INDEPENDENT AUDITORS' REPORT

To the Plan Committee of
AIM Bancshares, Inc. 401(k) and Employee Stock Ownership Plan

Opinion on the 2023 Financial Statements

We have audited the accompanying financial statements of AIM Bancshares, Inc. 401(K) and Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of February 28, 2023, and the related statement of changes in net assets available for benefits for the period then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of February 28, 2023, and the changes in its net assets available for benefits for the period then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP") (liquidation basis).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Plan Management for the 2023 Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditors' Report on the 2022 Financial Statements

We were engaged to audit the 2022 financial statements of the Plan as permitted by ERISA Section 103(a)(3)(C). Plan management, having determined it permissible in the circumstances, elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit").

As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the AIM Bancshares, Inc. (the “Company”) 401(k) and Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Board of Directors of the Company voted to freeze and terminate the Plan effective December 1, 2020.

General

The Company established the Plan effective as of January 1, 2007. The Plan includes a stock bonus plan, which is intended to qualify as an Employee Stock Ownership Plan (“ESOP”) under Sections 401(a) and 4975(e)(7) of the Internal Revenue Code of 1986, as amended, and Section 407(d)(6) of the employee Retirement Income Security Act of 1974. The Plan is also a profit-sharing plan that contains a 401(k) feature. The Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

In November of 2020, the Company merged with Heartland Financial USA, Inc (“Heartland”). Due to the merger, the AIM Bancshares Inc. common stock was converted to shares of Heartland common stock plus cash consideration.

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“*CARES Act*”) was signed into law enacting certain relief provisions for qualified individuals. Qualified individuals are those diagnosed with COVID-19 or have a spouse or dependent who have been diagnosed, or who experience "adverse financial consequences" as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of childcare, or other factors due to the COVID-19 pandemic.

Plan management evaluated the relief provisions available to plan participants under the *CARES Act* and implemented the following provisions: a) participants are allowed to take penalty-free coronavirus-related distributions up to \$100,000, with repayment terms of up to three years, during the period from January 1, 2020, through December 31, 2020, b) participants are allowed to take loans up to the lesser of \$100,000 or 100% of the participant’s vested account balance, during the period from March 27, 2020, through September 22, 2020, c) participants with an outstanding plan loan on or after March 27, 2020 are allowed to defer for one year any loan payments due during the period from March 27, 2020, through December 31, 2020, and d) participants are allowed to suspend their required minimum distributions for the 2020 plan year.

Eligibility

The Plan covers all employees of the Company who are age 21 or older and have completed one year of service. Prior to December 1, 2020, employees were eligible to participant in the Plan following the completion of eligibility requirements.

Contributions

Prior to December 1, 2020, participants may contribute up to 80 percent of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants self-direct the investment of their contributions into various investment options offered by the Plan through Charles Schwab. The Company shall designate whether the matching contribution is made to the 401(k) portion or the ESOP portion and may make matching contributions in Company stock or in cash and, if made in cash, may be designated for investment in Company stock. Matching contributions made in Company stock or directed by the Company to be invested in Company stock will be considered part of the ESOP portion of the Plan. Each year, the Company may decide, at its discretion, the amount, if any, it will contribute to the Plan as a discretionary contribution. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Payment of Benefits

For distributions on account of death, disability, or retirement, a participant, or in the case of death, their designated beneficiary, may elect to receive a lump sum, substantially equal monthly, quarterly, semiannual or annual installment payments, or a direct rollover if the participant's total vested benefit exceeds \$1,000 as of the distribution date. Vested ESOP account balances shall be distributed as a lump sum as soon as administratively feasible following the date the participant separated from service. If the terminated participant does not elect to take a distribution at the time, they are eligible to take a distribution, the Trustees shall liquidate the ESOP stock portion and move that to the investments as per the participant's investment selection in the 401(k) source. This liquidation will be processed as long as there is enough ESOP cash in the Plan to accomplish the transaction. The Plan also allows for in-service distributions upon the attainment of age 65, in the 401(k) portion of the Plan.

Administrative Expenses

As provided in the plan agreement, administrative expenses may be paid either by the Plan or by the Company.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. The Trustees are permitted to vote any allocated shares for which instructions have not been given by a participant as well as any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries as instructed by the Plan Committee.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Prior to December 1, 2020, each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and plan earnings. Participant accounts are credited each pay period with cash contributions related to deferral and matching contributions. Allocations of Company stock contributions are made as of the end of the plan year. Following the Company's Board of Director's election to freeze the Plan on December 1, 2020, no contributions were allowed to be made to the Plan and, as such, the only credits to participants' accounts are related to plan earnings. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their 401(k) fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at prime plus two percent. Principal and interest are paid ratably through payroll deductions. A participant may have only one outstanding loan at a time.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of stock distributed to participants for which there is no market. The put price is representative of the fair market value of the Company stock on the date the participant exercises the put option, generally as determined pursuant to the Plan's most recent valuation. The Company can pay for the purchase in substantially equal annual installments over a period of not more than five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversifications

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may choose to transfer the portion of his or her eligible account balance covered by the election to the 401(k) portion of the Plan or receive a cash distribution.

Forfeited Accounts

As of February 28, 2023 and December 31, 2022, forfeited non-vested accounts total \$0, respectively. These accounts may be used to reduce future employer contributions or to pay plan expenses. For the period ended February 28, 2023, plan expenses in the amount of \$0 were paid from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the liquidation basis of accounting. There are no material differences in the Plan's financial statements using the liquidation basis of accounting compared to the accrual basis of accounting.

Adopted Accounting Pronouncements

In July 2018, Financial Accounting Standard Board ("FASB") issued Accounting Standard Update ("ASU") 2018-09, Codification Improvements, which includes amendments to Subtopic 962-325, Plan Accounting - Defined Contribution Pension Plans - Investments. The amendment removes the stable value common collective trust fund from the illustrative example to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value ("NAV") per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at NAV in accordance with Accounting Standard Codification ("ASC") 820. ASU 2018-09 was adopted by the Plan on January 1, 2020, and did not have a significant impact on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in accordance with the liquidation basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock and participant directed investments (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally at the end of the plan year.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of February 28, 2023, and December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. The custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of February 28, 2023 and December 31, 2022, and for year ended February 28, 2023.

	<u>2023</u>	<u>2022</u>
Cash, non interest bearing	<u>\$ -</u>	<u>\$ 225,827</u>

4. TAX STATUS

The IRS has determined and informed the Plan by a letter dated June 30, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receipt of the determination letter, plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taking jurisdictions. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and Company common stock. Investment securities and common stock are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of the investment securities and common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Charles Schwab Bank ("Charles Schwab"). Charles Schwab is the custodian as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees paid by the Plan for custodial services are included in net appreciation in fair value of investments and administrative expenses.

Certain plan investments are managed by Plains Capital Bank ("Plains Capital"). Plains Capital is a custodian as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees paid by the Plan for custodial services are included in net appreciation in fair value of investments and administrative expenses.

Plan transactions and records are administrated by Leverage. Leverage is the record keeper and third party administrator as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for third party administrative services are included in administrative expenses of the Plan.

The Plan is subject to an annual audit in order to remain in compliance with ERISA regulations. Huselton, Morgan & Maulsby, P.C. is the plan auditor and, therefore, this transaction qualifies as a party in interest transaction which is exempt from prohibited transaction rules. Fees incurred by the Plan for the audit are included in administrative expenses.

7. PLAN TERMINATION

The Board of Directors of the Company, the Plan's Sponsor, has determined to terminate the Plan. All distributions related to the Plan's termination have been made as of February 28, 2023. As stated in Note 1 the Plan was terminated December 1, 2020.

8. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through December 12, 2023, the date the financial statements were available to be issued, and determined there were no items to disclose.
