INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Wire Mesh Texas 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Wire Mesh Texas 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a and Schedule H, line 4i as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

General

The following description of the Wire Mesh Texas 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

The Plan was established on March 31, 2018 following the acquisition of Gerdau Ameristeel US Inc. Upon acquisition, the assets of the Gerdau Ameristeel US Savings Plan (the "Gerdau Plan") were transferred into the Plan. The Plan is a defined contribution plan covering generally all employees of Wire Mesh Texas, LLC (the "Company" or "Employer") and participating employers including WMC Industrial, LLC, WMC Sales, LLC, and Optimus Steel, LLC (collectively, the "Participating Employers"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

During 2021 and 2020, certain assets of an affiliated defined contribution plan were transferred in and out of the Plan due to changes in employee status and applicable eligibility.

Plan trustee and recordkeeper

Reliance Trust Company (the "Trustee") serves as the Plan's trustee, Massachusetts Mutual Life Insurance Company ("Mass Mutual" or the "Custodian") serves as the Plan's custodian and recordkeeper, and My Benefits, LLC (the "TPA") serves as the Plan's third-party administrator. During December 2020, Empower Retirement acquired the retirement plan business of Mass Mutual.

Eligibility

All employees, except for leased, non-resident alien, and union employees, interns, and employees eligible under other retirement plans offered by the employer or an affiliate, are eligible to participate in the Plan upon completing a 45 day service requirement. Entry to participate in the Plan is immediately upon meeting the eligibility requirements.

Participant contributions

The Plan provides for voluntary employee contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 100% of a participant's compensation. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC. Participants may also rollover amounts representing distributions from other qualified plans.

Employer contributions

The Company has elected for the Plan to include an employer matching contribution in an amount equal to 100% of participant's elective deferrals up to a maximum of 6% of the participant's eligible compensation each pay period. The Company also may make a qualified non-elective contribution to the Plan. No such qualified non-elective contribution was made in 2021 or 2020.

Note 1 - Description of Plan (Continued)

Employer contributions (continued)

During 2019, overstated administrative expenses were erroneously deducted from participant accounts. The necessary corrections were made on February 26, 2021 and are recorded as other employer contributions receivable as of December 31, 2020 in the statements of net assets available for benefits.

Vesting

Participants are immediately vested at 100% in their voluntary employee contributions, rollover contributions, employer matching contributions, and qualified non-elective contributions plus actual earnings.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching and qualified non-elective contributions, and Plan earnings/losses, and at times, charged with an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage allocation of future contributions.

Notes receivable from participants

Participants may borrow a minimum of $1,000 from their fund accounts up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the highest outstanding note receivable balance in the participant's account during the prior 12 month period. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. The maximum number of loans that a participant may have outstanding at any one time is one. All notes receivable shall bear a reasonable rate of interest defined as the Prime rate plus 1%.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Note 1 - Description of Plan (Continued)

Benefit payments

Participants are eligible for distributions of their vested account balances upon the event of death, retirement, termination of employment, reaching the age 59 ½, or by incurring disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed $100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Required minimum distributions during 2020 were also waived at the option of participants.

If the value of the participant's account balance is less than $1,000 at the time of termination, the distribution will be made in cash in a single lump sum. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among participants of the Plan in accordance with the provisions of the Plan.

Forfeitures

Upon termination of service, a participant's vested account balance will be distributed to the participant or directly rolled into other qualified plans depending on the status of the original contribution and participant direction. The unvested amount is forfeited and maintained in the forfeiture cash account and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. Forfeitures allocated to reduce employer contributions were $41,879 and $33,754 during 2021 and 2020, respectively. As of December 31, 2021 and 2020, there were $2,690 and $1,291, respectively, of forfeitures available for use.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from these estimates.

Investment valuation and income recognition

The Plan's investments in mutual funds and common/collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

The general investment account is fully benefit responsive and is valued at contract value. See Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at the end of the year.

Notes receivable from participants

Notes receivable from participants are measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit payments

Benefit payments are recorded when paid.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with their fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs.

The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 2 that are observable, wither directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities, or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market fund – this investment is valued at cost, which approximates fair value.
- Mutual funds – these investments are valued daily based on the quoted market value of the fund assets.
- Common/collective trusts – these investments are valued at net asset value ("NAV") of the fund. The NAV is calculated by the fund based on "net assets," which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the common/collective trusts. The investments can be redeemed daily, have a 5 business day redemption notice period for balances over $1 million or 10% of the assets in each fund, and have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (Continued)

The following table summarized the Plan's investments at fair value as of December 31, 2022:

	Level 1	Total
Money market fund	$ 3,202	$ 3,202
Mutual funds	3,009,830	3,009,830
Investments measured at NAV		6,057,850
Total investments at fair value	$ 3,013,032	$ 9,070,882

The following table summarized the Plan's investments at fair value as of December 31, 2021:

	Level 1	Total
Mutual funds	$ 2,169,675	$ 2,169,675
Investments measured at NAV		5,299,061
Total assets in the fair value hierarchy	$ 2,169,675	$ 7,468,736

Fair value of investments that calculate net asset value

The following table summarizes investments measured at fair value based on NAV's per share as of December 31, 2022 and 2021:

Year Ended	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2021	$ 6,057,850	N/A	Daily	Daily/5 business days
December 31, 2020	$ 5,299,061	N/A	Daily	Daily/5 business days

Note 4 - General Investment Account

Effective March 31, 2018, the Plan entered into a fully benefit-responsive investment contract with Mass Mutual, the issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

The interest crediting rate is calculated by dividing the annual interest credited to the participants during the Plan year by the average annual fair value. The interest crediting rate is determined annually and was 1.30% and 2.23% at December 31, 2021 and 2020, respectively.

Note 4 - General Investment Account (Continued)

Certain events may limit the ability of the Plan to transact at contract value with Mass Mutual. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification.

Note 5 - Tax Status

The volume submitter plan adopted by the Company received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and is being operated within the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax exempt as of December 31, 2021 and 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Information Certified by the Trustee

For the Plan years 2021 and 2020, the financial information included in the Plan's financial statements and supplemental schedules, except for contributions receivable, contributions, benefits paid to participants, administrative expenses, and transfer of Plan assets to/from another qualified plan, has been derived from information certified as complete and accurate by the Trustee of the Plan in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 10,017,255	$ 8,477,930
Participant contributions receivable	(22,438)	(26,799)
Employer contributions receivable	(15,434)	(18,893)
Other	1	644
Net assets available for benefits per Form 5500	$ 9,979,384	$ 8,432,882

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31:

	2021	2020
Net increase in net assets available for benefits per the financial statements	$ 1,539,325	$ 1,616,318
Change in participant contributions receivable	4,361	(8,003)
Change in employer match contributions receivable	3,459	(7,022)
Other	(646)	641
Net income per Form 5550	$ 1,546,499	$ 1,601,934

Note 8 - Party-In-Interest Transactions

Certain Plan investments are funds managed by the Custodian and therefore these transactions qualify as party-in-interest transactions. In addition, the Plan provides for notes receivable from participants, which are party in interest transactions that are exempt from the prohibited transaction rules.

Note 9 - Uncertainty

Certain computational and operational errors were identified relating to participant deferrals, employer contribution calculations, and delays in remitting contributions to the Plan. The Company is outlining the foregoing operational issues and proposing resolution and corrective action. Corrective contributions to participant accounts, including lost earnings, are being identified and quantified by the Company. Corrective amounts will be remitted by the Company and credited to participants' accounts as soon as administratively possible, and all corrective actions required by the IRS will be taken by the Company. No provision for income taxes has been included in the Plan's financial statements related to the forgoing matters because the Company believes that the Plan continues to be qualified, and the tax status of the Plan continues to be tax exempt.

Note 10 - Subsequent Events

The Plan was amended and restated effective January 1, 2022.

During 2022, certain assets in the amount of $77,968 of an affiliated defined contribution plan were transferred into the Plan due to changes in employee status and applicable eligibility.

Management has evaluated subsequent events through November 30, 2023, which was the date that the financial statements were available to be issued, and has determined that there are no other subsequent events to be disclosed.
