 2022 were \$6,588. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.
9. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

D. C. TAYLOR CO. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(Continued)
Year Ended December 31, 2022

NOTE A - DESCRIPTION OF PLAN AND ACCOUNTING POLICIES - Continued

10. Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
11. Forfeitures - Forfeitures arising from terminated employees who were not 100% vested in the plan sponsor's contributions may first be used to pay administrative expenses and any remaining amount is used to offset the first employer contribution made after the forfeiture is determined. Forfeitures during 2022 were \$2,314.
12. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.
13. Subsequent Events - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, establishes general standards of accounting for and the standard for disclosure of events that occur after the date of the statement of net assets available for benefits but before financial statements are issued or are available to be issued. In particular, this standard sets forth the period after the date of the statement of net assets available for benefits during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements. It also identifies the circumstances under which an entity should recognize events or transactions occurring after the date of the statement of net assets available for benefits in its financial statements and the disclosures that an entity should make about events or transactions that occurred after the date of the statement of net assets available for benefits.

Management has determined that the proper date for evaluation of subsequent events is the date the financial statements were available to be issued, which was November 3, 2023.

D. C. TAYLOR CO. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(Continued)
Year Ended December 31, 2022

NOTE B - INVESTMENTS

The Company has a group annuity contract with Principal under which Plan participants direct their contributions into guaranteed interest contracts or a variety of pooled separate accounts. Principal maintains contributions directed to guaranteed interest contracts in an unallocated fund to which it adds interest at a guaranteed rate which is determined on the first day the contribution is received, then averaged at the end of the year for the final five year guarantee rate. The yield average on guaranteed interest accounts was between 0.10% and 2.10% for the year ended December 31, 2022 and between 0.10% and 2.10% for the year ended December 31, 2021. The crediting interest rate at December 31, 2022 was 0.10% to 3.17% and in 2021 was 0.10% to 2.12%.

The Plan offers various investment options through pooled separate accounts (Note H).

NOTE C - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, the accounts of each affected participant shall become fully vested and non-forfeitable as of the effective date of complete termination of the Plan. A distribution under termination of the Plan will be a retirement benefit and shall be distributed to the participant according to the retirement distribution option.

NOTE D - TAX STATUS

The Plan is a Volume Submitter Profit Sharing Plan. The Plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, qualified for federal income tax-exempt tax status. The Plan has not individually sought a determination letter from the IRS on its qualification status, however, the plan administrator, custodian and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Year Ended December 31, 2022

NOTE E - TERMINATED PARTICIPANTS

The account value of individuals who left the Company during the Plan year's ended December 31, 2022 and 2021 and elected to withdraw from the Plan subsequent to the respective Plan year end was approximately \$34,000 and \$15,000. Under ERISA, employees who have terminated employment with the Company, with balances in the Plan greater than \$5,000, are allowed to maintain their investments in the Plan, but are not allowed to make additional contributions. As of December 31, 2022 and 2021, these balances were approximately \$996,000 and \$1,752,000, respectively.

NOTE F - NOTES RECEIVABLE FROM PARTICIPANTS

Following is a summary of approximate activity from notes receivable from participants for the years ending December 31, 2022 and 2021.

	<u>2022</u>	<u>2021</u>
Balance - beginning of year	\$ 243,000	\$ 307,000
Notes receivable from participants	149,000	144,000
Principal payments	(144,000)	(146,000)
Reductions due to partial withdrawals and terminations	<u>(30,000)</u>	<u>(62,000)</u>
Balance - end of year	<u>\$ 218,000</u>	<u>\$ 243,000</u>
Interest earned	<u>\$ 12,000</u>	<u>\$ 16,000</u>

NOTE G - FAIR MARKET VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Authoritative guidance establishes a framework for measuring fair value that includes a hierarchy used to classify the inputs used in measuring fair value based on their observability. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

D. C. TAYLOR CO. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(Continued)
Year Ended December 31, 2022

NOTE G - FAIR MARKET VALUE MEASUREMENTS - Continued

- Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Company for identical assets or liabilities. These generally provide the most reliable evidence and are used to measure fair value whenever available. Active markets provide current pricing data on a more frequent basis. Examples include certain U.S. Treasury securities and exchange-traded equity securities.
- Level 2 - Fair value is based on quoted prices for similar assets or liabilities in active markets, inactive markets, or model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. This level includes financial instruments that are valued by independent pricing services using models or other valuation methodologies. These models are primarily industry-standard models that consider various inputs which are observable or derived from observable information in the marketplace. Examples include certain public and private corporate securities, certain government and agency securities, and certain mortgage-backed securities.
- Level 3 - Fair value is based on valuations derived from techniques in which one or more significant inputs or significant value drivers are unobservable for assets or liabilities. Non-binding broker quotes on certain fixed maturity securities, which are utilized when pricing service information is not available, are reviewed for reasonableness by the Company, and are generally considered Level 3. Examples include certain public and private corporate securities, certain mortgage-backed securities and other less liquid securities (such as FHLBI stock and limited partnerships), and embedded derivatives resulting from certain products with guaranteed benefits.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. All investment types with the exception of the investment contract are pooled separate accounts with underlying securities which make up the Net Asset Value (NAV). There have been no changes in the methodologies used at December 31, 2022.

Balanced/asset allocation, fixed income, international equity, large U.S. equity, other, short-term fixed income and small/mid U.S. equity: The fair value is a publicly quoted price and is used in determining the NAV of the pooled separate account, which is not publicly quoted.

NOTE G - FAIR MARKET VALUE MEASUREMENTS - Continued

Investment contract: Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent that such market rates exceed crediting rates (Note B).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about D. C. Taylor Co. Savings Plan's ability to continue as a going concern for December 31, 2022 and 2021, and for the years then ended.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk is not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS
(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presently fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of D. C. Taylor Co. Savings Plan are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
