INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
ExteNet Systems, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of ExteNet Systems, LLC 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplementary information, which comprise the schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ExteNet Systems, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - ExteNet Systems, LLC 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through December 20, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - ExteNet Systems, LLC is the plan sponsor/employer and plan administrator. Fidelity Management Trust Company ("Fidelity"), is the trustee that has custody of plan assets. Fidelity Workplace Services LLC is the recordkeeper that maintains investment and participant records and tax counsel that performs various compliance tests. Mesirow Financial Inc. and Strategic Advisors, Inc. are the plan's investment advisors.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The earnings on investments bought, sold and held during the years is reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Money market fund and mutual funds - Valued at the daily published market prices as reported by the funds. The money market fund and mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - Valued at NAV based on units of the common/collective trust fund. The common/collective trust fund is a direct filing entity valued at NAV. The NAV, as certified by Fidelity, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Notes to Financial Statements
December 31, 2022 and 2021

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 387,965	\$ -	\$ -	\$ 387,965
Mutual funds	23,163,341	-	-	23,163,341
Total investments in the fair value hierarchy	<u>\$23,551,306</u>	<u>\$ -</u>	<u>\$ -</u>	<u>23,551,306</u>
Investments measured at NAV (a)				170,404
Total investments at fair value				<u>\$23,721,710</u>

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 265,223	\$ -	\$ -	\$ 265,223
Mutual funds	30,589,263	-	-	30,589,263
Total investments in the fair value hierarchy	<u>\$30,854,486</u>	<u>\$ -</u>	<u>\$ -</u>	<u>30,854,486</u>
Investments measured at NAV (a)				161,422
Total investments at fair value				<u>\$31,015,908</u>

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for these investments (participant transactions (purchases and sales) may occur daily); the redemption notice period, if any, is applicable only to the plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$170,404	n/a	daily	n/a
December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 2008 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to make elective deferral contributions and receive employer discretionary matching and profit sharing contributions immediately upon hire. Employees may begin receiving employer safe harbor contributions upon completing one year of service with at least 1,000 hours of service during the one-year period. Employees begin receiving employer safe harbor contributions on the first day of the plan quarter once these requirements are met. In addition, for employer profit sharing contributions, if any, employees must be employed on the last day of the plan year to which the contribution relates.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferrals.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer safe harbor contributions are paid equal to 3% of eligible compensation.
- d. Employer matching contributions may be made at the employer's discretion. There have been no such contributions since the plan's inception.
- e. Employer profit sharing contributions may be made at the employer's discretion. There have been no such contributions since the plan's inception.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions. Participants are allowed to change their investment options on a daily basis.

Vesting - Participants are always 100% vested in their elective deferral contributions, employer safe harbor contributions, rollover contributions, and related earnings. Participants begin vesting in employer matching and profit sharing contributions, if any, and related earnings upon two years of service at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age (defined as age 65). Distributions are generally required to be in the form of a lump sum. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59 1/2.

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

ExteNet Systems, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2022 and 2021

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Participants may not have more than one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2022, the notes receivable from participants had various repayment schedules through September 2033 with interest rates between 4.25% and 6.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity manages plan investments and is also the plan trustee as defined by the plan. Therefore, these transactions qualify as party-in-interest transactions. Direct record keeping fees paid by the plan to Fidelity, recorded as a component of administrative expenses, were \$31,000 and \$35,000 in 2022 and 2021. In addition, Fidelity receives indirect compensation from certain mutual fund service providers for services Fidelity provides to the funds. The compensation received by Fidelity is used to offset amounts owed by the plan to Fidelity for administrative services provided.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer matching and profit sharing contributions, if any, and related earnings.

5. INCOME TAX STATUS

The Plan is operating under a Fidelity non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. The letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain tax positions taken and determined that the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE TRUSTEE

Management has obtained certifications from Fidelity, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2022 and 2021;
- b. Dividends and interest income from investments and net appreciation (depreciation) in fair values of investments during 2022 and 2021;
- c. Purchases and sales of investments during 2022 and 2021; and
- d. Contributions to, withdrawals from, investment income (loss) credited to and inter-fund transfers between accounts during 2022 and 2021.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, the financial statements are prepared under the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred. The plan's Form 5500 was prepared under the cash basis method of accounting. As a result, the accompanying financial statements as of and for the years ended December 31, 2022 and 2021 differed from the Form 5500. The following table reconciles the financial statements to the applicable Form 5500.

	<u>2022</u>	<u>2021</u>
Net change in net assets available for benefits per the 2022 financial statements	\$ (7,583,618)	\$ 3,256,213
Add: Prior year receivables	111,457	-
Less: Current year receivables	-	(111,457)
Net income per 2022 Form 5500	<u>\$ (7,472,161)</u>	<u>\$ 3,144,756</u>
	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$24,601,702	\$31,645,320
Add: Prior year receivables	-	-
Less: Current year receivables	-	(111,457)
	<u>\$24,601,702</u>	<u>\$31,533,863</u>

8. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The plan remitted 2022 employee elective deferral contributions of \$129,559 later than required by Department of Labor regulation 2510.03-102. The plan sponsor has calculated and remitted lost earnings related to the late contributions to account for the investment income that would have been earned had the contributions been remitted on a timely basis. In addition, the plan sponsor is working on filing the Internal Revenue Service Form 5330 and paying the associated excise tax.
