INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees of
403(b) Thrift Plan of Ozark Opportunities, Inc.
Harrison, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of 403(b) Thrift Plan of Ozark Opportunities, Inc., an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of February 28, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 403(b) Thrift Plan of Ozark Opportunities, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended February 28, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of Ozark Opportunities, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Ozark Opportunities, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of Ozark Opportunities, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Ozark Opportunities, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedules of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled February 28, 2022 Financial Statement

Plan management is responsible for the accompanying financial statement of 403(b) Thrift Plan of Ozark Opportunities, Inc., which comprises that statement of net assets available for benefits as of February 28, 2022. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement of 403(b) Thrift Plan of Ozark Opportunities, Inc. as of February 28, 2022.

Note 1 – Description of the Plan

The following description of 403(b) Thrift Plan of Ozark Opportunities, Inc. (Plan) provides only general information. For a more complete description of the Plan's provisions, participants should refer to the plan document and summary plan description, which are available from the Plan administrator.

General. 403(b) Thrift Plan of Ozark Opportunities is a defined contribution plan covering all eligible employees of Ozark Opportunities, Inc. (Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees are eligible except those excluded by the plan document.

Contributions. Each year, participants may contribute any amount they choose provided that amount is not greater than the maximum amount permitted by law. There are no service requirements for employees to begin salary deferrals. At the August 25, 2022, Board of Directors meeting, the Board voted to change the service requirement to receive the employer base contribution from 90 days of service to 30 days of service. After meeting the service requirement, all eligible participants automatically receive a base employer contribution from Ozark Opportunities, Inc. equal to 5% of eligible compensation. Employees are not automatically enrolled for employee contributions. If an employee wishes to contribute a portion of their salary they must complete the Authorization for Voluntary Salary Reduction form. When an employee opts to make contributions, their contributions are automatically placed into a default pool unless they specify otherwise. They can do this through the third-party administrator's website.

Participant accounts. Each participant's account is credited with the participant's contributions and employer matching contributions as well as Plan earnings less administration expenses. All accounts reflect the total amount of contributions allocated to such accounts and the earnings thereon, any payments or withdrawals on the participant's behalf from such accounts and any expenses of such accounts attributable to the participant's interest therein. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their salary deferrals plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Participants are not vested until after two years of service where they become 25% vested and after three years they are 100% vested.

Notes receivable from participants. Participant loans are not permitted under the Plan.

Payment of benefits. On termination of service due to death, disability, or retirement, the participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount or various annuity options.

Forfeited accounts. The Employer utilized \$16,699 in forfeitures to offset the base employer contribution.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of the interest accumulation account which is considered by Plan management as comparable to a cash equivalent and therefore exempt from classification under ASC 820-10. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Operating Expenses

Operating expenses may be paid by the Employer or the Plan, at the Employer's discretion.

Subsequent Events

The plan administrator has evaluated subsequent events through December 13, 2023, the date the financial statements were available to be issued. The plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

Note 3 – Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and certified that the plan qualifies for a Section 103(a)(3)(C) audit. Accordingly, as permitted under such election, the following investment information was certified by Mutual of America, the custodian, and was not subjected to any auditing procedures performed by the independent public accountants.

- A) Total investments as shown in the accompanying statements of net assets available for benefits of \$2,375,249 as of February 28, 2023.
- B) Net investment income including depreciation in fair value of investments, as shown in the accompanying statement of changes in net assets available for benefits of \$(179,804) for the year ended February 28, 2023.
- C) All investment-related information in the accompanying supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of February 28, 2023.

Participants direct the custodian regarding the investment of amounts held in their accounts.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

403(b) THRIFT PLAN OF OZARK OPPORTUNITIES, INC.

Notes to Financial Statements

February 28, 2023

Note 4 – Fair Value Measurements (Cont.)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2023 and 2022.

Mutual funds (Registered Investment Companies): Valued at the daily closing price as reported by the fund. Mutual funds are registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

Interest Accumulation Account: Valued at fair value as reported by the Plan's custodian. Investments in the interest accumulation account are liquid and not subject to any form of interest rate adjustment. Amounts held in the interest accumulation account is considered comparable to interest bearing cash equivalents.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of February 28, 2023 and 2022:

Assets at Fair Value as of February 28, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
			<u>Total</u>
Interest Accumulation Account:	\$ 298,589		\$ 298,589
Registered Investment Companies:	2,375,249	-	2,375,249

The accompanying notes are an integral part of this schedule.

403(b) THRIFT PLAN OF OZARK OPPORTUNITIES, INC.

Notes to Financial Statements

February 28, 2023

Note 5 – Party-In-Interest

The Plan incurs expenses related to general administration and recordkeeping. The Plan sponsor pays these expenses and certain accounting and auditing fees relating to the Plan. Certain Plan investments are units of funds managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7 – Plan Tax Status

The plan sponsor adopted a prototype 403(b) Thrift Plan offered by Mutual of America Life Insurance Company. The Plan was most recently amended effective March 1, 2019. The prototype 403(b) Thrift Plan received an opinion letter, dated March 31, 2017, stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Accordingly, no provisions for income taxes have been included in the Plan financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. As of February 28, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal form 5500 is generally open for examination by the federal taxing authority for a period of three years after the filing date or after the return due date, including all approved extensions. As of the year ended February 28, 2023, the plan had no tax audits in progress.

Note 8 – Risks and Uncertainties

Ozark Opportunities invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
