SEDITA KILTON

INDEPENDENT AUDITOR'S REPORT

Culligan Florida West Coast 401(k) Profit Sharing Plan
Ft. Myers, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of Culligan Florida West Coast, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted, by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United Statements of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (HELD AT END OF YEAR) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

General:

The following is a summary of major Plan provisions of the Culligan Florida West Coast 401(K) Profit Sharing Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established on January 1, 1998, and the Plan was restated January 1, 2022.

Participation:

The Plan is a defined contribution plan covering all employees after attaining the age of twenty-one and meeting a one-year service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participants may contribute up to 100% of pretax annual compensation subject to certain limitations, as defined, and participants direct the investment of their contributions in various investment options offered by the Plan. Contributions to the Plan may be made as normal 401(k) contributions or on an after-tax basis as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are permitted for participants.

The Plan provides for discretionary employer matching contributions for Participants who are employed at the end of the year or who have provided at least 500 hours of service at a discretionary percentage of a participant's compensation or a discretionary dollar amount to be determined on a uniform basis for all eligible participants. For the year ending December 31, 2022, the employer elected not to match employee contributions.

Contributions are subject to certain limitations established by the Internal Revenue Code.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the employer's discretionary matching contributions, Plan earnings, and administrative expenses. Employer matching contributions are credited to participant accounts based on specific allocations as previously described in "Contributions". Allocations of Plan earnings and administrative expenses are based on the individual account balance as a percentage of total invested assets.

Vesting:

Participants are vested immediately in their contributions and actual earnings thereon. Participants become vested in employer matching contributions as follows:

Years of Service	Vesting Percentage
Fewer than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Additionally, participants become 100% vested upon normal retirement, death, permanent disability, or termination of the plan.

Payment of benefits:

Active employees may elect to withdraw all or any portion of the participant's vested interest in his or her account upon the attainment of age 59 1/2 , hardship, or the attainment of normal retirement age subject to certain limitations prescribed by the Plan.

Upon termination of service due to termination of employment, death, disability or retirement, a participant or his estate may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum paid in cash.

Notes Receivable from Participants

A participant may borrow from his or her vested account balance with a minimum loan amount of $1,000 up to 50% of their vested account balance, reduced by the highest outstanding loan balance during the preceding 12 months, or $50,000. Loan terms shall not be for more than five years, unless it qualifies as a home loan for the purchase of a principal residence. Loans are secured by the participant's account and bear interest at prime plus 1%. The loans are subject to certain restrictions, as defined by the Plan document and applicable restrictions of the Internal Revenue Code. A participant may have only one outstanding loan at any time. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022, the rate of interest on outstanding loans ranges from 4.25% to 8.50% with maturities through December 2027.

Forfeitures:

Forfeitures are used to reduce the employer contributions in the year the forfeiture occurs. At December 31, 2022 and 2021, there were no forfeited nonvested account balances and no forfeitures were used to reduce employer contributions during the year ending December 31, 2022.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Investment valuation and income recognition:

The Plan's investments (Note 3) are stated at fair value and contract value. Fair value is determined using the quoted closing or last bid prices on the last day of the Plan year. The value of the investments increase or decrease to reflect the investment experience of the mutual funds. Contract value is the relevant measurement for assets invested in fully-benefit responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Nationwide does not guarantee the values of the investments included in the accounts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized losses and unrealized depreciation of those investments.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued, but unpaid, interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of an event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Uses of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 – FAIR VALUE MEASURMENT

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers are described as follows:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions

The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

There are no plan assets requiring the use of Level 2 or Level 3 inputs and there were no changes in the methods used to measure fair value at December 31, 2022 and 2021.

Level 1 Fair Value Measurements

Mutual funds are valued at the net asset value of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The accompanying financial statements and supplemental schedule include the following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee Nationwide Trust Company, FSB:

	Year ended December 31,	
	2022	2021
Investments, at Fair Value		
Mutual funds	$ 2,300,015	$ 3,235,063
Investments, at Contract Value		
Guaranteed investment contract	154,702	67,561
Investment Income:		
Net depreciation in fair value of investments	(721,371)	n/a
Dividend income	131,345	n/a
Interest income	2,130	n/a

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive contract (FBRIC) with Nationwide Life Insurance Company (Nationwide). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at contract value on the face of the statement of net assets available for benefits. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting rate is based on a formula established by the contract issuer, but it may not be less than 0.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the plan's prohibition on competing investment options; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations; (4) the failure of Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of Nationwide. Nationwide is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service has determined by a letter dated June 30, 2020 that the non-standardized pre-approved profit sharing/money purchase/CODA plan sponsored by Pension Financial Services, Inc. (PFS) is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the determination letter. However, the plan administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be take that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – ADMINISTRATIVE COSTS

The Plan's administrative expenses are paid by either plan participants or the Company, as provided by the Plan document. Certain administrative functions are performed by the employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions are charged directly to the participant's account.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – FIDELITY BOND

ERISA requires that every person who handles funds or other property of a plan be bonded. The amount of the bond is equal to the lesser of 10% of the funds handled at the beginning of the Plan reporting period or $500,000. The Plan Sponsor carried a fidelity bond of $500,000 at the beginning of the Plan reporting periods beginning January 1, 2022 and 2021.

NOTE 11 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination or discontinuance of matching contributions, participants will become fully vested in their accounts.

NOTE 12 – SUBSEQUENT EVENTS

There were no subsequent events that require adjustment to the financial statements or disclosure in the financial statements. Subsequent events have been evaluated through December 15, 2023 which is the date the financial statements were available to be issued.
