Report of Independent Auditors

To the Plan Administrator and Participants,
Coca-Cola Southwest Beverages 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Coca-Cola Southwest Beverages 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Coca-Cola Southwest Beverages 401(k) Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coca-Cola Southwest Beverages 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coca-Cola Southwest Beverages 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coca-Cola Southwest Beverages 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coca-Cola Southwest Beverages 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2022 Supplemental Schedules Required by ERISA

The supplemental schedules, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Coca-Cola Southwest Beverages 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

1. Description of Plan

General

The following description of the Coca-Cola Southwest Beverages 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Coca-Cola Southwest Beverages, LLC (“the Company” or “Plan Sponsor”). The Plan was established April 1, 2017 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Amendments and Restatements

The Plan was most recently amended and restated June 1, 2021 to bring the Plan into compliance with requirements of the 2017 Cumulative List (Notice 2017-37).

Effective May 27, 2022, the Plan was amended to exclude distributions from a nonqualified unfunded deferred compensation plan from eligible compensation.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2021, include eligibility for long-term part-time employees. In December 2022, SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Eligibility

Employees who have attained the age of 18 and have completed 30 days of service are eligible to participate in the Plan. Employees covered by a collective bargaining agreement, leased employees, employees of any controlled group employer, and non-resident aliens are not eligible to participate in the Plan. Employees are automatically enrolled in the Plan at a pre-tax rate of 3% on the first day of the payroll period coinciding with or next following the date upon meeting the eligibility.

Contributions

Participant Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). After-tax “Roth” contributions are not permitted – see Note 10. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

1. Description of Plan

Contributions (continued)

Participant Contributions (continued)

The Plan includes a qualified automatic contribution arrangement (“QACA”) provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants are set at a 3% pre-tax defined rate of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The deferral rate automatically increases 1% each year up to a maximum of 6%.

Employer QACA Safe-Harbor Matching Contributions

The Company makes QACA safe-harbor matching contributions equal to 100% of each participant’s salary deferral amounts up to 3% of compensation, plus 50% of the participant’s salary deferrals that exceed 3% of compensation, up to a maximum of 9% of eligible compensation. The Company is required to make a true-up of its safe-harbor match based on annualized contributions. For the year ended December 31, 2022, the Company made \$20,041,410 in safe-harbor matching contributions which are reflected as employer contributions on the statement of changes in net assets available for benefits.

Employer Non-Elective Matching Contributions

Additional discretionary matching contributions may be made at the option of the Company’s Board of Directors. Participants who are employed on the last day of the Plan year (unless the participant qualifies for a permissible exemption per Plan literature) are eligible to receive the discretionary match, which is allocated in the same ratio that each participant’s compensation bears to the total compensation of all participants. For the year ended December 31, 2022, the Company made no such contributions into the Plan.

Participant contributions and the Company’s safe-harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company’s contributions, and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company’s safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Company's non-elective matching contributions portion of their accounts is based on years of continuous service. Participants’ are 100% vested after two years of continuous service.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the immediate preceding 12 month period. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Participants may have a maximum of one loan outstanding at one time. Loan terms may not exceed five years, unless for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation from the Company, participants with account balances less than \$5,000, will have a single lump sum payment made automatically into an individual retirement account of the plan administrator's choosing. The Plan document further stipulates that account balances less than \$1,000 are to be automatically paid to the participant, without consent.

Forfeited and Unallocated Accounts

As of December 31, 2022 and 2021, non-vested and unallocated expense budget accounts totaled \$1,285,111 and \$1,313,514, respectively. For the year ended December 31, 2022, participants forfeited \$1,328,313 in previously contributed non-vested amounts. During the year ended December 31, 2022, \$1,362,386 of forfeited amounts were used to reduce Plan expenses and Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee of the Plan. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the matters disclosed in Note 11, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule(s), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company, trustee of the Plan.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the security is traded.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

4. Fair Value Measurements (continued)

Collective trust funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 1,286,275	\$ -	\$ -	\$ 1,286,275
Mutual funds	293,137,359	-	-	293,137,359
Common stock	40,662,627	-	-	40,662,627
Total assets in fair value hierarchy	\$ 335,086,261	\$ -	\$ -	\$ 335,086,261
Investments measured at NAV ^(a)				114,143,060
Total investments, at fair value				<u>\$ 449,229,321</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 1,313,513	\$ -	\$ -	\$ 1,313,513
Mutual funds	357,896,336	-	-	357,896,336
Common stock	41,597,793	-	-	41,597,793
Total assets in fair value hierarchy	\$ 400,807,642	\$ -	\$ -	\$ 400,807,642
Investments measured at NAV ^(a)				121,835,885
Total investments, at fair value				<u>\$ 522,643,527</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient.

As of December 31, 2022:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trust Funds	\$114,143,060	None	Immediate	None

As of December 31, 2021:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trust Funds	\$121,835,885	None	Immediate	None

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by State Street Bank and Trust Company ("State Street"). State Street is the Plan trustee and, therefore, transactions related to these investments qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2022, the Plan also made direct payments to the record-keeper, trustee, and third-party administrator totaling \$872,341. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

7. Income Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan offered by Transamerica Retirement Solutions, LLC. The submitted plan received an IRS Opinion Letter dated June 30, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has since been amended, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Administrative Failure

Delinquent Participant Contributions

During the years ended December 31, 2019, and 2018, the Company failed to remit certain participant contributions to the Plan within the time frame required by the Department of Labor’s Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Company. Delinquent remittances of participant contributions, including loan repayments amounted to \$8,992,257 and \$2,669,216 for the years ended December 31, 2019, and 2018, respectively. The delinquent participant contributions were remitted to the Plan during the respective plan years; however, the Plan Sponsor did not calculate the applicable lost earnings and credit participant accounts with any lost earnings until the plan year ended December 31, 2022. The Company has implemented controls to prevent such an error from occurring in the future. Plan management corrected this administrative failure by calculating and crediting participant accounts with lost earnings of approximately \$105,000 during the plan year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

10. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2022	2021
Net assets per financial statements	\$ 466,833,829	\$ 541,147,852
Difference between loan balance reported on the financial statements and loan balance reported on the Form 5500 (deemed distributions)	(250,800)	(247,409)
Net assets per the Form 5500	<u>\$ 466,583,029</u>	<u>\$ 540,900,443</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

For the Year Ended December 31,	2022
Net change per financial statements	\$ (74,314,023)
Change in loan balance reported on the financial statements and loan balance reported on the Form 5500 (deemed distributions)	(3,391)
Net change per the Form 5500	<u>\$ (74,317,414)</u>

11. Subsequent Events

Effective January 1, 2023, as part of the SECURE 2.0 Act of 2022, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023.

Effective August 1, 2023, the Plan was amended to allow the use of forfeitures from nonelective contributions to reduce future matching contributions.

Effective January 1, 2023, the Plan was amended to permit after-tax “Roth” deferrals.
