Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: JOHNSON LAMBERT LLP

(2) EIN: 52-1446779

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan THE WILDERNESS SOCIETY 401(A) RETIREMENT PLAN		B Three-digit plan number (PN) ► 004
C Plan sponsor's name as shown on line 2a of Form 5500 THE WILDERNESS SOCIETY		D Employer Identification Number (EIN) 53-0167933
Part I Distributions		
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 23-2186884		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3

Report of Independent Auditors

Governing Council and Participants
The Wilderness Society
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Wilderness Society 401(a) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A handwritten signature in black ink that reads "Johnson Lambert LLP". The signature is written in a cursive, flowing style.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of the Plan

General

The following description of The Wilderness Society 401(a) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

The Plan is a defined contribution retirement plan allowing only employer contributions and covering all employees of The Wilderness Society (the Society or Plan Administrator or Plan Sponsor) who have completed six months of service.

The Plan has been established and maintained (i) as a retirement program designed to be in full compliance with the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and (ii) as a qualified plan under the terms of Section 401 of the Internal Revenue Code of 1986, as amended (the IRC). The Plan's investments are held by Vanguard Fiduciary Trust Company (Vanguard).

Contributions

The Society makes contributions equal to a discretionary percentage, as determined by the Society's Governing Council. The Society elected to contribute 6% of each employee's eligible compensation for the years ended December 31, 2022 and 2021.

Participants may contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. There was \$12,809 and \$0 employee rollover contributions for the years ended December 31, 2022 and 2021, respectively.

Participants direct the investment of their rollover and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with amounts rolled over from other qualified plans, an allocation of the Society's contribution to the Plan, and an allocation of net investment income or loss, less applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 1 - Description of the Plan (Continued)

Vesting

All contributions by the Society, together with earnings thereon, vest to the individual participants in accordance with the Plan's current vesting schedule based on years of continuous service. A participant is 50% vested after two years of credited service and 100% vested after three years of credited service. A participant will be 100% vested if, while employed, the participant dies or becomes disabled. Participants are immediately vested in their rollover contributions.

Notes receivable from participants

A participant may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months, or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from two to ten years. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service, death or disability and at any point in time thereafter, a participant or designated beneficiary may elect to receive a lump sum amount or installments equal to his or her vested account balance. If no election is made, distributions are made no later than when a participant reaches age 65 or upon disability or death. Distributions may be deferred until the normal retirement date; however, payments must begin no later than the April 1st following the calendar year in which the participant attains age 70½. Participants whose account balances are less than \$5,000 upon termination will receive a lump-sum cash distribution. In certain hardship situations, as described in the Plan document, participants may withdraw their vested account balances while actively employed.

Forfeitures

Nonvested portions of the Society's contributions are forfeited as of a participant's termination date and are used to reduce the Society's contributions. The forfeiture balance totaled \$58,934 and \$19,641 as of December 31, 2022 and 2021, respectively. No forfeitures were used to reduce employer contributions during the years ended December 31, 2022 and 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the plan's gains and losses on investments bought and sold, as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end, based on quoted market prices. The Plan invests in the Vanguard Retirement Savings Trust III (the Vanguard Trust), a separately managed investment fund, that is 100% invested in the Vanguard Retirement Savings Master Trust, a collective trust. The Trust is valued at fair value using NAV as a practical expedient.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loan defaults recorded as benefit payments during the years ended December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Subsequent events

The Plan has performed an evaluation of subsequent events through September 6, 2023, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Note 3 - Information Certified by the Plan's Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and note receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 4 - Investments and Fair Value Measurement

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,584,717	\$ -	\$ -	\$ 12,584,717
Vanguard Trust*	-	-	-	1,568,736
Total investments	<u>\$ 12,584,717</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,153,453</u>

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,443,206	\$ -	\$ -	\$ 15,443,206
Vanguard Trust*	-	-	-	1,620,376
Total investments	<u>\$ 15,443,206</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,063,582</u>

(*) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2022 and 2021:

Investment	2022	2021	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Vanguard Trust	\$ 1,568,736	\$ 1,620,376	\$ -	Daily	None

Note 5 - Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by the Vanguard Group, which is related to Vanguard, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing agreements rather than a direct payment. Additionally, personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Plan adopted a prototype non-standard profit sharing plan sponsored by the Vanguard Group. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan Sponsor is not aware of any course or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax periods in progress.

Note 8 - Concentrations

Plan investments held in various Vanguard funds approximated 69% and 64% of total investments as of December 31, 2022 and 2021, respectively.

Report of Independent Auditors

Governing Council and Participants
The Wilderness Society
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Wilderness Society 401(a) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of the Plan

General

The following description of The Wilderness Society 401(a) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

The Plan is a defined contribution retirement plan allowing only employer contributions and covering all employees of The Wilderness Society (the Society or Plan Administrator or Plan Sponsor) who have completed six months of service.

The Plan has been established and maintained (i) as a retirement program designed to be in full compliance with the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and (ii) as a qualified plan under the terms of Section 401 of the Internal Revenue Code of 1986, as amended (the IRC). The Plan's investments are held by Vanguard Fiduciary Trust Company (Vanguard).

Contributions

The Society makes contributions equal to a discretionary percentage, as determined by the Society's Governing Council. The Society elected to contribute 6% of each employee's eligible compensation for the years ended December 31, 2022 and 2021.

Participants may contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. There was \$12,809 and \$0 employee rollover contributions for the years ended December 31, 2022 and 2021, respectively.

Participants direct the investment of their rollover and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with amounts rolled over from other qualified plans, an allocation of the Society's contribution to the Plan, and an allocation of net investment income or loss, less applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 1 - Description of the Plan (Continued)

Vesting

All contributions by the Society, together with earnings thereon, vest to the individual participants in accordance with the Plan's current vesting schedule based on years of continuous service. A participant is 50% vested after two years of credited service and 100% vested after three years of credited service. A participant will be 100% vested if, while employed, the participant dies or becomes disabled. Participants are immediately vested in their rollover contributions.

Notes receivable from participants

A participant may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months, or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from two to ten years. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service, death or disability and at any point in time thereafter, a participant or designated beneficiary may elect to receive a lump sum amount or installments equal to his or her vested account balance. If no election is made, distributions are made no later than when a participant reaches age 65 or upon disability or death. Distributions may be deferred until the normal retirement date; however, payments must begin no later than the April 1st following the calendar year in which the participant attains age 70½. Participants whose account balances are less than \$5,000 upon termination will receive a lump-sum cash distribution. In certain hardship situations, as described in the Plan document, participants may withdraw their vested account balances while actively employed.

Forfeitures

Nonvested portions of the Society's contributions are forfeited as of a participant's termination date and are used to reduce the Society's contributions. The forfeiture balance totaled \$58,934 and \$19,641 as of December 31, 2022 and 2021, respectively. No forfeitures were used to reduce employer contributions during the years ended December 31, 2022 and 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the plan's gains and losses on investments bought and sold, as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end, based on quoted market prices. The Plan invests in the Vanguard Retirement Savings Trust III (the Vanguard Trust), a separately managed investment fund, that is 100% invested in the Vanguard Retirement Savings Master Trust, a collective trust. The Trust is valued at fair value using NAV as a practical expedient.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loan defaults recorded as benefit payments during the years ended December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Subsequent events

The Plan has performed an evaluation of subsequent events through September 6, 2023, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Note 3 - Information Certified by the Plan's Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and note receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 4 - Investments and Fair Value Measurement

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,584,717	\$ -	\$ -	\$ 12,584,717
Vanguard Trust*	-	-	-	1,568,736
Total investments	<u>\$ 12,584,717</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,153,453</u>

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,443,206	\$ -	\$ -	\$ 15,443,206
Vanguard Trust*	-	-	-	1,620,376
Total investments	<u>\$ 15,443,206</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,063,582</u>

(*) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2022 and 2021:

Investment	2022	2021	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Vanguard Trust	\$ 1,568,736	\$ 1,620,376	\$ -	Daily	None

Note 5 - Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by the Vanguard Group, which is related to Vanguard, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing agreements rather than a direct payment. Additionally, personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Plan adopted a prototype non-standard profit sharing plan sponsored by the Vanguard Group. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan Sponsor is not aware of any course or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax periods in progress.

Note 8 - Concentrations

Plan investments held in various Vanguard funds approximated 69% and 64% of total investments as of December 31, 2022 and 2021, respectively.

Report of Independent Auditors

Governing Council and Participants
The Wilderness Society
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Wilderness Society 401(a) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of the Plan

General

The following description of The Wilderness Society 401(a) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

The Plan is a defined contribution retirement plan allowing only employer contributions and covering all employees of The Wilderness Society (the Society or Plan Administrator or Plan Sponsor) who have completed six months of service.

The Plan has been established and maintained (i) as a retirement program designed to be in full compliance with the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and (ii) as a qualified plan under the terms of Section 401 of the Internal Revenue Code of 1986, as amended (the IRC). The Plan's investments are held by Vanguard Fiduciary Trust Company (Vanguard).

Contributions

The Society makes contributions equal to a discretionary percentage, as determined by the Society's Governing Council. The Society elected to contribute 6% of each employee's eligible compensation for the years ended December 31, 2022 and 2021.

Participants may contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. There was \$12,809 and \$0 employee rollover contributions for the years ended December 31, 2022 and 2021, respectively.

Participants direct the investment of their rollover and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with amounts rolled over from other qualified plans, an allocation of the Society's contribution to the Plan, and an allocation of net investment income or loss, less applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 1 - Description of the Plan (Continued)

Vesting

All contributions by the Society, together with earnings thereon, vest to the individual participants in accordance with the Plan's current vesting schedule based on years of continuous service. A participant is 50% vested after two years of credited service and 100% vested after three years of credited service. A participant will be 100% vested if, while employed, the participant dies or becomes disabled. Participants are immediately vested in their rollover contributions.

Notes receivable from participants

A participant may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months, or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from two to ten years. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service, death or disability and at any point in time thereafter, a participant or designated beneficiary may elect to receive a lump sum amount or installments equal to his or her vested account balance. If no election is made, distributions are made no later than when a participant reaches age 65 or upon disability or death. Distributions may be deferred until the normal retirement date; however, payments must begin no later than the April 1st following the calendar year in which the participant attains age 70½. Participants whose account balances are less than \$5,000 upon termination will receive a lump-sum cash distribution. In certain hardship situations, as described in the Plan document, participants may withdraw their vested account balances while actively employed.

Forfeitures

Nonvested portions of the Society's contributions are forfeited as of a participant's termination date and are used to reduce the Society's contributions. The forfeiture balance totaled \$58,934 and \$19,641 as of December 31, 2022 and 2021, respectively. No forfeitures were used to reduce employer contributions during the years ended December 31, 2022 and 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the plan's gains and losses on investments bought and sold, as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end, based on quoted market prices. The Plan invests in the Vanguard Retirement Savings Trust III (the Vanguard Trust), a separately managed investment fund, that is 100% invested in the Vanguard Retirement Savings Master Trust, a collective trust. The Trust is valued at fair value using NAV as a practical expedient.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loan defaults recorded as benefit payments during the years ended December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Subsequent events

The Plan has performed an evaluation of subsequent events through September 6, 2023, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Note 3 - Information Certified by the Plan's Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and note receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 4 - Investments and Fair Value Measurement

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,584,717	\$ -	\$ -	\$ 12,584,717
Vanguard Trust*	-	-	-	1,568,736
Total investments	<u>\$ 12,584,717</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,153,453</u>

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,443,206	\$ -	\$ -	\$ 15,443,206
Vanguard Trust*	-	-	-	1,620,376
Total investments	<u>\$ 15,443,206</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,063,582</u>

(*) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2022 and 2021:

Investment	2022	2021	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Vanguard Trust	\$ 1,568,736	\$ 1,620,376	\$ -	Daily	None

Note 5 - Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by the Vanguard Group, which is related to Vanguard, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing agreements rather than a direct payment. Additionally, personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Plan adopted a prototype non-standard profit sharing plan sponsored by the Vanguard Group. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan Sponsor is not aware of any course or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax periods in progress.

Note 8 - Concentrations

Plan investments held in various Vanguard funds approximated 69% and 64% of total investments as of December 31, 2022 and 2021, respectively.

Report of Independent Auditors

Governing Council and Participants
The Wilderness Society
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Wilderness Society 401(a) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of the Plan

General

The following description of The Wilderness Society 401(a) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

The Plan is a defined contribution retirement plan allowing only employer contributions and covering all employees of The Wilderness Society (the Society or Plan Administrator or Plan Sponsor) who have completed six months of service.

The Plan has been established and maintained (i) as a retirement program designed to be in full compliance with the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and (ii) as a qualified plan under the terms of Section 401 of the Internal Revenue Code of 1986, as amended (the IRC). The Plan's investments are held by Vanguard Fiduciary Trust Company (Vanguard).

Contributions

The Society makes contributions equal to a discretionary percentage, as determined by the Society's Governing Council. The Society elected to contribute 6% of each employee's eligible compensation for the years ended December 31, 2022 and 2021.

Participants may contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. There was \$12,809 and \$0 employee rollover contributions for the years ended December 31, 2022 and 2021, respectively.

Participants direct the investment of their rollover and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with amounts rolled over from other qualified plans, an allocation of the Society's contribution to the Plan, and an allocation of net investment income or loss, less applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 1 - Description of the Plan (Continued)

Vesting

All contributions by the Society, together with earnings thereon, vest to the individual participants in accordance with the Plan's current vesting schedule based on years of continuous service. A participant is 50% vested after two years of credited service and 100% vested after three years of credited service. A participant will be 100% vested if, while employed, the participant dies or becomes disabled. Participants are immediately vested in their rollover contributions.

Notes receivable from participants

A participant may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months, or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from two to ten years. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service, death or disability and at any point in time thereafter, a participant or designated beneficiary may elect to receive a lump sum amount or installments equal to his or her vested account balance. If no election is made, distributions are made no later than when a participant reaches age 65 or upon disability or death. Distributions may be deferred until the normal retirement date; however, payments must begin no later than the April 1st following the calendar year in which the participant attains age 70½. Participants whose account balances are less than \$5,000 upon termination will receive a lump-sum cash distribution. In certain hardship situations, as described in the Plan document, participants may withdraw their vested account balances while actively employed.

Forfeitures

Nonvested portions of the Society's contributions are forfeited as of a participant's termination date and are used to reduce the Society's contributions. The forfeiture balance totaled \$58,934 and \$19,641 as of December 31, 2022 and 2021, respectively. No forfeitures were used to reduce employer contributions during the years ended December 31, 2022 and 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the plan's gains and losses on investments bought and sold, as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end, based on quoted market prices. The Plan invests in the Vanguard Retirement Savings Trust III (the Vanguard Trust), a separately managed investment fund, that is 100% invested in the Vanguard Retirement Savings Master Trust, a collective trust. The Trust is valued at fair value using NAV as a practical expedient.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loan defaults recorded as benefit payments during the years ended December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Subsequent events

The Plan has performed an evaluation of subsequent events through September 6, 2023, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Note 3 - Information Certified by the Plan's Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and note receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard.

The Wilderness Society 401(a) Retirement Plan

Notes to Financial Statements (Continued)

Note 4 - Investments and Fair Value Measurement

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,584,717	\$ -	\$ -	\$ 12,584,717
Vanguard Trust*	-	-	-	1,568,736
Total investments	<u>\$ 12,584,717</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,153,453</u>

The following table presents the Plan's investments measured at fair value within the GAAP fair value hierarchy at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,443,206	\$ -	\$ -	\$ 15,443,206
Vanguard Trust*	-	-	-	1,620,376
Total investments	<u>\$ 15,443,206</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,063,582</u>

(*) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2022 and 2021:

Investment	2022	2021	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Vanguard Trust	\$ 1,568,736	\$ 1,620,376	\$ -	Daily	None

Note 5 - Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by the Vanguard Group, which is related to Vanguard, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing agreements rather than a direct payment. Additionally, personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

Notes to Financial Statements (Continued)

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Plan adopted a prototype non-standard profit sharing plan sponsored by the Vanguard Group. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan Sponsor is not aware of any course or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax periods in progress.

Note 8 - Concentrations

Plan investments held in various Vanguard funds approximated 69% and 64% of total investments as of December 31, 2022 and 2021, respectively.
