Excell Communications, Inc. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Excell Communications, Inc. 401K Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

We performed a compilation engagement with respect to the 2021 financial statements and our report thereon, dated September 29, 2023, stated we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held At End of Year for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. **Description of the Plan**

The following brief description of the Excell Communications, Inc. 401K Plan (the "Plan") is provided for general information purposes only. Participants should refer to the comprehensive plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective April 1, 2020 by Excell Communications, Inc. (the "Company") who is the sponsor of the Plan. The Plan is a contributory defined contribution plan covering all eligible employees of the Company as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In January 2022, Prower Telco Services Inc. was incorporated under the laws of the State of New York. At the time of incorporation, the Company received 50% ownership shares with the remaining 50% shares owned by an independent third party. The Plan intends to allow Prower Telco Services Inc. to become a participating employer in the Plan, and contributions for its employees are to be followed according to the Plan's outline for *Contributions.*

Trustee (Custodian) and Administration of the Plan

The trustee (custodian) and record-keeper of the Plan is Reliance Trust Company (the "Trustee"), which is a subsidiary of Fidelity National Information Services, Inc. The administrator of the Plan is the Company. The trustee (custodian) holds all assets of the Plan in accordance with the service provider contract with the Company. The investment committee or plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Any employee of the Company becomes an eligible participant in the Plan following their date of hire subject to the completion of three months of service and the attainment of twenty-one years of age unless (1) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless the collective bargaining agreement requires the employee to be included within the Plan; (2) certain nonresident aliens who have no earned income from sources within the United States; (3) leased employees; (4) employees who are residents of Puerto Rico; and (5) certain part-time, temporary, and seasonal employees whose scheduled service is less than 1,000 hours of service in any year of employment. An eligible participant can enter the Plan immediately upon meeting the eligibility requirements.

Contributions

Contributions are comprised of participant deferral contributions including Roth 401(k) deferrals, employer matching contributions, employer discretionary profit-sharing contributions, and rollover contributions as follows:

a) An employee participating in the Plan may annually contribute through payroll deductions, any amount up to 90 percent of compensation not exceeding amounts as determined by the Internal Revenue Service ("IRS").
b) The Plan also allows for Roth contributions.
c) Any participant age 50 or over may make an additional "catch up" contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan.
d) The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

1. Description of the Plan – continued

Contributions - continued

e) Participants may also contribute amounts representing distributions from other qualified retirement plans and certain IRAs (rollover).
f) The Company may make an employer matching contribution as a percent of eligible compensation deferred by participants. Catch-up contributions are not eligible for matching contributions. During 2022, the Company made matching contributions of an amount equal to 100 percent of such contributing participants' elective deferral which does not exceed 4 percent of the contributing participants' compensation.
g) Each year, the Company may also make a discretionary profit-sharing contribution to the Plan. No non-elective discretionary contribution was made for the year ended December 31, 2022.

Participant Accounts

Individual accounts are established for each Plan participant. Each participant's account is credited with the participant's pre-tax contributions and/or Roth contributions, the Company contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The Plan currently offers several mutual funds and stable value funds as investment options for participants. Each participant's account is reduced by withdrawals, losses on investments, expenses of the Plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their individual deferral, Roth, and rollover contributions and the allocated earnings thereon. A participant's vested interest in the Company's matching contributions and discretionary profit-sharing contributions are based upon the participant's years of continuous service. A participant's account vests 20% per year of service completed after the second year, and is 100 percent vested after six years of credited service. A participant earns and accumulates a year of vesting when their account is credited with 1,000 hours of service during a plan year. With respect to the Company's matching contributions and profit-sharing contributions, any unvested portion of their account shall be forfeited on the earlier of the date of the distribution of your vested account balance or when you incur five consecutive 1-Year Breaks in Service. A participant shall be considered 100% vested in the matching and profit-sharing contributions upon reaching normal retirement age or termination of service due to death or disability. As of December 31, 2022, the vesting schedule of employer matching and profit-sharing contributions was as follows:

Vesting Service (in Years)	Vesting Percentage (%)
Less than 1 year	0
At least 1 year, but less than 2	0
At least 2 years, but less than 3	20
At least 3 years, but less than 4	40
At least 4 years, but less than 5	60
At least 5 years, but less than 6	80
6 years or more	100

1. Description of the Plan – continued

Notes Receivable – Participant Loans

Participants are permitted to borrow a minimum of $500 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan. Loans are secured by the participant's account and bear an interest rate at the prime rate plus 2%. The interest rate is fixed for the duration of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 30 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC. Participants are limited to two outstanding loans at any time.

Participant loans are reclassified as notes receivable from participant, and are measured at the unpaid principal balance plus unpaid accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan. Deemed distributed loans for the year ended December 31, 2022 were $13,804.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined in the Plan, or termination of service. After attaining age 59-1/2, 100 percent of the participant's account may be withdrawn for any reason. In the event of termination of employment, a participant may elect to receive, as a lump-sum distribution, his/her participant contributions and earnings thereon, and vested Company contributions and earnings thereon, leave the account in the Plan, or rollover the vested balance to another qualified retirement plan or IRA.

If the participant's vested account balance does not exceed $5,000, then their vested account balance may only be distributed in a single lump-sum payment. If the participant's vested account balance exceeds $5,000, they may elect to receive a distribution of their vested account balance in:

- a single lump-sum payment
- installments over a period of not more than their assumed life expectancy (or the assumed life expectancies of them and their beneficiary)
- partial withdrawals of at least $500

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately $13 and $5,466, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. Approximately $27,724 of the forfeited funds were used to pay administrative expenses and/or fund employer contributions in 2022.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in the Plan are reported at fair value in accordance with ASC 820, Fair Value Measurements. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. No allowance for credit losses had been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies - continued

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Investment Information Certified by the Plan's Trustee and Custodian (Unaudited)

Certain information related to the investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company ("Reliance").

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

The fair value of investments at December 31, 2022 and 2021 as reported by the trustee is:

	2022	2021
Stable value fund	$187,619	$197,339
Mutual funds	2,240,069	1,221,336
Total funds	$2,427,688	$1,418,675

Investment income for the year ended December 31, 2022 as reported by the trustee is:

	2022
Interest on notes receivable - participant loans	$2,225
Net depreciation in fair value of investments	(488,386)
Dividends	167,963
Total investment income (loss)	($318,198)

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds: Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the Fund's underlying assets, which are principally marketable securities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2022 and 2021.

Stable value funds (common collective trusts): Shares of the stable value funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements – continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

	2022			
	Level 1	Level 2	Level 3	Total

	$1,221,336	$197,339	$-	$1,418,675

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by the Plan's investment managers/advisors. Participant loan and distribution processing fees are paid to Reliance or the third-party administrator/recordkeeper by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Refund of Excess Contributions

The Plan failed the IRC Section 402(g) limit test, IRC 401(k) Actual Deferral Percentage ("ADP") and/or Actual Contribution Percentage ("ACP") compliance tests of employees and employer contributions for the year ended December 31, 2022. The Plan corrected the test failure by returning the excess contributions to the respective employees in the following year. Certain excesses of employer contributions are not refunded, but are forfeited. The refund included income/(loss) allocable to the excess contributions. As of December 31, 2022 and 2021, the excess contributions payable was $938 and $0, respectively.

8. Income Tax Status

The Plan adopted an ADP prototype non-standardized profit sharing 401(k) plan. The Internal Revenue Service has determined and informed ADP by an opinion letter dated October 6, 2020, that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

9. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021, respectively:

	2022	2021
Net assets available for benefits per the financial statements	$2,542,396	$1,475,411
Contributions receivable	(29,959)	(37,725)
Corrective distribution payable	829	-
Net assets available for benefits per the Form 5500	$2,513,266	$1,437,686

The following is a reconciliation of net change in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

	2022
Net increase in net assets available for benefits per the financial statements	$1,066,985
Add: current year distribution payable	829
Less: current year contributions receivable	(29,959)
Add: prior year contributions receivable	37,725

11. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 16, 2023, the date the financial statements were available to be issued.

Subsequent to the end of the year, it is more likely than not that the Plan may have a partial termination pursuant to Section 411(d)(3) of the Internal Revenue Code (“IRC”). When a partial termination occurs, all affected participating employees who had a severance from employment during the applicable period must be fully vested in their account balance or their accrued benefit, to the extent funded, regardless of the Plan’s vesting schedule. The plan administrator is currently evaluating the impact that the partial termination may have on the Plan and which participants require an acceleration of vesting due to the partial termination.

On March 23, 2023, pursuant to a stock purchase agreement, the Company acquired all shares of Tele/Cable, Inc. based in South Plainfield, New Jersey. Tele/Cable, Inc. has been asked to continue with its existing 401K Plan under DOL transaction rules. However, as set forth under IRC Section 414(b) and 414(c), Tele/Cable, Inc. is considered part of a controlled group, and its employees would be considered when performing required plan testing including a minimum coverage test.

Effective July 1, 2023, the Plan was amended to allow Prower Telco Services Inc. to become a participating employer in the Plan.
