Branding Iron Holdings Retirement Savings Plan
Sauget, Illinois

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Branding Iron Holdings Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Branding Iron Holdings Retirement Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Branding Iron Holdings Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Branding Iron Holdings Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Branding Iron Holdings Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Branding Iron Holdings Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. Description Of The Plan

The following brief description of the Branding Iron Holdings Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by Branding Iron Holdings (the Company), is a defined contribution profit sharing plan that includes a 401(k) provision. The Plan covers both union and non-union employees. Union employees who have completed three months of service and are 18 years of age or older are eligible for participation. All other employees who have completed one year of service and are 18 years of age or older are eligible for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer a minimum of 1% of their eligible compensation either as a pre-tax or Roth contribution, not to exceed the annual dollar limit under Internal Revenue Service (the IRS) guidelines. Participants who attain age 50 during the Plan year may elect to make catch-up contributions, subject to certain limitations. Participants may also make rollover contributions representing distributions from other qualified plans.

Eligible employees who do not affirmatively elect otherwise are automatically enrolled in the salary deferral portion of the Plan. These participants begin making pre-tax salary deferral contributions to the Plan at 4% of eligible earnings. This deferral rate will increase in 1% increments annually starting with the following January 1 after the participant is automatically enrolled, and will continue until the participant reaches a deferral rate of 10%.

Each year, the Company may elect to make a matching contribution. For the Plan years ended December 31, 2022 and 2021, the Company contributed 100% of the first 4% of eligible compensation.

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

The Company may also make a discretionary contribution. If a Union employee is eligible to participate in the Plan, completed a year of service as defined in the Plan Document and is employed on the last day of the Plan year they would be eligible to receive a discretionary contribution from the Company. All other employees are eligible to receive a discretionary contribution from the Company upon meeting the Plan's eligibility requirements. The employee does not have to make deferrals to receive the contribution. All union employees received a discretionary contribution of 1% of the eligible employee's compensation during 2022 and 2021. There were no discretionary contributions made to nonunion employees during 2022 or 2021.

The Plan is subject to certain non-discrimination rules under ERISA and the Internal Revenue Code (the IRC). For 2022 and 2021, the Plan failed certain non-discrimination tests under the IRC due to lower deferral percentages by non-highly compensated eligible employees relative to the deferral percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan is required to return contributions received from certain participants during the Plan year in excess of the IRC limits. These refunds are accrued within excess contributions payable in the statement of net assets available for benefits and reduce participant contributions on the statement of changes in net assets available for benefits.

Administration Of The Plan

Securian serves as the recordkeeper and Minnesota Life Insurance Company (Minnesota Life) is the Plan's asset custodian.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings (losses). The allocation of earnings (losses) is determined by the earnings (losses) of the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a number of investment options offered by the Plan.

Vesting Schedule

Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is fully vested after five years of service or upon reaching early retirement age, total and permanent disability or upon death.

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Forfeitures

Forfeitures of nonvested participant balances can be used to reduce Plan expenses or Company discretionary contributions. For the year ended December 31, 2022, forfeitures reduced the Company's discretionary contributions and Plan expenses by \$61,131 and \$22,697, respectively. For the year ended December 31, 2021, forfeitures reduced the Company's discretionary contributions and Plan expenses by \$12,322 and \$6,970, respectively. Forfeited, nonvested account balances of \$61,230 and \$61,131 remained as of December 31, 2022 and 2021, respectively.

Notes Receivable From Participants

A participant may borrow from their account subject to certain limitations. The minimum amount of any note is \$1,000. In no event can the participant borrow more than the lesser of \$50,000 or 50% of the participant's vested balance. Notes are secured by the vested balance in the participant's account, and are for a period not exceeding five years unless used to acquire a personal residence in which case the maturity may not exceed 30 years. Notes bear interest at a reasonable fixed rate of interest based on prevailing market rates. The notes are repaid through payroll withholdings and direct payments from participants, including principal and interest rates ranging from 4.25% to 7.25%. The final installments are due on various dates through April 2048. Participants may have up to two loans outstanding at a time.

Payment Of Benefits

Upon termination of employment, death, total disability, or attainment of normal retirement age (65), a participant (or beneficiary) may elect distribution of his or her account as a single lump sum, in substantially equal installments, or in partial withdrawals. In service withdrawals from a participant's vested account balances are permitted upon reaching age 59½.

Participant Hardship Withdrawals

A participant may withdraw from the Plan a portion of his or her vested account in the event of undue financial hardship, which includes payments for education, medical expenses or purchase of a primary residence.

Administrative Expenses

Salaries and related benefits of employees who administer the Plan are paid by the Company. Other administrative expenses, primarily transaction fees and account fees, are paid by the Plan. Expenses incurred on the purchase or sale of investments are added to the cost or deducted from the proceeds of the respective investment.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Investment Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. Interest income is recorded as earned on the accrual basis. No allowance for credit losses has been recorded as December 31, 2022 or 2021.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

3. Information Certified By The Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021;
- Investment information included in the supplemental schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV as provided by Minnesota Life, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are primarily comprised of shares of registered investment companies held through subaccounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. All pooled separate accounts have daily redemption frequencies at NAV with no redemption notice periods, and file an annual report on Form 5500 as a direct filing entity. There are no capital commitments related to any of the Plan's pooled separate accounts. The pooled separate accounts held by the Plan are not required to be reported in the fair value hierarchy.

The method described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

There have been no changes in the valuation methodology used at December 31, 2022 or 2021.

5. Party In Interest Transactions

Transactions with parties in interest include purchases and sales of investments managed by an affiliate of Minnesota Life. Fees for such services are paid by the Plan. These transactions are exempt transactions under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2022 and 2021. These loans are considered allowable party in interest transactions.

6. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Income Tax Status

The prototype sponsor of the Plan received an opinion letter dated March 31, 2014 from the IRS which indicates that the prototype plan form is in compliance with applicable requirements of the IRC. The Company has not received a determination letter with respect to the Plan's qualification. The Plan has been amended since the opinion letter was issued. However, the Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Effective January 15, 2022, the Plan was restated with a pre-approved document for savings plans sponsored by Minnesota Life Insurance Company. Minnesota Life Insurance Company received an updated opinion letter from the IRS dated June 30, 2020.

BRANDING IRON HOLDINGS RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Company identified certain operational errors relating primarily to participant and Company contributions. The Company plans to take necessary corrective actions to ensure the Plan maintains its tax qualified status.

8. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
