## Independent Auditors' Report

To the Trustees and Plan Administrator  
Electro Enterprises, Inc. 401(k) Plan  
Oklahoma City, Oklahoma

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of the Electro Enterprises, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits (Liquidation Basis) as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits (Liquidation Basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, described in Note E to the financial statements, is complete and accurate.

As discussed in Note A to the financial statements, the governing body of the Plan approved a plan of termination and liquidation on September 15, 2022. The Plan terminated and all assets of the plan were distributed by December 31, 2022. In accordance with accounting principles generally accepted in the United States of America, effective September 15, 2022, the Plan changed its basis of accounting to the liquidation basis. Our opinion is not modified with respect to this matter.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors’ Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## NOTES TO FINANCIAL STATEMENTS (LIQUIDATION BASIS)

### ELECTRO ENTERPRISES, INC. 401(K) PLAN

December 31, 2022

#### NOTE A--PLAN DESCRIPTION

The following description of the Electro Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan covering substantially all employees of Electro Enterprises, Inc. (the "Company") who have completed twelve months of service (1,000 hours) and are age 18 or older. Employees may begin participating in the Plan on the first day of the quarter following the date in which the employee has met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company enacted the Plan effective January 1, 2011.

The Plan provides an employer Safe Harbor matching contribution. Under the Safe Harbor provision, participants are immediately vested in the Company's matching contributions that are made into their accounts. The Safe Harbor provision also eliminates the Internal Revenue Service (IRS) requirement for certain annual nondiscrimination testing.

Termination: Due to a recent acquisition of the Company, the Plan's governing body approved a plan for termination of the Plan on September 15, 2022. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. The Plan's termination also ceased employee and employer contributions into the Plan. Substantially all of the Plan's assets were transferred to the acquiring company's benefit plan. All assets of the Plan were distributed by December 31, 2022.

Contributions: Participants may not make voluntary contributions to the Plan. Participants may make elective deferrals to the plan of a minimum of 1% of compensation up to a maximum of the lesser of 80% of their annual compensation or the annual limitations imposed by the IRS. The IRS' limit was \$20,500 for the year ended December 31, 2022. Plan participants age 50 and older were eligible to make a catch-up contribution of an additional \$6,500 to the Plan during 2022. Rollover contributions from qualified plans are permitted under the Plan agreement.

During the year ended December 31, 2022, the Company made safe harbor contributions of 100% of a participant's contributions up to 4% of the participant's eligible compensation. The Company did not make any regular matching or profit sharing contributions to the Plan during the year ended December 31, 2022.

Vesting: Participant contributions, Company safe harbor contributions and earnings thereon are fully vested at all times.

NOTE A--PLAN DESCRIPTION--Continued

Payment of Benefits: Participants who terminate employment due to death, permanent disability or normal retirement may receive all benefits in a lump-sum payment equal to the value of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of their vested interest as a lump-sum distribution.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Investment Options: Participant accounts are 100% participant directed. Upon enrollment, participants may direct their contributions, in any increments, to any of the investment options provided by the custodian. The investments are allocated among one cash equivalent and several mutual fund options which are registered under the Investment Company Act of 1940.

Participant Accounts: Each participant's account is credited with the participant's contributions, Company contributions, if any, and Plan earnings. Allocations are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration: A Company employee serves as the Plan Administrator having overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan, determine questions concerning eligibility, participation and benefits, and such other powers and duties as are necessary to the operation of the Plan. The Company pays a portion of the costs of the Plan.

Income Tax Status: The IRS has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2019.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the liquidation basis of accounting in accordance with generally accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

Subsequent Events: Management has evaluated subsequent events through December 8, 2023, which is the date the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

NOTE C--INVESTMENT RISKS AND UNCERTAINTIES

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 (the Plan held no investments at December 31, 2022):

Investments	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,885,920	\$ -	\$ -	\$ 5,885,920
Total assets accounted for at fair value	\$ 5,885,920	\$ -	\$ -	5,885,920
Money market*				606,606
Total investments				\$ 6,492,526

\* - Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE E--INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits (liquidation basis) as of December 31, 2022 and 2021.
- Investment income (net depreciation in fair value of investments), as shown in the statement of changes in net assets available for benefits (liquidation basis) for the year ended December 31, 2022.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE F--TRANSACTIONS WITH EXEMPT PARTIES-IN-INTEREST

Certain Plan investments are managed by Empower, which also serves as the Plan's trustee and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Certain assets of the Plan consist of notes receivable from participants which are considered exempt party-in-interest transactions under ERISA.
