**FINANCIAL STATEMENTS**

**YEARS ENDED DECEMBER 31, 2022 and 2021**

## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of  
EDGES Electrical Group 401(k) Plan  
San Jose, California

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of EDGES Electrical Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EDGES Electrical Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, which is a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EDGES Electrical Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EDGES Electrical Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EDGES Electrical Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EDGES Electrical Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# EDGES ELECTRICAL GROUP 401(k) PLAN

## Notes to Financial Statements

December 31, 2022 and 2021

### Note 1 - Description of plan

#### General

The following description of EDGES Electrical Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution 401(k) plan that was originally established in 2003 by Granite Electrical Supply ("GES") to provide benefits to eligible employees, as defined in the Plan Document.

Edges Electrical Group LLC ("EDGES" or the "Plan Sponsor"), a California limited liability company, was formed on September 10, 2014 to combine the synergies of Electrical Distributors Co. ("ED") and GES and commenced operations effective January 1, 2015. On this date, all employees of ED and GES became employees of the new entity EDGES; and the Plan name was changed to EDGES Electrical Group 401(k) Plan. All employees of EDGES are allowed to participate in the Plan once they meet the eligibility requirements.

Effective August 25, 2022, the Plan was amended to change the trustees of the Plan.

Subsequent to year ended December 31, 2022, on January 10, 2023, the Plan assets were transferred to the Quintes 401(k) Pooled Employer Plan.

#### Administration

EDGES has appointed trustees to manage the operation and administration of the Plan and they are responsible for oversight of the Plan. EDGES contracted with Voya Retirement Insurance and Annuity Company ("Voya") to act as the Plan custodian. EDGES has adopted a non-standardized pre-approved 401(k) plan and has contracted with Pacific Retirement Plans, Inc., a third-party administrator, for processing and maintaining the records of participant data and monitoring compliance with governmental regulatory requirements.

#### Contributions

Each year, participants may elect to defer up to 100% of their annual gross compensation as defined in the Plan Document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also permits Roth 401(k) contributions and rollovers into the Plan as well as after-tax contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in pooled separate accounts and a fixed annuity fund to its participants. Effective January 1, 2019, the Plan Sponsor is allowed to make matching contributions as defined in the Plan document, and currently makes matching contributions of 50% of employee deferrals of up to 6% of eligible compensation. Matching contributions for the years ended December 31, 2022 and 2021 were \$631,290 and \$541,530, respectively. Contributions are subject to certain IRS limitations.

## Notes to Financial Statements

December 31, 2022 and 2021

### Note 1 - Description of plan (continued)

#### Participant accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor matching contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately vested in their contributions, the employer safe harbor contributions, plus actual earnings thereon. Effective January 1, 2019, vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

#### Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan Sponsor. Loan terms range up to five years or may exceed five years for the purchase of a primary residence. A participant may only have one loan outstanding at any given time. Principal and interest are paid ratably through bi-weekly payroll deductions.

#### Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is \$5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of \$1,000 or less may be distributed as a lump-sum amount without the participant's consent.

#### Forfeited accounts

Forfeitures of non-vested employer contributions may be used to reinstate previously forfeited account balances of participants or to satisfy employer contributions related to a corrective action or to pay plan administrative expenses. No forfeitures were used in 2022 or 2021. At December 31, 2022 and 2021, the balance of forfeited non-vested accounts was not material to the financial statements.

### Note 2 - Summary of accounting policies

#### Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

# EDGES ELECTRICAL GROUP 401(k) PLAN

## Notes to Financial Statements

December 31, 2022 and 2021

### Note 2 - Summary of accounting policies (continued)

#### Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments in pooled separate accounts and the fixed annuity fund, and management's estimate of the allowance for losses on notes receivable from participants.

#### Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. See Note 5 for the fair value measurement of the fixed annuity fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

#### Payment of benefits

Benefits are recorded when paid.

#### Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments to participants and notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Such fees totaled \$10,342 and \$9,244, for the years ended December 31, 2022 and 2021, respectively. Fees paid by the Plan for investment management services are included as a reduction of the return on each investment and charged to participants' accounts.

### Note 2 - Summary of accounting policies (continued)

#### Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through October 13, 2023, which is the date the financial statements were available to be issued.

### Note 3 - Certified investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at December 31, 2022 and 2021, and net appreciation and depreciation in fair value of investments and interest and dividends for the years ended December 31, 2022 and 2021, were obtained by management, and agreed to or derived from information certified as complete and accurate by Voya, the custodian of the Plan.

### Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan's fixed annuity fund is reported daily, based on the valuation methods disclosed in the annuity contract, as calculated by the annuity provider (see Note 5).

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were valued at Levels 1 and 3 for the years ended December 31, 2022 and 2021. There have been no changes in the methodologies used at December 31, 2022 and 2021.

#### Note 4 - Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$ 16,847,282
Fixed annuity fund	-	1,154,616	-	1,154,616
Investments at fair value	\$ -	\$ 1,154,616	\$ -	\$ 18,001,898
	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$ 19,815,440
Fixed annuity fund	-	751,543	-	751,543
Investments at fair value	\$ -	\$ 751,543	\$ -	\$ 20,566,983

\* In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Investments	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice
	2022	2021			
Pooled separate accounts	\$16,847,282	\$19,815,440	n/a	Daily	1 Day

The Plan's investments in pooled separate accounts are valued at the Net Asset Value ("NAV") of units held. The NAV is based on the fair value of the underlying investments held by the fund, less liabilities. The underlying securities are comprised of bonds, LifeStyle funds, and mutual funds. Bond funds are invested in fixed income securities for investors primarily seeking income and growth of income, with less emphasis on capital appreciation. LifeStyle funds invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds, or money markets, as determined at the discretion of the fund manager to achieve the best risk adjusted performance based on the stated objectives of the particular fund. Mutual funds invest in a combination of stocks and bonds within and outside the United States. The investment style varies to achieve growth, value, or a blend of growth and value.

### Note 5 - Fixed annuity fund

The fixed annuity fund (Voya Fixed Account) held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. All funds invested by the Plan in the Voya Fixed Account receive the same credited rate. The crediting rate is based on a formula established by the contract issuer, may not be less than 1%, and is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date. The fixed annuity fund is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The Voya Fixed Account is not considered to be fully benefit-responsive due to a provision in the Plan's investment contract that imposes restrictions on participant-initiated transactions such as transfers to other funds within the Plan. This contract is required to be reported at fair value, which was \$1,154,616 and \$751,543 at December 31, 2022 and 2021, respectively.

Events that may limit the ability of the Plan to transact at contract value with the issuer include premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives.

The average yield earned by the fixed annuity fund for each of the years ended December 31, 2022 and 2021 was 1%.

### Note 6 - Rollover contributions

During 2022, rollover contributions of \$35,692 from other plans came from two active participants and during 2021, rollover contributions of \$176,350 from other plans came from three active participants.

### Note 7 - Related-party and party-in-interest transactions

Plan investments in pooled separate accounts and the fixed annuity fund are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation and depreciation in fair value of investments. Voya paid asset-based fees calculated at 30 basis points to other service providers pursuant to a revenue sharing arrangement for each of the years ending December 31, 2022 and 2021. Refer to **Note 2 - Expenses** for expenses of the Plan paid by the Plan participants to parties-in-interest. The Plan Sponsor pays any other fees related to the Plan's operations.

### Note 8 - Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

## Notes to Financial Statements

December 31, 2022 and 2021

### **Note 9 - Tax status**

The Internal Revenue Service has determined and informed Voya by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

### **Note 10 - Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
