INDEPENDENT AUDITORS' REPORT

To the Trustee and Participants of the
Precision Build Solutions, LLC Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed our audits of the accompanying financial statements of Precision Build Solutions, LLC Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audits]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Precision Build Solutions, LLC Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Precision Build Solutions, LLC Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Build Solutions, LLC Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that audits conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing our audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Precision Build Solutions, LLC Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Build Solutions, LLC Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits do not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

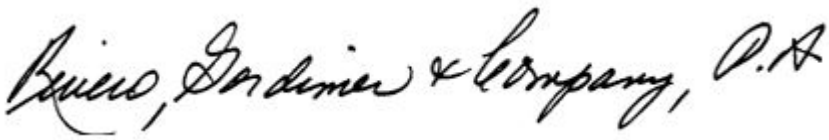

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year as of December 31, 2022) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Precision Build Solutions, LLC Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of Precision Build Solutions, LLC Profit Sharing Plan (formerly named Tampa Tank & Welding, LLC. Profit Sharing Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

1. General

Precision Build Solutions, LLC Profit Sharing Plan ("Plan") is a defined contribution plan established to provide a retirement program for the employees of Precision Build Solutions, LLC, Tampa Tank & Welding, LLC, Florida Miscellaneous Steel Products, Inc., and General Engineering Corporation (collectively, the “Company”). Employees with one year of employment, as defined in the Plan Agreement, are eligible for participation. Amounts contributed by the Company are determined annually on a discretionary basis by the Board of Directors.

Effective August 1, 2018, the Plan was amended to include a 1% automatic escalation of the participant deferral percentages each year up to a maximum deferral percentage of 10%. The initial deferral escalation went into effect on August 1, 2018 during the plan year ended December 31, 2018. Staring January 1, 2019, automatic escalation of the participants deferral percentage takes effect on January 1st each year.

2. Contributions

Participant before-tax contributions are permitted, subject to limitations related to total Company and participant contributions, certain percentage tests related to contributions by highly compensated employees, and the legal maximums. There is a limited, non-discretionary employer match. Participants have an immediate, fully vested interest in their voluntary contributions and related investment income.

There was a non-discretionary employer match of $31,955 and no discretionary employer contribution for the 2022 plan year. For the 2021 plan year, there was a non-discretionary employer match of $30,738 and no discretionary employer contribution.

3. Participant Accounts

The participant accounts are participant-directed investment options. The participants are allowed to change the percentage contributed to the Plan through payroll deductions at any time. Participants can also move individual accounts from one investment option to another or change how the funds are allocated among investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Each participant in the Plan has a separate account that is credited with the participant's contribution, the Company's matching and discretionary contributions and an allocation of Plan earnings or losses and charged with an allocation of administrative expenses and any distributions taken. Allocations are based on participant account balances, as defined.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of participants' accounts plus actual earnings thereon, is based on years of credited service.

Participants in the Plan start to vest in employer matching and profit sharing contributions after one year of credited service as follows:

Years of Service	Percentage
Less than 1	0%
1	5%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

All participants are fully vested after six years of credited service. Please refer to the Plan document for further details.

5. Payment of Benefits

A participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments computed in various manners, upon termination of service due to death, disability, or retirement. A participant may receive the value of the vested interest in his or her account as a lump sum distribution for termination of service due to other reasons. A participant may receive a lump sum or partial distribution from his or her vested interest, with certain limitations and/or conditions, while still in service. Generally, these distributions are limited to hardship cases or participants who have reached a certain age.

NOTE A - DESCRIPTION OF THE PLAN - Continued

6. Forfeitures

Unallocated forfeited non-vested accounts totaled $34,102 and $32,276 at December 31, 2022 and 2021, respectively. Non-discretionary matching or discretionary employer contribution amounts forfeited by participants whose employment terminated prior to full vesting are allocated to remaining participants on the same basis as the allocation of non-discretionary matching or discretionary employer contributions to the Plan the following Plan year.

7. Plan Termination

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become 100% vested in their employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates.

3. Valuation of Investments and Income Recognition

Investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investments in common collective trusts are valued at the daily closing price as reported by the issuer. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statements of Changes in Net Assets Available for Benefits, which consist of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Contributions

Participants may elect to defer in any amount or in whole percentages of their compensation, subject to the limits of the Internal Revenue Code. The Company matches participant contributions at a rate of 50% of participant elective deferral contributions, not to exceed $300 per participant.

The Company has the right to make an additional discretionary contribution which shall be allocated to each eligible employee in proportion to their compensation as a percentage of the compensation of all eligible employees. Separate accounts are maintained to identify participants' equity relating to employer contributions and voluntary participant contributions.

5. Expenses of the Plan

Certain administrative expenses of the Plan are paid by the Plan and are reflected in the Plan's financial statements. However, certain legal and other operating expenses of the Plan are paid by the Company and, therefore, are not included in the accompanying financial statements.

6. Payment of Benefits

Benefits are recorded when paid.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE C - FINANCIAL DATA CERTIFIED BY THE TRUSTEE (UNAUDITED)

The investments of the Plan are held and administered by Equitable Life Insurance Company for the year ended December 31, 2022. Equitable Life Insurance Company, the trustee, has supplied the Plan administrator with certain information utilized in preparing the financial statements and supplemental schedules. The Plan administrator has obtained certifications from the trustee certifying that the information provided is complete and accurate.

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan's independent certified public accountants.

NOTE C - FINANCIAL DATA CERTIFIED BY THE TRUSTEE (UNAUDITED) - Continued

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to be complete and accurate by the trustees:

	2022	2021
Investments, at fair value		
Pooled separate accounts	$ 3,673,850	$ 6,707,485
Guaranteed interest option	1,559,268	880,383
	$ 5,233,118	$ 7,587,868
Investment income		
Interest and dividends	$ 17,549	$ 10,480
Net (depreciation) appreciation in fair value of investments	(966,625)	738,445
	$ (949,076)	$ 748,925

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

Pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Investments in certain restricted mutual funds are valued at quoted market prices of the issuer.

Guaranteed interest option: Valued at the daily closing price as reported by the issuer.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The methods described previously may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Pooled separate accounts	$ 3,673,850	$ -	$ 3,673,850	$ -
Guaranteed interest option	1,559,268	-	1,559,268	-
Total	$ 5,233,118	$ -	$ 5,233,118	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Pooled separate accounts	$ 6,707,485	$ -	$ 6,707,485	$ -
Guaranteed interest option	880,383	-	880,383	-
Total	$ 7,587,868	$ -	$ 7,587,868	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no transfers between Level 1 and 2 and no transfers into or out of Level 3.

NOTE E - TAX STATUS OF THE PLAN

Effective October 1, 2011, the Plan adopted the use of the Fifth Third Bank Defined Contribution Prototype Plan and Trust ("FDCP"). The FDCP has been amended since receiving the Internal Revenue Service determination letter.

Effective February 16, 2021, the Plan adopted the use of the AXA Equitable Life Insurance Company Volume Submitter Profit Sharing/401(k) Plan. The Plan was last amended in December 2020 with an effective date of December 9, 2020. The Plan sponsor believes that the Plan continues to qualify and operate as designed.

The Company believes that the Plan, as amended, qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE F - EXCESS CONTRIBUTIONS

In order to remain a qualified plan under Internal Revenue Service Regulations, the Plan must satisfy the 401(k) nondiscrimination requirements each year, which limit the percentage of compensation that can be contributed by highly compensated employees, as defined in the Internal Revenue Code, relative to the percentage of compensation contributed by non-highly compensated employees. The Plan has satisfied the requirements for 2022 and 2021.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

To the Plan Trustee
Precision Build Solutions, LLC Profit Sharing Plan

We have audited the financial statements of Precision Build Solutions, LLC Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and we will issue our report thereon dated November 30, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements of information related to assets held for investment of the Plan (investment information) by Equitable Life Insurance Company, the trustee, which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for our obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 26, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates included in the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of the fair value of financial instruments held by the Plan in Note C to the financial statements is particularly sensitive as it informs the financial statement users about the different types of investments and the fair value methodology used for those investments in determining the Plan's net assets available for benefits.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing of the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit other than those that are trivial and communicate them to the appropriate level of management. We are pleased to report that no such misstatements arose during the course of our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 30, 2023.

Management Consultation with Other Independent Accountants

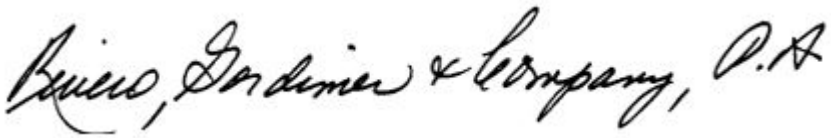

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Trustee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.
