Report of Independent Auditors

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the United Infrastructure Group 401(k) and Profit Sharing Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Opinion (continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

United Infrastructure Group 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the United Infrastructure Group 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers employees of United Infrastructure Group, Inc. and its affiliate United Demolition, LLC, collectively ("UIG") or ("the Company").

The Plan is a defined contribution plan sponsored by UIG, which provides retirement benefits to eligible full-time employees of the Company who are age eighteen or older and have completed 1,000 hours of service in a six-month period. If the service requirement is not met in the first six months, employees will then become eligible at one year of service, provided they are an eligible employee at the end of that period. Effective October 1, 2021, employees may begin participating in the Plan on the first day of the month coinciding with or following the date eligibility service requirements are met. Prior to October 1, 2021, employees could begin participating in the Plan the earliest of the first day each plan quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendments

During 2020, the Plan adopted the following provisions of the Coronavirus, Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020.

- **Coronavirus-Related Distributions ("CRDs"):** The CARES Act allowed for participants affected by COVID-19 to withdraw an aggregate limit of \$100,000 from the Plan beginning on or after January 1, 2020 and before December 30, 2020. CRDs were not subject to the 10% early withdrawal penalty tax. Participants could (1) report the full distribution as income in 2020, (2) recognize the income ratably over a three-year period, or (3) repay all or part of the distribution back to the Plan tax-free within three years of the date of the CRD withdrawal. The Plan had 25 CRDs during 2020.
- **Plan Loan Relief:** The CARES Act provided for a temporary loan repayment deferral. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until 2021.
- **Temporary Waiver of Required Minimum Distributions ("RMDs"):** The Plan implemented the temporary waiver of RMDs allowed for under the CARES Act.

Management expects to retroactively adopt the required plan amendment for the above provisions by December 31, 2025, which is within the Internal Revenue Service ("IRS") required timeframe.

United Infrastructure Group 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Plan Amendments (continued)

Effective October 1, 2021, the Plan document was restated to bring the Plan into compliance with other legislative and regulatory changes.

Contributions

Participants may contribute any percentage greater than or equal to 1% of their pre-tax annual compensation to the 401(k) portion of their account in the Plan and any percentage greater than or equal to 1% of their after-tax annual compensation to the ROTH 401(k) portion of their account in the Plan, as defined by the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants who have attained age 50 by the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans.

The Plan has an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at four percent of eligible pretax compensation. The amount of such automatic enrollment will increase annually by one percent up to a maximum of eight percent, unless the participant makes an alternative election.

The Company made Safe Harbor matching contributions equal to one hundred percent of employee deferrals up to a maximum of four percent of compensation for each participant that contributed to the Plan in 2022 and 2021. The Company may also make discretionary contributions to the profit sharing portion of the Plan. The Company made no profit sharing contributions for 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, plan earnings (or losses), and charged with an allocation of any administrative expenses paid by the Plan. Each participant's profit sharing portion of their account is credited with an allocation of the Company's contribution, if any, plan earnings (or losses), and forfeitures of terminated participants' non-vested accounts, if any. Company profit sharing contributions and plan forfeitures are allocated based on the ratio of each participant's compensation, as defined in the Plan document, to the total compensation of all plan participants for the Plan year.

Participants may elect to allocate current contributions among a variety of investment fund options. The allocations remain in effect until a new election is made. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

United Infrastructure Group 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their elective deferrals and employer safe harbor matching contributions plus actual earnings thereon. Non-safe harbor employer contributions vest using a 3-year cliff-vesting schedule. Vesting is computed using the Plan's year end date of December 31. A participant becomes fully vested in their employer contributions in the event of retirement at age 65, death, disability, or plan termination.

Notes Receivable from Participants

Under the terms of the Plan document, participants may borrow from their accounts, subject to certain restrictions. Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, except for loans made for the purchase of a primary residence. Loans are secured by the balance in the participant's account. Accordingly, no allowance for doubtful collections is deemed necessary. Interest rates are established on the date of the loan based on rates charged for similar types of loans by other lenders. Loans to participants have interest rates ranging from 4.25% to 9.50% as of December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in a lump-sum amount or in installments at the participant's direction. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution upon meeting certain requirements. The Plan makes mandatory distributions to participants who have been terminated if their account balances are under \$5,000.

Forfeitures and Expense Accounts

The Plan's provisions allow available forfeitures to be used for administrative expenses of the Plan or reallocated to participant accounts. Forfeitures not used to pay plan expenses may be used to reduce future employer matching and profit sharing contributions. During the years ended December 31, 2022 and 2021, there were no forfeitures available to be allocated.

United Infrastructure Group 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Forfeitures and Expense Accounts (continued)

During 2022 and 2021, the Plan received credits from Transamerica Retirement Solutions (“TRS”), totaling approximately \$6,000 and \$28,000, respectively, to be used to pay certain administrative expenses. TRS receives amounts from the investment provider in association with the investment choices within the Plan, and credits the Plan’s expense budget account (“EBA”), as described in the Agreement for Services. During the years ended December 31, 2022 and 2021, the Plan used available funds from the EBA to pay certain administrative fees totaling approximately \$10,000 and \$30,000, respectively. At December 31, 2022 and 2021, unallocated EBA funds available in this account totaled approximately \$0 and \$4,000, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Administrative Expenses

Certain administrative expenses are charged to individual participants’ accounts. The Plan pays custodial, recordkeeping, investment advisory and certain professional fees. Any administrative expenses not paid by the Plan are paid by the Company.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”).

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

United Infrastructure Group 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit responsive stable value account investment, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

As of December 31, 2022, the Plan's investments include the Lincoln Stable Value Separate Account ("LSV"), an investment option under a group fixed annuity contract issued by The Lincoln National Life Insurance Company ("LNLIC"). LNLIC maintains the contributions in a general account. Participant accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. LNLIC is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. While LNLIC declares rates and backs the principal and interest of LSV, any guarantees are subject to the claims paying ability of the insurance company. Participant transactions (purchases and sales) may occur daily.

Because the LSV meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the stable value option. Contract value, as reported to the Plan by LNLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2022 and 2021, the contract value of the LSV was \$1,771,801 and \$0, respectively.

Through March 22, 2022, the Plan's investments included the Transamerica Stable Value Core Account ("TSV"), a sub-account investment option under a group variable annuity contract issued by Transamerica Financial Life Insurance Company ("TFLIC"). TSV is an investment choice held by the general account of TFLIC, and is considered a deposit liability. TSV has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, with no set maturity. While TFLIC declares rates and backs the principal and interest of TSV, any guarantees are subject to the claims paying ability of the insurance company. Participant transactions (purchases and sales) may occur daily.

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Because the TSV meets the criteria to be considered fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the stable value account. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2022 and 2021, the contract value of the TSV was \$0 and \$1,643,731 respectively.

Certain events limit the Plan's ability to transact at contract value with TFLIC and LNLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that these changes could materially affect the amounts reported in the 2022 statement of net assets available for plan benefits.

Payment of Benefits

Benefit payments are recorded as paid.

3. Certification of Investment Information

Information disclosed in the accompanying financial statements as of December 31, 2022 and for the period from March 23, 2022 through December 31, 2022 related to investments, net depreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company (“Matrix”), the custodian. Information disclosed in the accompanying financial statements as of December 31, 2021 and for the period from January 1, 2022 through March 22, 2022 related to investments, notes receivable from participants, net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the custodian through March 22, 2022.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All of the Plan mutual funds were valued using Level 1 inputs, based on quoted net asset values of the shares held by the Plan. Cash is stated at cost, which approximates fair value. No Level 2 or Level 3 inputs were used by the Plan.

As of December 31, 2022, Plan investments include the Legal & General S&P 500 Collective Investment Trust, which is a collective trust whereby the underlying investments primarily consist of publicly traded US equity securities. The collective trust is valued at the net asset value (“NAV”) of units of the collective trust. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less the collective trust’s liabilities. This practical expedient is not used when it is determined to be probable that the collective trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the account provider reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Although plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

5. Parties-in-Interest Transactions

On March 22, 2022, the Plan changed service providers and transferred assets from TRS to Matrix. Investment options offered by the Plan were replaced with similar investment options.

TRS provided investment management and recordkeeping services to the Plan through March 22, 2022. All transactions with TRS qualified as party-in-interest transactions. Fees paid by the Plan to TRS for investment management and recordkeeping services were included as a reduction of the return earned on each fund or paid by the Plan's EBA.

The Plan contracted with 3G Retirement Services, LLC for third party administrative services through March 22, 2022, which qualify as party-in-interest transactions. Fees paid by the Plan for these services totaled \$0 and approximately \$6,000 during the years ended December 31, 2022 and 2021, respectively.

Beginning March 23, 2022, PenServ Plan Services ("PenServ") provided recordkeeping services to the Plan. All transactions with PenServ qualify as party-in-interest transactions. During 2022, fees paid to PenServ for recordkeeping services totaled approximately \$11,000, of which approximately \$9,000 is included in administrative fees payable in the 2022 statement of net assets available for plan benefits.

Beginning March 23, 2022, Matrix provided custodial services to the Plan. All transactions with Matrix qualify as party-in-interest transactions. During 2022, fees paid to Matrix for custodial services totaled approximately \$2,000, which are included in administrative fees payable in the 2022 statement of net assets available for plan benefits.

Wells Fargo Clearing Services, LLC ("WF") provides investment advisory and certain fiduciary services to the Plan. All transactions with WF qualify as party-in-interest transactions. Fees paid by the Plan for these services totaled approximately \$33,000 and \$20,000 for the years ended December 31, 2022 and 2021, respectively. As of December 31, 2022, approximately \$6,000 is included in administrative fees payable in the 2022 statement of net assets available for plan benefits.

The Plan paid professional fees for audit services, which qualify as party-in-interest transactions, totaling \$0 and approximately \$6,000 during the years ended December 31, 2022 and 2021, respectively.

These party-in-interest transactions, including notes receivable from participants, are exempt from the prohibited transaction rules of ERISA.

6. Income Tax Status

The Plan is a non-standardized pre-approved profit sharing plan, designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Internal Revenue Service (“IRS”) issued an opinion letter dated June 30, 2020, that the pre-approved plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended and restated since the date of the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan had operational errors during the years ending 2021 and 2020. Corrective distributions payable related to the year ending December 31, 2020 are recorded as a plan liability in the accompanying statements of net assets available for plan benefits. Management believes the necessary corrective actions have been taken in 2023 to preserve the Plan’s qualified status.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Management has evaluated events and transactions after December 31, 2022 through November 15, 2023, the date on which the financial statements were available to be issued, for subsequent events and determined there were no subsequent events to report.

Report of Independent Auditors

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the United Infrastructure Group 401(k) and Profit Sharing Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Opinion (continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Administrative Committee
United Infrastructure Group 401(k) and Profit Sharing Plan

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

United Infrastructure Group 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the United Infrastructure Group 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers employees of United Infrastructure Group, Inc. and its affiliate United Demolition, LLC, collectively ("UIG") or ("the Company").

The Plan is a defined contribution plan sponsored by UIG, which provides retirement benefits to eligible full-time employees of the Company who are age eighteen or older and have completed 1,000 hours of service in a six-month period. If the service requirement is not met in the first six months, employees will then become eligible at one year of service, provided they are an eligible employee at the end of that period. Effective October 1, 2021, employees may begin participating in the Plan on the first day of the month coinciding with or following the date eligibility service requirements are met. Prior to October 1, 2021, employees could begin participating in the Plan the earliest of the first day each plan quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendments

During 2020, the Plan adopted the following provisions of the Coronavirus, Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020.

- **Coronavirus-Related Distributions ("CRDs"):** The CARES Act allowed for participants affected by COVID-19 to withdraw an aggregate limit of \$100,000 from the Plan beginning on or after January 1, 2020 and before December 30, 2020. CRDs were not subject to the 10% early withdrawal penalty tax. Participants could (1) report the full distribution as income in 2020, (2) recognize the income ratably over a three-year period, or (3) repay all or part of the distribution back to the Plan tax-free within three years of the date of the CRD withdrawal. The Plan had 25 CRDs during 2020.
- **Plan Loan Relief:** The CARES Act provided for a temporary loan repayment deferral. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until 2021.
- **Temporary Waiver of Required Minimum Distributions ("RMDs"):** The Plan implemented the temporary waiver of RMDs allowed for under the CARES Act.

Management expects to retroactively adopt the required plan amendment for the above provisions by December 31, 2025, which is within the Internal Revenue Service ("IRS") required timeframe.

1. Description of Plan (continued)

Plan Amendments (continued)

Effective October 1, 2021, the Plan document was restated to bring the Plan into compliance with other legislative and regulatory changes.

Contributions

Participants may contribute any percentage greater than or equal to 1% of their pre-tax annual compensation to the 401(k) portion of their account in the Plan and any percentage greater than or equal to 1% of their after-tax annual compensation to the ROTH 401(k) portion of their account in the Plan, as defined by the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants who have attained age 50 by the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans.

The Plan has an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at four percent of eligible pretax compensation. The amount of such automatic enrollment will increase annually by one percent up to a maximum of eight percent, unless the participant makes an alternative election.

The Company made Safe Harbor matching contributions equal to one hundred percent of employee deferrals up to a maximum of four percent of compensation for each participant that contributed to the Plan in 2022 and 2021. The Company may also make discretionary contributions to the profit sharing portion of the Plan. The Company made no profit sharing contributions for 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, plan earnings (or losses), and charged with an allocation of any administrative expenses paid by the Plan. Each participant's profit sharing portion of their account is credited with an allocation of the Company's contribution, if any, plan earnings (or losses), and forfeitures of terminated participants' non-vested accounts, if any. Company profit sharing contributions and plan forfeitures are allocated based on the ratio of each participant's compensation, as defined in the Plan document, to the total compensation of all plan participants for the Plan year.

Participants may elect to allocate current contributions among a variety of investment fund options. The allocations remain in effect until a new election is made. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their elective deferrals and employer safe harbor matching contributions plus actual earnings thereon. Non-safe harbor employer contributions vest using a 3-year cliff-vesting schedule. Vesting is computed using the Plan's year end date of December 31. A participant becomes fully vested in their employer contributions in the event of retirement at age 65, death, disability, or plan termination.

Notes Receivable from Participants

Under the terms of the Plan document, participants may borrow from their accounts, subject to certain restrictions. Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years, except for loans made for the purchase of a primary residence. Loans are secured by the balance in the participant's account. Accordingly, no allowance for doubtful collections is deemed necessary. Interest rates are established on the date of the loan based on rates charged for similar types of loans by other lenders. Loans to participants have interest rates ranging from 4.25% to 9.50% as of December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in a lump-sum amount or in installments at the participant's direction. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution upon meeting certain requirements. The Plan makes mandatory distributions to participants who have been terminated if their account balances are under \$5,000.

Forfeitures and Expense Accounts

The Plan's provisions allow available forfeitures to be used for administrative expenses of the Plan or reallocated to participant accounts. Forfeitures not used to pay plan expenses may be used to reduce future employer matching and profit sharing contributions. During the years ended December 31, 2022 and 2021, there were no forfeitures available to be allocated.

1. Description of Plan (continued)

Forfeitures and Expense Accounts (continued)

During 2022 and 2021, the Plan received credits from Transamerica Retirement Solutions (“TRS”), totaling approximately \$6,000 and \$28,000, respectively, to be used to pay certain administrative expenses. TRS receives amounts from the investment provider in association with the investment choices within the Plan, and credits the Plan’s expense budget account (“EBA”), as described in the Agreement for Services. During the years ended December 31, 2022 and 2021, the Plan used available funds from the EBA to pay certain administrative fees totaling approximately \$10,000 and \$30,000, respectively. At December 31, 2022 and 2021, unallocated EBA funds available in this account totaled approximately \$0 and \$4,000, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Administrative Expenses

Certain administrative expenses are charged to individual participants’ accounts. The Plan pays custodial, recordkeeping, investment advisory and certain professional fees. Any administrative expenses not paid by the Plan are paid by the Company.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”).

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit responsive stable value account investment, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

As of December 31, 2022, the Plan's investments include the Lincoln Stable Value Separate Account ("LSV"), an investment option under a group fixed annuity contract issued by The Lincoln National Life Insurance Company ("LNLIC"). LNLIC maintains the contributions in a general account. Participant accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. LNLIC is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. While LNLIC declares rates and backs the principal and interest of LSV, any guarantees are subject to the claims paying ability of the insurance company. Participant transactions (purchases and sales) may occur daily.

Because the LSV meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the stable value option. Contract value, as reported to the Plan by LNLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2022 and 2021, the contract value of the LSV was \$1,771,801 and \$0, respectively.

Through March 22, 2022, the Plan's investments included the Transamerica Stable Value Core Account, ("TSV"), a sub-account investment option under a group variable annuity contract issued by Transamerica Financial Life Insurance Company ("TFLIC"). TSV is an investment choice held by the general account of TFLIC, and is considered a deposit liability. TSV has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, with no set maturity. While TFLIC declares rates and backs the principal and interest of TSV, any guarantees are subject to the claims paying ability of the insurance company. Participant transactions (purchases and sales) may occur daily.

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Because the TSV meets the criteria to be considered fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the stable value account. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2022 and 2021, the contract value of the TSV was \$0 and \$1,643,731 respectively.

Certain events limit the Plan's ability to transact at contract value with TFLIC and LNLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that these changes could materially affect the amounts reported in the 2022 statement of net assets available for plan benefits.

Payment of Benefits

Benefit payments are recorded as paid.

3. Certification of Investment Information

Information disclosed in the accompanying financial statements as of December 31, 2022 and for the period from March 23, 2022 through December 31, 2022 related to investments, net depreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company (“Matrix”), the custodian. Information disclosed in the accompanying financial statements as of December 31, 2021 and for the period from January 1, 2022 through March 22, 2022 related to investments, notes receivable from participants, net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the custodian through March 22, 2022.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All of the Plan mutual funds were valued using Level 1 inputs, based on quoted net asset values of the shares held by the Plan. Cash is stated at cost, which approximates fair value. No Level 2 or Level 3 inputs were used by the Plan.

As of December 31, 2022, Plan investments include the Legal & General S&P 500 Collective Investment Trust, which is a collective trust whereby the underlying investments primarily consist of publicly traded US equity securities. The collective trust is valued at the net asset value (“NAV”) of units of the collective trust. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less the collective trust’s liabilities. This practical expedient is not used when it is determined to be probable that the collective trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the account provider reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Although plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

5. Parties-in-Interest Transactions

On March 22, 2022, the Plan changed service providers and transferred assets from TRS to Matrix. Investment options offered by the Plan were replaced with similar investment options.

TRS provided investment management and recordkeeping services to the Plan through March 22, 2022. All transactions with TRS qualified as party-in-interest transactions. Fees paid by the Plan to TRS for investment management and recordkeeping services were included as a reduction of the return earned on each fund or paid by the Plan's EBA.

The Plan contracted with 3G Retirement Services, LLC for third party administrative services through March 22, 2022, which qualify as party-in-interest transactions. Fees paid by the Plan for these services totaled \$0 and approximately \$6,000 during the years ended December 31, 2022 and 2021, respectively.

Beginning March 23, 2022, PenServ Plan Services ("PenServ") provided recordkeeping services to the Plan. All transactions with PenServ qualify as party-in-interest transactions. During 2022, fees paid to PenServ for recordkeeping services totaled approximately \$11,000, of which approximately \$9,000 is included in administrative fees payable in the 2022 statement of net assets available for plan benefits.

Beginning March 23, 2022, Matrix provided custodial services to the Plan. All transactions with Matrix qualify as party-in-interest transactions. During 2022, fees paid to Matrix for custodial services totaled approximately \$2,000, which are included in administrative fees payable in the 2022 statement of net assets available for plan benefits.

Wells Fargo Clearing Services, LLC ("WF") provides investment advisory and certain fiduciary services to the Plan. All transactions with WF qualify as party-in-interest transactions. Fees paid by the Plan for these services totaled approximately \$33,000 and \$20,000 for the years ended December 31, 2022 and 2021, respectively. As of December 31, 2022, approximately \$6,000 is included in administrative fees payable in the 2022 statement of net assets available for plan benefits.

The Plan paid professional fees for audit services, which qualify as party-in-interest transactions, totaling \$0 and approximately \$6,000 during the years ended December 31, 2022 and 2021, respectively.

These party-in-interest transactions, including notes receivable from participants, are exempt from the prohibited transaction rules of ERISA.

6. Income Tax Status

The Plan is a non-standardized pre-approved profit sharing plan, designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Internal Revenue Service (“IRS”) issued an opinion letter dated June 30, 2020, that the pre-approved plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended and restated since the date of the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan had operational errors during the years ending 2021 and 2020. Corrective distributions payable related to the year ending December 31, 2020 are recorded as a plan liability in the accompanying statements of net assets available for plan benefits. Management believes the necessary corrective actions have been taken in 2023 to preserve the Plan’s qualified status.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Management has evaluated events and transactions after December 31, 2022 through November 15, 2023, the date on which the financial statements were available to be issued, for subsequent events and determined there were no subsequent events to report.
