Independent Auditor's Report

To the Plan Administrator and the Retirement Plan Investment Committee
Valeo, Inc. Retirement Savings Plan
Troy, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Valeo, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Valeo, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Valeo North America, Inc. and participating affiliates (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan administrator and has given Fidelity Management Trust Company (Fidelity or the Trustee) the authority to hold the assets of the Plan and to invest, control, and disburse all assets of the Plan in accordance with the Plan agreement. The Plan was amended and restated effective January 1, 2015.

Effective January 1, 2022, the Plan was amended to provide for an increase in the matching contribution not to exceed 6% of the participant's compensation.

Eligibility

To be eligible to participate in the Plan, an individual must satisfy the following requirements:

- Be an employee of the Company.
- Complete at least one month of service.
- Be a U.S. citizen.

If not a U.S. citizen, to be eligible to participate in the Plan, the individual must satisfy the following requirements:

- Hold a H-1B visa.
- Be required to be eligible for membership in the Plan.
- Be on an expatriate assignment from a related employer, the terms of which include eligibility to participate in the Plan during the tenure of the individual's assignment.
- Be legally employed by the Company in the U.S., the term of which employment classification includes eligibility to participate in the Plan.

Co-op students receiving academic credit for employment with the Company are not eligible to participate in the Plan. Employees under a collective-bargaining arrangement are eligible based on provisions of the Plan agreement.

Under the terms of the Plan agreement, all eligible employees are able to participate in the Plan generally on the first day of the month following the one-month anniversary of their employment commencement date. Eligible employees covered under collective-bargaining agreements are able to participate in the Plan on their employment commencement date.

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

Non-union participants are eligible for employer contributions on the first day of the month following the one-month anniversary of employment commencement. Union participants are eligible for employer contributions on the first day of employment commencement.

Employee Contributions

Participants are allowed to make tax-deferred contributions to the Plan in amounts up to 50% of their annual compensation, as defined by the Plan agreement. A participant's tax-deferred contributions to the Plan, including up to \$6,500 in catch-up contributions eligible for those participants aged 50 or older in both 2022 and 2021, are limited to the Internal Revenue Code (IRC) limitations. After-tax contributions and rollover contributions to the Plan are also allowed.

If an employee is a newly eligible participant, the employee will be automatically enrolled in the Plan at a salary deferral contribution rate of 3% of the employee's compensation beginning 30 days after their hire date unless the employee makes an affirmative election to opt out of automatic enrollment prior to the automatic enrollment date. The employee has the option to opt out of the Plan within 90 days of the automatic enrollment date.

The Plan has an auto-escalation provision for which the percentage rate will be increased by 1% of compensation per year up to a maximum of 10% of compensation, with such annual 1% increase occurring on the first day of each Plan year. Participants have the option to opt out of the auto-escalation provision. Effective April 1, 2020, the Plan was amended to provide a Roth conversion feature.

Employer Contributions

Each participant receives a matching contribution during such payroll period from the Company that is equal to 100% of eligible compensation and an after-tax deferral contribution that does not exceed 6% and 5% of the participant's compensation for 2022 and 2021, respectively, as defined by the Plan agreement, for each pay period.

The Company shall make new basic contributions in an amount equal to 5% of the participant's compensation, in accordance with terms of the Plan agreement. Effective June 1, 2020, the Plan terminated the new basic contributions.

Effective June 1, 2020, the Plan was amended to add a discretionary matching contribution feature. The Company can make a discretionary matching contribution in an amount equal to a percentage of participant deferrals made during the Plan year. The percentage is to be made by the Plan Sponsor in its sole discretion and will not exceed 4% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of Plan losses and administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances into various investment options offered by the Plan. If a participant is automatically enrolled in the Plan and does not otherwise indicate

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

how the Plan contributions are to be invested among the Plan's investment options, the contributions will be automatically invested in the Plan's Qualified Default Investment Alternative that applies to the participant, which will be the Plan's target date investment option that applies to the participant's age. Currently, the Plan offers collective investment trusts, mutual funds, and a money market fund as investment options for participants.

Vesting

Participants are fully vested immediately in the amount of their tax-deferred, after-tax, and rollover contributions and earnings thereon. New basic contributions and discretionary matching contributions have a five-year cliff vesting schedule. Company matching contributions vest ratably over five years of service, as shown in the following table:

Years of Vesting Service	Vesting Percentage (%)
Less than 1	-
1	20
2	40
3	60
4	80
5 or more	100

Participants become fully vested in the event of retirement, death, total disability, and Plan termination. Participants who are terminated due to a reduction in force, as defined by the Plan agreement, become fully vested in all Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund account up to a maximum of the lesser of 50% of the vested interest in their account or \$50,000 reduced by the excess (if any) of the highest loan balance during the past 12 months over the outstanding loan balance on the date of the loan. A participant is limited to one outstanding loan at any given time and may not obtain a subsequent loan until the outstanding balance of the preceding loan has been paid in full. The loans are secured by the balance in the participant's account. The annual rate of interest payable on all loans is equal to the prime rate plus 1.00%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan term may not exceed 15 years.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, or termination of service, as defined in the Plan agreement. A participant may elect to receive a lump-sum amount, installment payments equal to the vested portion of the participant's account, leave the account in the Plan, or rollover the vested balance to another qualified retirement plan or Individual Retirement Account (IRA). Benefit payments will be made in the form of a lump-sum distribution no later than 60 days after the close of the Plan year in which the participant retires or dies or upon request after termination from the Company. Certain participants can elect benefit payments in the form of installment payments or annuities. A participant may withdraw, twice a year, all or a portion of his/her after-tax contributions within established Plan guidelines.

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

In addition, a participant who has attained age 59½ may withdraw all or a portion of his/her tax-deferred contributions within established Plan guidelines. Hardship withdrawals are also allowed subject to certain restrictions included in the Plan agreement. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance will be rolled into an IRA with Fidelity unless otherwise elected.

Forfeited Accounts

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. At December 31, 2022 and 2021, unapplied forfeited nonvested accounts totaled \$310,061 and \$249,939, respectively. All forfeitures shall be used to reduce future Company contributions or to pay Plan administrative expenses. During 2022 and 2021, forfeitures in the amount of \$2,506,212 and \$5,907,271, respectively, were used to reduce the Company's contributions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution payments are charged directly to the participant's account and are included in administrative expenses. An allocation of Plan administrative and investment management fees are charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market - Shares are held in a government money market account invested in cash, securities issued or guaranteed by the U.S. or certain U.S. government agencies or instrumentalities, and/or repurchase agreements that are collateralized fully. Government money market funds are exempt from requirements that permit money market funds to impose a liquidity fee and/or temporary redemption gates. The composition of securities is structured to maintain a value of \$1 per share and were classified as Level 1 since it is in the active market.

Collective Investment Trusts - These assets are valued at the NAV of units held. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the CITs will sell for an amount different than the reported NAV. These are direct filing entities.

The Fidelity Managed Income Portfolio II CIT is a stable value fund composed primarily of fully benefit-responsive investment contracts. Investments in the stable value funds are considered indirect investments in fully benefit-responsive investment contracts and, therefore, are valued at NAV, which is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. This is a direct filing entity.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

December 31, 2022

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the Trustee, or by its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Expenses paid by the Company are also considered party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated July 19, 2017 that the Plan and related trust were designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Valeo, Inc. Retirement Savings Plan

Notes to Financial Statements

8. Risks and Uncertainties

The Plan invests in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
