## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Geographic Information Services, Inc. Employee Stock Ownership Plan

### Opinion

We have audited the financial statements of Geographic Information Services, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 (in liquidation) and 2022 (in liquidation), the related statement of changes in net assets available for benefits for the period ended June 30, 2023 (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Geographic Information Services, Inc. Employee Stock Ownership Plan as of June 30, 2023 (in liquidation) and 2022 (in liquidation), and the changes in its net assets available for benefits for the period ended June 30, 2023 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Geographic Information Services, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Emphasis of Matter — Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Directors of Geographic Information Services, Inc. Employee Stock Ownership Plan approved a plan of liquidation on January 29, 2021, and management determined liquidation is imminent. As a result, Geographic Information Services, Inc. Employee Stock Ownership Plan changed its basis of accounting to the liquidation basis of accounting used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is substantial likelihood, that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Geographic Information Services, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audits.

## **1. PLAN DESCRIPTION AND BASIS OF PRESENTATION**

The following brief description of the Geographic Information Services, Inc. Employee Stock Ownership Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

Geographic Information Services, Inc. (Company) established the Plan effective as of July 1, 2010. As of December 29, 2010, the Plan was amended and operated, in relevant part, as an employee stock ownership plan (ESOP) and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company's management. GreatBanc is the Plan's Trustee. FuturePlan is the Plan's recordkeeper.

The Plan purchased Company common stock using normal contributions from the Company and proceeds generated from the Plan. All shares have been allocated to participants in accordance with the terms of the ESOP.

Continental Mapping Company purchased the Company on January 29, 2021, and effectively terminated the Plan on the date of sale. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested services. The Plan's termination also ceased employee and employer contributions to the Plan. The related trust will be wound down and terminated after payment of all trust expenses and distribution of all trust assets.

NV5 purchased the Company on February 22, 2023.

### **Eligibility**

Employees of the Company were generally eligible to participate in the Plan, provided they are at least 21 years of age. Participants who are employed on the first and the last day of a Plan quarter are eligible for an allocation of Company contributions for the respective quarter.

### **Contributions**

The Company could contribute an annual profit-sharing contribution in cash or Company stock to the Plan in an amount equal to a percentage of eligible employees' compensation, as declared for the Plan year by the Company's Board of Directors. Employee contributions were not permitted.

### **Payment of Benefits**

Prior to liquidation, distributions on account of death, disability, retirement, resignation or dismissal are made or commenced annually and made in equal periodic payments over five years, subject to receipt of the current independent stock appraisal. Distributions for account balances in excess of \$1,035,000 will be paid out over additional years for each \$205,000, or fraction thereof, by which such account exceeds \$1,035,000. If the participant's vested account does not exceed \$1,000, then a single lump-sum payment will be made, regardless of whether the participant elects to receive it. If the participant's vested account exceeds \$1,000 but is less than \$7,500, the participant may elect to receive his or her vested balance in a lump-sum distribution. Distributions are made in cash.

**GEOGRAPHIC INFORMATION SERVICES, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023 AND DECEMBER 31, 2022**

---

Under the provisions of the Plan, the Company could repurchase participant shares, which have been distributed under the terms of the Plan. The proceeds used for the purchase of the Company stock shall be held in the participant's account in diversified investment funds and adjusted for allocable appreciation, depreciation, income, gains, losses and expenses or other charges as of each valuation date until the participant requests distribution.

**Administrative Expenses**

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid substantially all operating expenses for the Plan.

**Voting Rights**

Each participant is entitled to exercise limited voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee shall vote in its discretion any allocated share for which instructions have not been given by a participant and any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

**Participant Accounts**

The Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited as of the last day of each Plan quarter with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan quarter will receive an allocation. Allocations were based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

**Put Option**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. As noted in the Payment of Benefits section above, the Company buys shares at their current value from terminated participants prior to distribution. Therefore, the put option provision is not currently being used.

**Diversification**

Diversification was offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify can

---

invest the diversified portion in at least three investment options other than Company stock or receive the directed amount as a cash distribution.

**Forfeitures**

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan quarter. Due to its termination, the Plan did not recognize any forfeitures allocated to participants during the period ended June 30, 2023, as all participants were 100% vested as of January 29, 2021. There were no forfeited non-vested accounts to be allocated to participant accounts in future years as of June 30, 2023 and December 31, 2022.

**Plan Termination**

Due to the termination in 2021, the Company and the Trustee of the Plan are winding down operations of the Plan and have fully liquidated the Plan as of June 30, 2023. During the year ended December 31, 2021, the Trustee began the liquidation process by distributing 60% of the participant balances to respective participants. During the period ended June 30, 2023, the Trustee distributed the remaining 40% of the participant balances to the respective participants. See Note 2 for more information.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

Due to the termination in 2021, management determined that liquidation of the Plan is imminent and the financial statements for 2023 and 2022 have been prepared using the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured at the expected cash proceeds from liquidation and liabilities are measured in accordance with accounting principles generally accepted in the United States that otherwise apply to those liabilities.

**Use of Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan investments are reported at liquidation value, which approximates fair value. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

**Payment of Benefits**

Benefits are recorded when paid.

**Subsequent Events**

The Plan has evaluated subsequent events through August 2, 2023, the date the financial statements were available to be issued.

**3. INVESTMENTS**

The Plan's investments, at December 31, 2022, consist of cash and cash equivalents.

**4. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS**

As described in Note 1, the Plan has a number of service providers. Such providers are parties in interest under ERISA.

FuturePlan provides recordkeeping services for the Plan and qualifies as a party in interest. As described in Note 1, the Plan may make direct payments to the recordkeeper, which are not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

**5. TAX STATUS**

The Plan has received a determination letter from the Internal Revenue Services (IRS) dated November 29, 2022, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
