INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants of
The Martz Group 401(K) Plan
Wilkes-Barre, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Martz Group 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Martz Group 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accrual basis of accounting in the format prescribed by the DOL's Rules and Regulations for Reporting under ERISA.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Martz Group 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accrual basis of accounting in the format prescribed by the DOL's Rules and Regulations for Reporting under ERISA, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Martz Group 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Martz Group 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Martz Group 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the accrual basis of accounting in the format prescribed by the DOL's Rules and Regulations for Reporting under ERISA.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance the accrual basis of accounting in the format prescribed by the DOL's Rules and Regulations for Reporting under ERISA.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

The accompanying statement of net assets available for benefits of The Martz Group 401(K) Plan as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

THE MARTZ GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of The Martz Group 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General:

The Plan is a defined contribution plan covering substantially all nonunion employees of Frank Martz Coach Company; Gold Line, Inc.; National Coach Works of Virginia, Inc.; First Class Coach Company, Inc.; and ANC Tours by Martz Grayline (the "Companies") who have attained age twenty-one with no service requirement for elective deferrals, safe harbor matching contribution and nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2022, the Frank Martz Coach Company 401(K) Profit Sharing Plan & Trust was renamed The Martz Group 401(K) Plan and merged with the National Coach Works, Inc. of VA 401(K) Profit Sharing Plan & Trust. Effective January 14, 2022, the Plan changed from Mid Atlantic Trust Company, as custodian, to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, as trustee.

B. Contributions:

Each year, participants in the Plan may contribute up to 100% of pretax compensation (W-2 wages including elective deferrals), as defined by the Plan, subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan is an Eligible Automatic Contribution Arrangement (EACA)/Qualified Automatic Contribution Arrangement (QACA) and as such, new hires are automatically enrolled in the Plan and a fixed 3% is withheld from their compensation unless they make a contrary election. Catch-up deferrals are permitted. The Companies have the option to make discretionary profit-sharing contributions to the Plan at the discretion of the Boards of Directors. In 2022, the Companies tiered safe-harbor matching contribution is 100% of the employee's deferral up to 3% and an additional 50% of the employee's deferral up to 4%-6%. Participants direct the investments of their contributions into various investment options offered by the Plan. Contributions are remitted to the Plan on a weekly basis. Contributions are subject to certain IRS limitations.

C. Participants Accounts:

Each participant's account balance is maintained separately and is credited with the participant's contribution, including rollovers, and allocations of the Companies' discretionary matching contribution and Plan earnings and charged with an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments in their own accounts.

THE MARTZ GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

D. Vesting:

Participants are always one hundred percent vested in their voluntary contributions and rollovers plus actual earnings thereon. Employees vest in the Companies' contribution portion of their accounts and earnings in accordance with the following table:

2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

E. Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, which ranged from 4.25 to 9.00% in 2022. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at a time.

F. Payment of Benefits:

On termination of service for any reason, a participant will receive the vested interest in his or her account as a single lump sum distribution. Mandatory distributions apply to account balances up to \$5,000 and account balances between \$1,000 and \$5,000 are subject to automatic rollover. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

G. Forfeited Accounts:

At December 31, 2022, forfeited non-vested accounts totaled \$4. The forfeiture account increased \$6,736 for transfers into the Plan, \$8,485 for current year forfeitures and decreased \$206 for current year activity. These accounts can be used to reduce employer discretionary contributions and pay plan expenses which amounted to \$15,011 in 2022.

H. Plan Amendments:

Effective April 2020, the Plan adopted the suspension of required minimum distribution provision of the CARES Act that was signed into law on March 27, 2020. As a result of the act, required minimum distributions were completely waived for 2020. The Plan has until December 31, 2025 to formally amend the Plan.

THE MARTZ GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

Effective April 2020, the Plan adopted the distribution provision of the CARES Act. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has until December 31, 2025 to formally amend the Plan.

Effective April 2020, the Plan has adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments for twelve months. The Plan has until December 31, 2025 to formally amend the Plan.

Effective April 2020, the Plan adopted the coronavirus related loans to a qualified individual up to \$100,000 that must be taken by September 22, 2020. The Plan has until December 31, 2025 to formally amend the Plan.

Effective January 2020, the Plan has adopted certain requirements of the Setting Every Community Up for Retirement Enhancement (SECURE) Act which changed required minimum distribution age from 70.5 to 72, requires non-spouse beneficiaries to withdraw funds within ten years, allows penalty free withdrawals for new parents and other provisions. The Plan has until December 31, 2025 to formally amend the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting and are presented in the format prescribed by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("Department of Labor"). The prescribed format differs from accounting principles generally accepted in the United States of America in that they do not require interest and dividends earned within mutual funds, pooled separate accounts, or bank common/collective trusts, etc., to be reported separately from the change in fair value (e.g. net appreciation/depreciation).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

B. Use of Estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE MARTZ GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

- C. **Investment Valuation and Income Recognition:**
Investments are reported at fair value (except for the fully benefit - responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.
- Purchases and sales of securities are recorded on a trade-date basis. Contributions are recorded in their period earned. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year and may include interest and dividends earned in pooled separate accounts as allowed by the Department of Labor.
- D. **Notes Receivable from Participants:**
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases employment, all loans become due and payable at the severance date. If not repaid or directly rolled over to a new employer's Plan, the Plan Administrator will deem the participant loan to be in default and the participant loan balance will be reduced and a benefit payment will be recorded.
- E. **Payment of Benefits:**
Benefits are recorded when paid.
- F. **Administrative Expenses:**
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.
- G. **Date of Management Review:**
Subsequent events were evaluated through October 23, 2023 is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED TO BY THE PLAN'S CUSTODIAN / TRUSTEE

The Plan Administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as complete and accurate by Mid Atlantic Trust Company, as custodian for the period January 1, 2022 to August 31, 2022 (assets transferred on February 23, 2022 to new trustee) and by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, as trustee for the period January 14, 2022 to December 31, 2022 and was not subjected to any auditing procedures performed by the independent auditors:

- a. Investments at fair value as shown in the accompanying statement of net assets available for benefits of \$3,971,954 as of December 31, 2022.
- b. Investments at contract value as shown in the accompanying statement of net assets available for benefits of \$911,161 as of December 31, 2022.
- c. Notes receivable from participants as shown in the accompanying statement of net assets available for benefits of \$104,317 as of December 31, 2022.
- d. Net investment loss of \$657,849 and interest income on notes receivable from participants of \$4,657, which is included in \$5,270, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022. Interest income on notes receivable of \$613 was not certified by Mid Atlantic Trust Company.
- e. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE MARTZ GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

Level 2:

Input to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts:

Valued at the net asset value (NAV) of units of pooled separate accounts at Principal Trust Company, the Plan trustee. The NAV, as provided by the Principal Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Registered Investment Companies:

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy the Plan's investment assets carried at fair value, as of December 31, 2022 and 2021.

(1) In accordance with FASB ASC Subtopic 820-10, an investment measured at fair value using the net asset value per share practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that use NAV:

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. Since the individual funds comprising the Plan's investment in pooled separate accounts file a Form 5500 as a direct filing entity (DFE), disclosures of significant investment strategies are not required.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Principal Trust Company on behalf of the Plan entered into a benefit-responsive investment contract with Principal Life Insurance Company reported as the Principal Fixed Income Guaranteed Option. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdraws, and administrative expenses. Participants may ordinarily direct the withdrawal of transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.75 percent. Such interest rates are reviewed on a semi-annual basis for resetting. At December 31, 2022, the interest rate was 2.05%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdraw from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable.

The investment contract has no stated maturity.

6. PARTY-IN-INTEREST

The Plan investments included shares of pooled separate accounts and registered investment companies managed by Principal Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services from Principal Trust Company are included in net depreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. The Plan paid \$38,562 in distribution fees, loan fees, administrative fees and advisory fees in 2022.

7. PLAN MERGER / TRANSFER

Effective January 14, 2022, The Martz Group 401(K) Plan merged with the National Coach Works, Inc. of VA 401(K) Profit Sharing Plan & Trust. As a result of the merger, the National Coach Works, Inc. of VA 401(K) Profit Sharing Plan & Trust transferred \$760,684 of assets into the Plan. This is shown as a Transfer Into Plan and is included in Net Assets Available for Benefits on the Statement of Changes in Net Assets Available for Benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or partial termination (as defined), participants will become 100% vested in their employer contributions.

9. TAX STATUS

The Company adopted a prototype non-standardized profit-sharing plan with CODA. The IRS has determined and informed the volume submitter by a letter dated June 30, 2020, that the restated prototype plan document adopted by the Plan qualified under Internal Revenue Code (IRC) section 401. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. ECONOMIC IMPACT

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The COVID-19 outbreak disrupted supply chains and affected production across a wide range of industries. As a result of the Pandemic, the Plan was affected mainly by market responses to the effects of shutdowns and disruptions.

The Plan Sponsor experienced significant economic ramifications due to the COVID-19 outbreak including large operating losses and significant layoffs. There are no plans by the Plan Sponsor to terminate the Plan due to economic hardship.

Depending on the duration of the COVID-19 crisis and continued negative impact on economic activity, the Plan might experience negative results. The exact impact on our activities in the remainder of 2023 and thereafter cannot be predicted.

12. CONTRIBUTIONS - OTHER

The Statement of Changes in Net Assets Available for Benefits includes a Contributions – Other balance of \$410. This amount primarily relates to an unreconciled adjustment by the Plan trustee.

13. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

14. SUBSEQUENT EVENT

The SECURE 2.0 Act made a change to the age an individual must begin taking required minimum distributions (RMD). Effective January 1, 2023, the age to begin taking an RMD increased to 73 for individuals who turn 72 on or after January 1, 2023. The RMD age increases to 75 in 2033. The Plan will need to be amended for this provision.
