Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

FORVIS

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust (the "Plan") audit provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Intrepid Solutions and Service and wholly owned subsidiaries (the "Company"), who are age 21 older. The Plan Administrator and Company's management was responsible for oversight of the Plan. Mid Atlantic Trust Company ("MATC") served as custodian of the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2022, the Plan was amended to allow the merger of BWM Outcomes LLC 401(k) Profit Sharing Plan & Trust. As a result, net assets of \$468,791 were transferred into the Plan. The sponsor of BWM Outcomes LLC 401(k) Profit Sharing Plan & Trust was acquired. The decision to merge the plans was made for administrative efficiencies.

Plan Termination

In 2022, the Company was acquired by CIS Computing, Inc. As a result of the acquisition, the Retirement Plan Committee of Intrepid Solutions and Service resolved to terminate the Plan and merge the Plan's assets into the CIS Computing, Inc. 401(k) Profit Sharing Plan on December 1, 2022. For the year ended December 31, 2022, \$9,373,280 was transferred from the Plan into CIS Secure Computing, Inc 401(k) Profit Sharing Plan.

Contributions

Each year, participants were able to contribute up to 92% of annual compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals could be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company made a safe harbor matching contribution equal to 100% of the first 5% of employee deferrals. Contributions were subject to certain limitations. The Employer could also make a discretionary profit-sharing contribution, discretionary match and/or discretionary qualified nonelective contributions to participants' accounts determined annually subjected to vesting schedule provisions. For the year ended December 31, 2022, no discretionary profit-sharing contribution or discretionary qualified nonelective contributions were made.

Investment options

Participants directed the investment of their accounts into various investment options offered by the Plan. The Plan offered mutual funds and money market funds as investment options for participants.

Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

Participant accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's contributions and plan earnings, and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their own contributions. Participants were immediately vested in the employer safe harbor match. Participants also became fully vested in the employer discretionary match after three years of service. Employees must have worked at least 1,000 hours during each Plan year to earn a year of vesting service.

Notes receivable from participants

Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest were paid ratably through payroll deductions. At December 31, 2022, there were no outstanding loans.

Payment of benefits

Upon termination of service due to retirement, death, or disability a participant, or his or her beneficiary, was able to elect to receive the value of the interest in his or her account as a lump-sum distribution or partial withdrawals (provided the minimum withdrawal is \$1,000). For termination of service for other reasons, a participant could receive payment as soon as possible following termination. Participants who were required to commence receiving a distribution as a result of attaining age 59½ received their benefits in installment payments. In the event of a financial hardship, participants were allowed in-service withdrawals of their deferral contribution account. The Plan provided for involuntary cash-out distributions for terminated employees with a vested balance of less than \$5,000.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 and \$43, respectively. These accounts were used to pay administrative expenses until fully depleted. During 2022, forfeitures of \$43 were used to reduce administrative expenses.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust Notes to Financial Statements

Investment valuation and income recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance and interest. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits were recorded upon distribution.

Administrative expenses

The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions were performed by employees of the Company. No such employee received compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) were charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through December 7, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds

Valued at closing price reported in the active market in which the money market is traded.

Money market fund

Valued at closing price reported in the active market in which the money market is traded.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Money market fund	-	-	-	-
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total

Investments at fair value	<u>\$ 9,519,970</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,519,970</u>

4. Unaudited Information Certified by Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022, that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2022	2021
Investments at fair value	<u>\$ -</u>	<u>\$ 9,519,970</u>
Net depreciation in fair value of investments	<u>\$ 1,462,618</u>	

5. Tax Status

The Plan had not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan was relying on the IRS approval of the non-standardized prototype plan that it was utilizing. The IRS had determined and informed the document sponsor by a letter dated August 31, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believed that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believed that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Intrepid Solutions and Service 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audit by taxing jurisdictions; however, there were no audits for any tax periods in progress.

**Intrepid Solutions and Services 401(k) Profit Sharing Plan and Trust

We have engaged Forvis, LLP (EIN 44-0160260) to complete the plan's audit for the final plan year ending December 31, 2022. Due to the merger of this plan, the audit is taking longer than expected. It is in progress and the final reports will be attached to an amended filing of the Form 5500 upon completion of the audit.
