INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Silencer Central 401(k) Plan
Sioux Falls, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Silencer Central 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Silencer Central 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Silencer Central 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Silencer Central 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Silencer Central 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Silencer Central 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2021 financial statement.

SILENCER CENTRAL 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021 (UNAUDITED)

NOTE 1 PLAN DESCRIPTION

The following description of the Silencer Central 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan covering eligible employees of BMaddox Enterprises, LLC (the "Company"). The Plan was restated effective May 1, 2022, due to a change in service providers and to address changes in eligibility requirements, contributions, and distributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by management personnel appointed by the Company. Third Party Administrators serve as the providers of the Plan, maintain the records of participant data and hold the Plan assets.

Eligibility

Prior to May 1, 2022, employees were eligible to participate in the Plan if they had completed 1 year of service (1,000 hours) and attained 21 years of age. Employees were able to enter the Plan on the first day of the quarter coincident with the date on which the employee satisfied the eligibility requirements. Effective May 1, 2022, the Plan was amended and employees are eligible to participate in the Plan if they have attained 21 years of age (no service requirement). Employees may enter the Plan on the first day of the month coincident with the date on which the employee satisfied the eligibility requirements.

Prior to May 1, 2022, to be eligible for the discretionary profit sharing contribution, an employee must have completed 1 year of service (1,000 hours) and attained 21 years of age. Once eligible, an employee must be employed on the last day of the Plan year. Effective May 1, 2022, the Plan was amended and discretionary profit sharing contributions are no longer permitted.

Contributions

Prior to May 1, 2022, each year participants may contribute up to 92 percent of their eligible compensation, as defined in the Plan. Effective May 1, 2022, the Plan was amended to allow participants to contribute up to 100 percent of their eligible compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax and after tax (Roth 401(k)) deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Effective May 1, 2022, the Plan adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also adopted an auto-escalation provision whereby automatically enrolled participants will be automatically increased by 1 percent annually to a maximum of 6 percent.

SILENCER CENTRAL 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021 (UNAUDITED)

The Plan Sponsor contributes a safe harbor matching contribution equal to 100 percent of each participant's elective deferrals not exceeding 3 percent of the participant's compensation, and an additional 50 percent of each participant's elective deferrals in excess of 3 percent but not in excess of 5 percent of the participant's compensation. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution and an allocation of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained.

Vesting

Participants are immediately vested in their deferral contributions, rollover contributions, and corresponding safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions received from the Plan Sponsor are based on years of service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

Upon retirement, termination of employment, disability or death, a participant or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of substantially equal periodic installments. Additionally, participants may take an in-service distribution of employee deferrals upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72. Effective May 1, 2022, the Plan was amended to allow hardship withdrawals, subject to account balance limits and applicable laws.

Notes Receivable from Participants

Participant loans are not permitted in the Plan.

Forfeitures

Forfeitures are used to pay plan expenses, reduce employer contributions, or be re-allocated to participants. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0. For the year ended December 31, 2022, no forfeitures were used for any of the qualified purposes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

SILENCER CENTRAL 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021 (UNAUDITED)

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the providers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participant accounts are assessed a separate fee for the administration of benefit payments.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SILENCER CENTRAL 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021 (UNAUDITED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, as provided by the providers, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: Valued at net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Guaranteed Interest Contract

The Plan investments include the Principal Fixed Income Guaranteed Option, which is a guaranteed general-account backed group annuity contract that has been issued by Principal Life Insurance Company as provider. The contract is a fixed, deferred group annuity. It provides guaranteed protection of principal with a set rate of return. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets and expected values for the composite crediting rate period, as stated in the contract. Interest crediting rate is reset semi-annually. The rate credited to accounts is a composite weighted average of underlying guarantees provided in the contract. The interest crediting rate at December 31, 2022 was 1.30 percent.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501 (a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 INCOME TAX STATUS

The Plan adopted a pre-approved plan sponsored by the provider. The Internal Revenue Service informed the provider by an advisory letter dated June 30, 2020, that the pre-approved plan is acceptable under section 401 of the Internal Revenue Code. The Company and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

SILENCER CENTRAL 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021 (UNAUDITED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES IN INTEREST

Principal Life Insurance Company and Paychex, Inc. are recordkeepers of the Plan as defined by the plan document for the year ended December 31, 2022. As such, transactions with these providers qualify as party-in-interest transactions. Total fees paid to these providers for asset management and recordkeeping services amounted to \$6,298 for the year ended December 31, 2022.

NOTE 8 AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

Effective October 1, 2023, the Plan changed providers and all assets were transferred to Voya Retirement Insurance and Annuity Company. No other significant events occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 16, 2023, which is the date these financial statements were available to be issued.
