Independent Auditor's Report

Dolese Bros. Co. Retirement Committee
Dolese Bros. Co. 401(k) Employees Savings Incentive Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dolese Bros. Co. 401(k) Employee Savings Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is accurate and complete to the best of their knowledge.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Dolese Bros. Co. 401(k) Employees Savings Incentive Plan (the Plan) provides general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees, as defined, of Dolese Bros. Co. (the Company) who have completed 90 days of service. A participant may enter the Plan on the first day of the first pay period in the month following the month in which the participant meets the service eligibility requirement. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations under the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration: The Company serves as the Plan Administrator. The Plan's Retirement Committee (the Committee) has the overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan and to determine questions concerning eligibility, participation, and benefits and such other powers and duties as are necessary to the operation of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Bank of Oklahoma Financial, N.A. (BOK) manages the Plan's certified investments and is the trustee of the Plan.

Contributions and investment options: Participants may contribute between 1% and 50% of their pre-tax annual compensation, as defined in the Plan agreement, up to the maximum allowed by the Internal Revenue Code (IRC). Participants aged 50 and older before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan provides for a Company matching contribution equal to 50% of the participant's salary deferral up to 6%, but not to exceed 3% of the participant's compensation.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution, Company contributions and Plan earnings or losses. Earnings or losses are allocated to each participant based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is limited to that benefit which can be provided from the participant's vested account balance.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant may only have one loan outstanding at any given time. Loan terms may not extend past five years for a general-purpose loan or 15 years for a residential loan. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Committee (8.50% at December 31, 2022). Principal and interest are paid ratably through payroll deductions.

Vesting: Participants are immediately vested in their contributions plus actual earnings or losses thereon. For Company contributions, participants vest 20% after two years of service, 40% after three years, 60% after four years, becoming fully vested after five years of service.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payments of benefits: Upon death, permanent disability, termination of service, or proven financial hardship, participants may elect to receive a lump-sum amount equal to the value of his or her vested account balance. Only beneficiaries on account of death can elect to receive lump sum or installment payments

Forfeitures: Forfeited nonvested accounts are used to restore forfeitures, fund Company matching contributions, reallocated as Company contributions or to pay Plan expenses. Approximately \$271,000 of forfeitures were used in 2022 to pay Plan expenses. At December 31, 2022 and 2021, there was approximately \$18,000 and \$43,000, respectively, remaining in the forfeitures account to be used to fund or pay the aforementioned items.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included as a reduction in net appreciation or included in net depreciation in fair value of investments presented in the statement of changes in net assets available for benefits.

Subsequent events: The Plan's trustee has evaluated subsequent events through December 18, 2023, the date the financial statements were available to be issued.

Effective January 3, 2023, the Plan changed the trustee from BOK to The Charles Schwab Trust Bank.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by BOK, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by BOK related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments, at fair value:		
Mutual funds	\$ 18,429,312	\$ 57,982,711
Collective trust funds	-	15,858,585
Noninterest-bearing cash	-	6
Due from trustee	42,472,999	-
Notes receivable from participants	2,742,411	2,169,919
	<u>\$ 63,644,722</u>	<u>\$ 76,011,221</u>

BOK also certified to the completeness and accuracy of \$11,696,503 of net depreciation in fair value of investments, \$603,856 of interest and dividends related to the aforementioned investments and \$111,882 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued using quoted market prices, as all have active markets.

Collective trust funds: Collective trust funds are valued based on the net asset value (NAV) of units held in the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investments for amounts different than the reported NAV.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the year ended December 31, 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 18,429,312	\$ -	\$ -	\$ 18,429,312
	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 57,982,711	\$ -	\$ -	\$ 57,982,711
Investments measured at NAV (a)				15,858,585
Total investments				\$ 73,841,296

- (a) In accordance with Subtopic 820-10 as amended by Accounting Standards Update (ASU) No. 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Net asset value: The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2022 and 2021:

	Fair Value as of December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Collective trust funds	\$ -	\$ 15,858,585	\$ -	Daily	None

Notes to Financial Statements

Note 5. Risks and Uncertainties

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Note 6. Income Tax Status

The Plan adopted a non-standardized pre-approved plan sponsored by BOK, N.A.. BOK, N.A. has received an advisory letter, dated June 30, 2020, as to the volume submitter plan's qualified status. The pre-approved plan's opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their accounts.

Note 8. Related-Party and Party-in-Interest Transactions

Certain Plan investments held are managed by BOK, who is also the trustee of the Plan's investments, and therefore, the transactions relating to investments managed by BOK qualify as party-in-interest transactions as defined by ERISA.

The Plan holds investments in Cavanal Hill Cash Management funds. The funds are managed by Cavanal Hill Investment Management, Inc., a wholly owned subsidiary of BOK, and therefore, transactions in those funds qualify as party-in-interest transactions.
