Independent Auditor's Report

Plan Administrator and Plan Trustees
Turning Technologies, LLC 401(k) Profit Sharing Plan
Youngstown, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Turning Technologies, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of the Year)) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Plan Merger

Effective July 1, 2022, the Echo 360, Inc. 401(k) Plan merged into the Turning Technologies, LLC 401(k) Profit Sharing Plan (Note 1).

Turning Technologies, LLC 401(k) Profit Sharing Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Turning Technologies, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Turning Technologies, LLC and subsidiaries (the Company). The Plan was previously amended and restated effective July 1, 2019, and was more recently restated effective April 1, 2022 (Note 9). Full-time employees are eligible to participate in the salary deferral and employer match components of the Plan upon attaining the age of 18, and part-time employees are eligible to participate in the salary deferral and employer match components of the Plan after completing 1,000 hours of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On December 22, 2021, Turning Technologies, LLC, acquired Echo360, Inc. Effective July 1, 2022, Echo360, Inc. 401(k) Plan was merged with the Turning Technologies, LLC 401(k) Profit Sharing Plan. The net assets of the Echo360, Inc. 401(k) Plan totaling \$7,290,975 were transferred, which included \$4,394 of notes receivable from participants.

Trustee and Administration of the Plan

Ascensus, LLC, an affiliate of Ascensus Trust Company, is the recordkeeper for the Plan. The trustee of the Plan is Ascensus Trust Company (Ascensus or Trustee). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions subject to certain dollar limits (catch-up contributions). The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions which are determined annually and are a percentage of participant deferrals or a uniform dollar amount. During 2022, the Company matched 35% of the first 6% contributed by the participants. In addition, the Company may contribute discretionary employer profit sharing contributions which are allocated as a percentage of participant compensation to all eligible participants, as defined in the Plan agreement. In order to be eligible for profit sharing contributions, a participant must have provided 1,000 hours of service to the Company during the Plan year and be employed as of the last day of the Plan year. No discretionary employer profit sharing contributions were contributed by the Company in 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Turning Technologies, LLC 401(k) Profit Sharing Plan

Notes to the Financial Statements

Participant Accounts

Each participant's account is credited with their elective deferral contributions, allocations of the Company's matching and discretionary profit sharing contributions, if any, any plan earnings, and charged with an allocation of the Plan's administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their elective deferral and rollover contributions and qualified non-elective contributions made by the Company, plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions is based on years of service with the Company, based on the following schedule:

Years of Service	Vesting
Less than 3	0%
3 or More	100%

Participants are immediately vested in the discretionary employer profit sharing and matching contributions at time of death or upon becoming disabled.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. A maximum of two loans can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of Benefits

Upon normal or disability retirement, each participant receives the value of their individual account in a lump-sum distribution or in periodic installments. In the event of death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump-sum distribution or in periodic installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeited Accounts

Forfeited non-vested accounts will be used to pay for the Plan's administrative fees for the Plan year following the Plan year in which the forfeitures occur or to reduce future employer contributions. Forfeitures of \$15,168 were used to reduced employer contributions and pay plan expenses for the year ended December 31, 2022. Forfeiture accounts totaled \$12,762 and \$15,168 as of December 31, 2022 and 2021, respectively.

Turning Technologies, LLC 401(k) Profit Sharing Plan

Notes to the Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by its investment advisor and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, then the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Turning Technologies, LLC 401(k) Profit Sharing Plan

Notes to the Financial Statements

3. Tax Status

The Plan uses a pre-approved plan document sponsored by Ascensus, LLC. Ascensus, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

4. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Turning Technologies, LLC 401(k) Profit Sharing Plan

Notes to the Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

Assets at Fair Value as of December 31, 2022				
	Assets Measured At Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 13,527,133	\$ 13,527,133	\$ -	\$ -
Total assets in the fair value	\$ 13,527,133	\$ 13,527,133	\$ -	\$ -

Assets at Fair Value as of December 31, 2021				
	Assets Measured At Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 8,575,973	\$ 8,575,973	\$ -	\$ -
Total assets in the fair value	\$ 8,575,973	\$ 8,575,973	\$ -	\$ -

Notes to the Financial Statements

6. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Vanguard Group, Inc. (Vanguard), an affiliate of Ascensus Trust Company. Participant loan and distribution processing fees are paid to Vanguard by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through November 28, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
