San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Miller Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Miller Group 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The Miller Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is sponsored by CKM Industries, Inc. and related companies, including MES Partners, Inc.; Miller Environmental Services, LLC; and Belco Industrial Services, LLC (collectively, the Company or Plan Sponsor) for its employees. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan's financial statements and supplemental schedule have been prepared in compliance with ERISA.

Eligibility

All employees of the Company—except leased employees, non-resident aliens, employees covered by a collective bargaining agreement, and independent contractors—who have completed at least three months of service, who are age 21 or older, and who have completed 1,000 hours of service are eligible to participate in the Plan.

Participant Contributions

Each year, eligible employees may contribute up to 100% of their annual compensation, as defined by the Plan, not to exceed the limits as determined by the IRC, through payroll deductions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the Plan year may also contribute catch-up contributions not to exceed IRC limits.

Employer Contributions

The Company has elected to make a safe-harbor matching contribution of 100% of deferrals up to 3% of eligible compensation and 50% of deferrals thereafter up to 5% of eligible compensation.

The Company also may make a discretionary contribution equal to a uniform percentage of matched employee contributions to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

The Miller Group 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions and safe-harbor contributions and actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit-sharing contributions, if any, is based on years of service as follows:

Years of Service	Vested (%)
Less than 2 years	-
2	20
3	40
4	60
5	80
6 or more	100

Upon death or disability, the participant (or their beneficiary in case of their death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after six years in the Plan, the participant becomes 100% vested in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are retained in the Plan and may be used to pay administrative expenses to reduce future employer contributions to the Plan. For the year ended December 31, 2022, forfeited balances applied and used to offset employer contributions were \$5,168. There were no unallocated forfeitures at December 31, 2022 and 2021.

Payment of Benefits

The benefit to which a participant is entitled equals the value of the participant's vested interest in their account. Upon termination of service due to death, disability, severance, or retirement, a participant may elect to receive a lump-sum payment equal to the vested portion of their account. Upon termination of employment, vested account balances of less than \$5,000 will be rolled over to an Individual Retirement Account if withdrawal of the funds is not initiated by the participant. Account balances less than \$1,000 are distributed to participants as a lump-sum distribution.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of mutual fund options for investment.

Notes Receivable from Participants

Prior to January 1, 2020, participants were allowed to borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator, currently ranging from 5.50% to 6.25%. Any loan must be repaid within five years unless otherwise approved. Principal and interest are paid ratably through payroll deductions. Effective January 1, 2020, the Company amended the Plan to no longer allow participants to borrow from their accounts.

The Miller Group 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Company, are charged to and paid from the Plan's assets. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the specific participant generating the transaction.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for further discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (Note 5) is valued at contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses for investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

The Miller Group 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - This level consists of quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - This level consists of significant other observable inputs other than Level 1 inputs, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 - This level consists of significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Investments, in the fair value hierarchy:				
Mutual funds	\$ 4,219,055	\$ -	\$ -	\$ 4,219,055

The Miller Group 401(k) Plan

Notes to Financial Statements

December 31, 2021

	Level 1	Level 2	Level 3	Total
Investments, in the fair value hierarchy:				
Mutual funds	\$ 5,652,612	\$ -	\$ -	\$ 5,652,612

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya).

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Investment Contract with Insurance Company

The Plan entered into a group annuity contract with Voya. The balance in the contract was \$1,122,750 and \$902,449 at December 31, 2022 and 2021, respectively. Voya maintains the contributions in a general (fixed) account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the general account in that month.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the Voya. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan), or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Miller Group 401(k) Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Tax Status of the Plan

The Company adopted a prototype plan document sponsored by Alliance Benefit Group of Houston, Inc (ABG). ABG received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party and Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions, such as investments, purchases and sales, and other administrative transactions conducted by the trustee and its affiliates, qualify as party-in-interest transactions.

The Plan also pays for third-party administrator and investment advisory fees, which qualify as party-in-interest transactions. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Subsequent Events

The Plan administrator evaluated events or transactions that occurred after December 31, 2022 and through December 7, 2023, the date the financial statements were available to be issued.
