INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Pilot Air Freight, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pilot Air Freight, LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 6, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period from January 1, 2023 to January 6, 2023, and for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Pilot Air Freight, LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of January 6, 2023 and December 31, 2022, and for the period from January 1, 2023 to January 6, 2023, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Pilot Air Freight, LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pilot Air Freight, LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pilot Air Freight, LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pilot Air Freight, LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the period from January 1, 2023 to January 6, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

1. Description of Plan

The following description of the Pilot Air Freight, LLC Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Pilot Air Freight, LLC (the “Company”) who have attained the age of 19 or older, with entry dates at the start of each month. Independent contractors, employees who do not live in the United States of America, and individuals who are not employees of the Company or a participating employer, are excluded from participation in the Plan. The Plan’s effective date is March 1, 1982. Participants may enter the Plan monthly immediately following the date on which such requirements are satisfied. Effective November 1, 2022, the Plan was amended and restated in order to freeze the Plan from further eligibility for participation effective on December 31, 2022 (see Note 10). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s Administrative Committee oversees governance of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

During 2022, Maersk, Inc. entered into an agreement to acquire Pilot Air Freight, LLC. As a result of this acquisition, effective January 1, 2023, the Plan was merged with and into the Maersk, Inc. Savings Plan. The plan merger initiated a “Black Out” period beginning December 29, 2022 and continued through January 27, 2023. During 2023, the assets of \$86,150,646 and \$2,122,206 of participant loan balances were transferred to John Hancock Trust Company, LLC, the trustee of the Maersk, Inc. Savings Plan.

Contributions

Each year, participants may contribute a percentage of their eligible annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Contributions may be designated as pretax and/or Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Due to the Plan merger noted above, there were no participant contributions or rollovers during the period from January 1, 2023 to January 6, 2023. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible or hired employees, unless they affirmatively elect not to participate, are enrolled in the Plan with a default deferral rate set at 6% of eligible compensation. Effective April 1, 2019, employees who are brought into the Plan because of an acquisition whose prior employer sponsored a 401(k) plan are also subject to the Plan’s auto-enrollment provision. Contributions are automatically invested in a designated balanced fund until changed by the participant. Contributions are subject to certain statutory limitations.

The Plan provides for a discretionary employer matching contribution that is calculated each pay period and is provided to participants who have attained age 19 and completed 12 months of service. The entry date for the discretionary employer matching contribution is immediately following the date on which eligibility requirements are satisfied. For the period from January 1, 2023 to January 6, 2023, the Company did not make any discretionary employer matching contributions. For the year ended December 31, 2022, the Company made discretionary employer matching contributions of \$2,951,136.

Notes to Financial Statements
As of January 6, 2023 and December 31, 2022 and
For the Period From January 1, 2023 to January 6, 2023 and
For the Year Ended December 31, 2022

The discretionary employer matching contribution is calculated as follows:

- If a participant makes elective deferral contributions from 1% to 4% of compensation, they are considered “Tier 1” contributions. With respect to the initial 1% of compensation contributed and for each percentage increase within the tier, the Company will provide a discretionary employer matching contribution in an amount equal to 25% of the amount that the participant contributed. This amount is calculated on a cumulative basis with respect to each percentage of compensation contributed.
- If a participant makes elective deferral contributions from 5% to 8% of compensation, they are considered “Tier 2” contributions. With respect to the 5% of compensation contributed and for each percentage increase within the tier, the Company will provide a discretionary employer matching contribution in an amount equal to 50% of the amount that the participant contributed that exceeds 4% of compensation. This amount is calculated on a cumulative basis with respect to each percentage of compensation contributed. The amounts contributed in Tier 2 are in addition to the amounts that a participant may receive from making Tier 1 Contributions.
- If a participant makes elective deferral contributions from 9% to 12% of compensation, they are considered “Tier 3” contributions. With respect to the 9% of compensation contributed and for each percentage increase within the tier, the Company will provide a discretionary employer matching contribution in an amount equal to 100% of the amount that the participant contributed that exceeds 8% of compensation. This amount is calculated on a cumulative basis with respect to each percentage of compensation contributed. The amounts contributed in Tier 3 are in addition to the amounts that a participant may receive from making Tier 1 and Tier 2 contributions.

The Company may also contribute a discretionary profit-sharing contribution. Any discretionary profit-sharing contributions will be allocated to eligible participants’ accounts on a per capita basis. To receive this contribution, the participant must have attained age 19 and completed 12 months of service and be employed by the Company on the last day of the Plan year. The entry dates for the discretionary profit-sharing contribution are the earlier of January 1st and July 1st following the date on which eligibility requirements are satisfied. No discretionary profit-sharing contributions were made for the period from January 1, 2023 to January 6, 2023 nor for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and any discretionary employer matching contribution, as well as allocations of discretionary profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant’s vested account.

Vesting

Participants are fully and immediately vested in their elective deferral and rollover accounts, plus earnings thereon. Vesting in the Company’s discretionary employer matching contribution and profit-sharing contributions is based on years of service, as defined in the Plan document and based on the following schedule:

Forfeited and Unallocated Accounts

As of January 6, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0 and \$4,538, respectively. Forfeited amounts shall be utilized to reduce future discretionary employer matching and profit-sharing contributions or pay administrative expenses. The Company used \$0 and \$274,827 of forfeitures to reduce discretionary matching and profit-sharing contributions during the period from January 1, 2023 to January 6, 2023 and for the year ended December 31, 2022, respectively. The Company used \$0 and \$188,991 of forfeitures to reduce administrative expenses during the period from January 1, 2023 to January 6, 2023, and for the year ended December 31, 2022, respectively. During the period from January 1, 2023 to January 6, 2023 forfeited non-vested accounts of \$4,539 were transferred to John Hancock Trust Company, LLC as part of the Plan merger with and into the Maersk, Inc. Savings Plan.

The Plan maintains an unallocated expense budget account (see Note 7). This is a non-interest bearing account that is funded by investment-related fund revenue received from mutual fund service providers and is used to pay certain administrative expenses. Administrative expenses paid from this account amounted to \$0 and \$238,807 for the period from January 1, 2023 to January 6, 2023 and for the year ended December 31, 2022, respectively. The balance of the expense budget account was \$0 and \$58,964 as of January 6, 2023 and December 31, 2022, respectively. During the period from January 1, 2023 to January 6, 2023, \$58,964 of the expense budget account was transferred to John Hancock Trust Company, LLC as part of the Plan merger with and into the Maersk, Inc. Savings Plan.

Payment of Benefits

Upon termination of service, retirement, or death, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in his or her account. Participants may also elect to receive installment payments or partial payments. If a distribution is not requested and the balance is between \$1,000 and \$5,000, the account balance will be transferred by the Plan administrator to an individual retirement account established on behalf of the participant. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. Hardship withdrawals are also allowed if the participant is determined to have an immediate and heavy financial need. Participants may also take in-service distributions upon attainment of age 59½. In-service distributions are not permitted upon disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed 5 years unless the loan is used to purchase a primary residence, for which applies a maximum period of ten years. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest, ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. A participant may have only one loan

outstanding at any given time, unless such loans were transferred to the Plan as a result of acquisition or merger.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses include investment-related expenses, recordkeeping fees, and professional and investment advisory fees. Fees for the administration of notes receivable from participants and distributions are included in administrative expenses and charged directly to the participant's account initiating the transaction. Certain investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through December 8, 2023, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company, a qualified institution and trustee of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, fully benefit-responsive investment contracts at contract value, cash, notes receivable from participants and accrued income as shown in the statements of net assets available for benefits as of January 6, 2023 and December 31, 2022.
- Investment activity, including net appreciation (depreciation) in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the period from January 1, 2023 to January 6, 2023 and for the year ended December 31, 2022.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of January 6, 2023 and December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

For the Period From January 1, 2023 to January 6, 2023 and
For the Year Ended December 31, 2022

Interest-bearing cash: The carrying value of interest-bearing cash approximates fair value as the money market fund is based on quoted prices and is actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Due to the merger of the Plan with and into the Maersk, Inc. Savings Plan, there were no Plan investments to measure at fair value as of January 6, 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2022:

Investments, at fair value:	Total	Level 1	Level 2	Level 3
Interest-bearing cash	\$ 4,538	\$ 4,538	\$ -	\$ -
Mutual funds	81,185,581	81,185,581	-	-
Total	<u>\$ 81,190,119</u>	<u>\$ 81,190,119</u>	<u>\$ -</u>	<u>\$ -</u>

5. Contracts with Insurance Companies

The Plan holds a group annuity contract at New York Life Insurance Company Anchor Account (“NYL AA”). This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses.

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. Participants do not have contracts; instead, they have a beneficial interest in the group annuity contract of the Plan. The Anchor Account is a stable value product that guarantees principal and accumulated interest. Anchor Account contributions are directed to a New York Life pooled separate account which primarily invests in a diversified portfolio of high-quality, fixed income securities. The assets in this account are owned by New York Life, but are maintained solely for the benefit of participating retirement plans. The Plan owns a promise to pay interest at crediting rates that are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. In addition, certain events (including but not limited to plan termination, layoffs, early retirement programs, or bankruptcy of the plan sponsor) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Amounts held in the NYL AA in the amount of principal accumulated at the guaranteed interest rate. As of January 6, 2023 and December 31, 2022, the Plan held \$0 and \$4,426,449, respectively, in the NYL AA.

For the Period From January 1, 2023 to January 6, 2023 and
For the Year Ended December 31, 2022

The guaranteed minimum interest rate per the contract will reflect the investment experience of the underlying pooled separate account and will be at rates declared by New York Life not less frequently than annually nor more frequently than daily. In no event, will such interest rates be less than zero. There are no reserves against the NYL AA for credit risk of the contract issuer or otherwise.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the NYL AA at contract value on a daily basis. Direct transfers to competing investment options are not permitted. Any transfers out of the NYL AA must first go through a non-competing investment option and reside there for a minimum of ninety days before transfer to a competing investment option. Certain events (including but not limited to plan termination, layoffs, early retirement programs, or bankruptcy of the plan sponsor) might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan can terminate the contract by providing written notice to New York Life Insurance Company 10 days prior to the termination date. New York Life Insurance Company can terminate the contract on any business date for any reason on 12 months' advance written notice to the Plan. If the contract was terminated by the Plan or New York Life Insurance Company, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump-sum distribution, which may result in a distribution that is less than contract value. If the Plan elects to terminate the contract without a market value adjustment, New York Life Insurance Company may require 12 months' advance written notice.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party and Party-In-Interest Transactions

Plan investments include a cash reserve account and non-interest-bearing cash account maintained at State Street Bank and Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation (depreciation) in fair value of investments. Fees paid directly from participant accounts are included in administrative expenses. Fees paid by the Plan for administrative and recordkeeping services to Transamerica Retirement Solutions LLC ("Transamerica") were \$0 and \$396,202 for the period from January 1, 2023 to January 6, 2023 and for the year ended December 31, 2022, respectively.

Transamerica, the Plan recordkeeper, or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Transamerica or its affiliates may receive revenue from mutual fund investments for services Transamerica or its affiliates provide to the mutual fund investments. This revenue may be used to offset certain amounts owed to Transamerica or its affiliates for administrative services to the Plan. If the revenue received by Transamerica or its affiliates from such mutual fund investments exceeds the amounts owed as agreed to by Transamerica and the Plan for administrative services, Transamerica or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay the Plan's administrative expenses or allocated to the accounts of the participants. During the period from January 1, 2023 to January 6,

2023, and for the year ended December 31, 2022, the related amounts deposited into the Plan were \$0 and \$184,259, respectively. Such amounts are also included in the net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits for the period from January 1, 2023 to January 6, 2023 and for the year ended December 31, 2022. The Plan or Plan Sponsor may make a payment to Transamerica or its affiliates for administrative expenses not covered by revenue sharing. During the period from January 1, 2023 to January 6, 2023 and for the year ended December 31, 2022, the Plan used \$0 and \$238,807 of unallocated accounts to pay administrative expenses, respectively. No such amounts were allocated to participants. As of January 6, 2023 and December 31, 2022, the Plan had \$0 and \$58,964, respectively, in the unallocated accounts.

During 2022, the Company failed to remit to the Plan's custodian certain employee contributions totaling \$72 within the period prescribed by the Department of Labor regulations. During 2023, the Company made contributions to the affected participant accounts to compensate the participant for potential lost income due to the 2022 processing delays. The Company believes that these transactions do not affect the tax status of the Plan and took action prescribed by the regulations to remedy such errors.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary employer matching and profit-sharing contributions.

9. Tax Status

Effective July 1, 2022 and then again on November 1, 2022, the Plan was amended and restated by adopting a pre-approved non-standardized 401(k)/profit sharing plan sponsored by CCH Incorporated, DBA ftwilliam.com. The IRS issued an opinion letter dated June 30, 2020, stating that the preapproved profit sharing plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements. Although the Plan has been amended since receiving the opinion and advisory letters, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 6, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

10. Plan Amendments

Effective January 1, 2022, the Plan was amended for the following provisions:

- Remove the 12-month service requirement to become eligible for the Plan;
- Update which employees were excluded from the Plan;
- Include the Plan merger with the DSI Logistics, LLC 401(k) Plan.
