INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Grand America Hotels & Resorts Capital Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Grand America Hotels & Resorts Capital Accumulation Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Grand America Hotels & Resorts Capital Accumulation Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Grand America Hotels & Resorts Capital Accumulation Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grand America Hotels & Resorts Capital Accumulation Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grand America Hotels & Resorts Capital Accumulation Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grand America Hotels & Resorts Capital Accumulation Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment

information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Summary of Plan Description

The following description of the Grand America Hotels & Resorts Capital Accumulation Plan, renamed the REH Services 401(k) Plan effective January 1, 2023, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan consists of a profit-sharing component for certain non-highly compensated employees ("Profit-Sharing"), an active 401(k) component ("401(k)"), and a suspended money purchase component represented by the Trust assets transferred to the Plan. The Plan was established to provide retirement benefits for eligible employees of the REH Services Company, formerly the Hotel, Resort, Real Estate and Ranch subsidiaries of the Sinclair Companies, (the "Company" or "Employer"). Upon election, the participants can direct their balances and future contributions to various funds available in the Plan.

Effective December 31, 2022 the Plan merged with the REH Company Capital Accumulation Plan, the plan of an affiliated entity. The Grand America Hotels & Resorts Capital Accumulation Plan is the surviving plan, covering, in addition to existing participants, the remaining eligible employees of the SOGC, Inc. and REH Company following the merger of the plans. Total net assets transferred into the plan as a result of the merger consisted of investments, at fair value, totaling $119,778,922, employer contribution receivable of $76,002, and profit-sharing contribution receivable of $58,430.

Eligibility
Employees are eligible to participate upon completion of 12 months of full-time service. However, employees must participate in the 401(k) component of the Plan in order to be eligible for Employer Profit-Sharing contributions.

Employees of the former Sinclair Oil division who were REH Company Plan participants on December 31, 2022 at the time it was merged into the Plan are eligible for all contribution types on January 1, 2023 assuming they remain employees of the Oil division.

Vesting
Employee contributions and safe-harbor employer match contributions to the Plan vest immediately. Discretionary employer matching contributions to the 401(k) and Profit-Sharing contributions do not vest until three or more years of service, at which time these contributions are 100% vested.

Certain participants, whose account balances were transferred from another plan may be subject to separate vesting schedules that were previously established for such balances at the time they were transferred to the plan.

Contributions
The Plan is a defined contribution plan. Employee contributions to the Plan's 401(k) component are at the election of eligible employees. Employees of the Company may contribute up to 100% of their annual compensation subject to certain limitations. Employees' contributions for the year ended December 31, 2022 were limited to $20,500 per

Contributions (continued)
employee under Internal Revenue Code (IRC) Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, which were limited to $6,500 for the year ended December 31, 2022. Participants may elect whether their contributions are treated as traditional salary deferral contributions deducted from before-tax compensation or as Roth after-tax contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. The Employer contributes a matching percentage up to a maximum of 6% for the year ended December 31, 2022.

Contributions to the Plan's Profit-Sharing component are at the discretion of the Employer. No contributions were made for the year ended December 31, 2022. The maximum annual addition to a participant's account may not exceed the lesser of $61,000 ($67,500 including catch-up contributions) or 100% of a participant's compensation for the year ended December 31, 2022.

Termination
Upon termination of employment due to retirement at or after age 62, disability or death, the participant will become fully vested. Upon such event, the full value of the participant's account will be distributed to the participant in a lump sum payment or in periodic installments, or in the case of death, to the participant's beneficiaries. If the participant terminates from the Company for any reason other than retirement, death or disability, the vested portion will be payable to the participant.

Upon termination of employment, an individual may choose to keep the vested value of his or her account invested in the Plan if the vested value is greater than or equal to $1,000. When the individual reaches age 70½, the Plan must commence making periodic distributions to the individual based on Internal Revenue Code (IRC) requirements.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Investment Valuation and Income Recognition (continued)
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fees and Administrative Expenses
The fees of the Trustee and the fees of the money managers are charged against the income of the Plan. The majority of administration costs required to maintain the Plan are paid by employees.

Forfeited Accounts
Upon termination of a participant's employment, the non-vested portion of a participant's account shall be forfeited. Any forfeitures occurring during a Plan year may be used to reduce employer contributions. At December 31, 2022 and 2021 the balance of net assets included in forfeited nonvested accounts was $175,118 and $84,006, respectively. Employer contributions for the year ended December 31, 2022 were reduced by $1,837 from forfeited nonvested accounts.

Excess Contributions Payable
There were no amounts payable to participants for contributions in excess of amounts allowed by the IRS at December 31, 2022. Amounts payable to participants at December 31, 2021 totaling $979 for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as excess contributions payable. The Plan distributed the 2021 excess contributions on April 22, 2022.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Benefit Payments
Benefit payments are recorded when paid.

Notes to Financial Statements

3. Tax Status

Effective December 1, 2020, the Plan entered into Adoption Agreement #001 under the Fidelity Management Volume Submitter Profit Sharing Plan with CODA, which has received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service that the plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is being operated in compliance with applicable IRC requirements.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event of Plan termination, participants will become fully vested in their accounts.

5. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy and by investment category the Plan's investments as reported at fair value in the accompanying statement of net assets available for benefits.

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3

Total	$ 67,850,853	$ 67,850,853	$ -	$ -

Fair Value Measurements (continued)
Generally accepted accounting principles for Fair Value Measurements established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs developed using estimates and assumptions and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and 3 inputs are used only when Level 1 inputs are not available.

Fair Value Measurements – Level 1: the fair values of the investments in registered investment companies are based on quoted market prices, Level 2: the fair value of these collective trust funds are valued at the net asset value of their underlying assets as provided by the Trustee of these funds. The underlying assets are principally composed of investment securities, for which there are readily available quoted market prices.

6. Guaranteed Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with the Prudential Trust Company (Prudential). Prudential maintains the contributions in the general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value of credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2022 and 2021 was $34,304,675 and $8,315,300, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and reviewed quarterly for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-off of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, as amended.

Guaranteed Investment Contract with Insurance Company (continued)
The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

7. Investments

The statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, the accompanying notes to the financial statements, and the supplemental schedule of assets (held at end of year) as of December 31, 2022 were prepared in part or entirely from information certified by Fidelity Management Trust Company (Fidelity, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The information certified by Fidelity includes total investments of $186,150,693, at December 31, and related dividend and interest income of $1,553,220 and net depreciation in fair value of investments of $13,568,600, for the year then ended.

8. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $111,031 for the year ended December 31, 2022. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Subsequent Events

Subsequent events were evaluated through December 6, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the name of the Plan was changed to REH Services 401(k) Plan.
