Report of Independent Auditors

The Plan Administrator and 401(k) Plan Committee of
Inspirage, LLC 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Inspirage, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of October 27, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits (in liquidation) for the period from January 1, 2023 to October 27, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Inspirage, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 27, 2023 and December 31, 2022, and for the period from January 1, 2023 to October 27, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Inspirage, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As further discussed in Note 1, the Board of Managers of Inspirage, LLC made a decision to terminate the Plan. As a result, the Plan used the liquidation basis of accounting in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Inspirage, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 – Description of Plan

The following description of the Inspirage, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was a defined contribution plan covering substantially all employees of Inspirage, LLC, and was subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Inspirage, LLC (the Company) was the Plan's sponsor and served as Plan administrator.

Plan termination – In 2022 the Company entered into a purchase and sale agreement with a third party. Per the terms of the agreement, the Inspirage, LLC, Board of Managers adopted a resolution effective December 28, 2022, to terminate the Plan. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. The Plan's termination also ceased employee and employer contributions into the Plan and ceased new participant notes receivable from the Plan. All of the Plan's assets were distributed by October 27, 2023.

Eligibility – Prior to termination, employees of the Company were eligible to participate in the Plan on the first day of the month following their hire date.

Contributions – The Plan allowed eligible employees to defer up to 90% of their compensation as pre-tax or Roth contributions. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled at a 6% pre-tax deferral rate unless they elected a different deferral rate or affirmatively elected not to participate. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other eligible plans (rollovers).

The Plan was a safe harbor 401(k) plan and, therefore, in order to maintain safe harbor status, the Company would make a safe-harbor contribution equal to 3% of eligible compensation. In addition, the Company could make a discretionary qualified nonelective contribution for all eligible employees based on a cross-tested allocation formula using a participant group allocation method. The Company could also make a discretionary matching contribution up to 4% of eligible compensation. For the 2023 Plan period, the Company made no contributions to the Plan.

Contributions were subject to certain IRS limitations.

Participant accounts – Participant contributions to the Plan were voluntary. Participants were allowed to direct the investment of all contributions into various investment options that offered a diversity of investment risk and return. Each participant's account was credited with any contributions made to the account, as well as Plan earnings and losses. Allocations were based on participant compensation or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting – Upon Plan termination, Participants were immediately vested in all contributions to the Plan and earnings thereon. Prior to termination, participants were fully vested in employee contributions and safe-harbor contributions.

Notes receivable from participants – The Plan allowed participants to borrow from accounts representing their vested account balance. In no event could the participant borrow less than \$1,000 or more than the lesser of 50% of their vested balance or \$50,000. Loan terms ranged from one to five years unless it was used to acquire a principal residence, in which case the term of the loan was not to exceed 15 years unless the loan was taken out with a prior recordkeeper in which case the term could not exceed 30 years. The loans bore interest at local prevailing rates as determined quarterly by the Plan administrator. Participants could only have one loan outstanding at any given time. As of October 27, 2023, there were no remaining loans in the Plan.

Payment of benefits – Upon termination of service, retirement, death, or disability, the value of a participant's account was payable, at each participant's or beneficiary's option, in either a single lump-sum or installments over a certain period equal to the value of the participant's account balance. The Plan also provided for hardship withdrawals in accordance with provisions specified in the plan document and in-service withdrawals for participants over the age of 59½.

Note 2 – Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on the liquidation basis of accounting whereby assets are recorded at the amounts they will be liquidated when paid to participants. There were no adjustments to Plan assets as a result of the liquidation basis as all assets were liquidated at fair value.

Use of estimates – The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value. The Plan's trustee, Fidelity Management Trust Company, certified the fair value of the investments. If available, quoted market prices were used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities were recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants were measured at amortized cost, which represented unpaid principal balance plus accrued but unpaid interest. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded. All unpaid notes receivable were recorded as benefit payments for the period from January 1, 2023 to October 27, 2023.

Benefits paid to participants – Benefits paid to participants were recognized when they were paid.

Investment management and administrative expenses – The Plan's investment options were subject to management fees based on a percentage of investment assets, as disclosed in the fund's prospectus. All such fees were charged directly against the fund's investment performance and not separately disclosed in the accompanying financial statements. Transaction-based fees for loans were charged directly to participant accounts. The Company paid substantially all of the administrative expenses on behalf of the Plan.

Subsequent events – The Plan's management has evaluated subsequent events through December 15, 2023, the date on which the Plan's financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 27, 2023 and December 31, 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Collective trust – Units held in collective trusts (CT) were valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. As of October 27, 2023 and December 31, 2022, and for the period from January 1, 2023 to October 27, 2023, the redemption frequency was daily and there were no commitments or redemption restrictions on the CT.

The following table discloses by level the fair value hierarchy of the Plan's assets as of December 31, 2022:

	Fair Value Measurements at December 31, 2022 (in Liquidation)			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,118,355	\$ -	\$ -	\$ 30,118,355
Investments measured at NAV practical expedient				2,934,767
Total investments at fair value				\$ 33,053,122

Note 4 – Tax Status

The Plan adopted a preapproved plan which received notification from the Internal Revenue Service (IRS) by a letter dated June 30, 2020, that the preapproved Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC).

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks.

Note 6 – Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of October 27, 2023 and December 31, 2022.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the period from January 1, 2023 to October 27, 2023.

Note 7 – Party-in-Interest Transactions

Certain Plan investments were managed by Fidelity Management Trust Company, the trustee; therefore, transactions with this entity qualified as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to Fidelity Management Trust Company were insignificant for the period from January 1, 2023 to October 27, 2023.
