Independent Auditor's Report

To the Plan Trustees

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental *Schedule H, Line 4a - Schedule of Delinquent Participant Contributions* for the year ended December 31, 2022, and *Schedule H, Line 4i - Schedule of Assets (Held at End of Year)* as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following plan description of Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted January 1, 1997 and was most recently amended February 1, 2022 and is a contributory defined contribution plan established for the benefit of eligible employees of Afognak Native Corporation (Afognak), certain of its direct and indirect wholly owned subsidiaries, and Alcyon Technical Services JV, an unrelated employer. Collectively, all companies participating in the Plan are referred to as the Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

Under the terms of the Plan, the Board of Trustees manages the operation and administration of the Plan. Bank of America N.A. acts as the trustee and custodian, and Merrill Lynch, Pierce, Fenner & Smith, Inc., a wholly owned subsidiary of Bank of America N.A., processes and maintains the records of participant data. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Acquisition and Plan Merger

During 2018, McCallie Associates, Inc. was acquired by a subsidiary of Afognak Native Corporation, a participating employer in the Plan, and a decision was made by the Board of Trustees on August 6, 2021 to merge McCallie Associates, Inc. 401(k) Profit Sharing and Retirement Plan into the Afognak Native Corporation and Alutiiq, LLC 401(k) Plan effective December 31, 2021. The McCallie plan assets of \$18,561,784, including notes receivable from participants of \$81,131, employee contributions receivable of \$16,974 and employer contributions receivable of \$4,456 were merged into the Plan effective December 31, 2021. As of December 31, 2021, these assets were in-transit as presented on the statements of net assets available for benefits.

Eligibility

Employees of the Companies are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) leased employees; and (4) independent contractors. Participant must be 18 years of age to participate in the Plan.

Unless specifically excluded by provisions in the Plan, employees of all participating Companies, become eligible to participate for purposes of salary deferral contributions and prevailing wage fringe contributions upon commencement of employment. For purposes of other contributions from the Companies, employees become eligible to participate upon completion of six months of service.

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust

Notes to Financial Statements

Contributions

Eligible employees may elect to contribute a minimum of 1% up to a maximum of 75% of eligible compensation, as defined by the Plan. The Plan also allows for Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants will automatically have their deferral rate increase by 1% annually up to a maximum of 10% of eligible compensation. Participants may elect to opt out of the automatic enrollment and can change their elections at any time. The contributions of automatic enrolled participants are invested in a designated balance fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified plans (rollovers from other qualified plans). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies make a matching contribution equal to 40% of the first 10% of eligible compensation that a participant contributes to the Plan. Participants who are highly compensated employees, as defined by the Plan, and those rendering service on specific contracts detailed in the Plan document are not eligible for matching contributions.

Specific government contracts under which the Companies operate offer prevailing wage fringe contributions. Such employees working on these government contracts are eligible for prevailing wage fringe contributions. The prevailing wage fringe contribution is determined using a set hourly rate as defined in the related government contract. This hourly rate is designed to cover the participant's health and welfare benefits. After payment of health and welfare benefit costs, any remaining balance is deposited into the participant's Plan account as an employer contribution based on participant investment elections.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Companies' contributions, Plan earnings and losses, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant eligible compensation, participant contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Active participants are vested immediately in their individual deferral contributions to the Plan, as well as in the Companies' contributions plus actual earnings at all times. As a result of various mergers, certain participants who were not active at time of the merger, maintained the previous vesting schedules in place while they were active participants as it relates to their Company contributions.

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust

Notes to Financial Statements

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$17,046 and \$147,302, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. During 2022, \$1,571 and \$372,611 were used to pay administrative expenses and to fund employer contributions, respectively.

Notes Receivable from Participants

Participants may borrow from their deferral contribution account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a prime rate as reported in the Wall Street Journal plus 2% and is fixed for the term of the loan. Loans generally must be repaid in five years. Principal and interest are paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. A participant may have only one loan outstanding at any time.

Payment of Benefits

Upon termination of service for any reason, including retirement, death, or disability, a participant or the participant's beneficiary may elect to receive a lump-sum amount, equal to the vested interest in his or her account, leave the account in the Plan, or rollover the vested balance to another qualified retirement plan or Individual Retirement Account (IRA). Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance will be rolled into an IRA unless otherwise elected. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal an amount at age 59½ if certain criteria are met.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Companies determine the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Prevailing wage fringe contributions are recognized in the period during which relevant hours of service occur.

Other Income

Bank of America N.A. (BOA) offers plan sponsors on a service-based pricing fee schedule the option to have all investment related revenue returned to the Plan. Investment related revenue is revenue attributable to the plan assets that BOA receives from mutual funds or collective trust providers or their affiliates. Investment related revenues is allocated to participants based on a quarterly basis using account balances as of the previous quarter.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Companies, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, investment management and audit fees. Certain investment expenses which are charged within investments are presented net of the appreciation (depreciation) in fair value of investments. All other expenses of the Plan for the year ended December 31, 2022 were paid by the Companies and are excluded from these financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America N.A. (BOA), a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust

Notes to Financial Statements

- Total Investments, at fair value and notes receivable from participants, shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust

Notes to Financial Statements

These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund - Reported at cost plus accrued interest, which approximates fair value.

Collective trust fund - Reported at fair value using the NAV, which is determined by the administrator of the fund and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the collective trust fund, less any liabilities, and then divided by the number of units outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The underlying asset of the collective trust fund is another collective trust fund, which may invest in fixed income instruments, stable value investment contracts, and other collective trust funds with similar objectives. There are no unfunded commitments and the units of the collective trust fund can be redeemed on a daily basis with no advance notice. The collective trust fund held by the Plan is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$128,077,289	\$ -	\$ -	\$128,077,289

** In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.*

Afognak Native Corporation and Alutiiq, LLC 401(k) Plan and Trust

Notes to Financial Statements

5. Party-in-Interest and Related Party Transactions

BOA manages certain Plan investments. BOA is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Participant loan and distribution processing fees are paid to BOA by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules. See a description of nonexempt party-in-interest transactions in Note 9.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

7. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time, amend the Plan, and to terminate the Plan subject to the provisions of ERISA. However, no such amendment or termination shall deprive any participant of any vested interest in the Plan. If the Plan were to be terminated, participants would become 100% vested in their accounts.

8. Tax Status

The IRS has determined and informed the Plan by a letter dated October 10, 2017, that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since the date of the determination letter, Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Notes to Financial Statements

9. Nonexempt Transactions

During the Plan years ended December 31, 2022, 2021, and 2016 participant contributions and loan repayments totaling \$82,479 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. These contributions and loan repayments were corrected during the year ended December 31, 2022.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2022	2021
Net assets available for benefits per the financial statements	\$ 147,148,469	\$ 174,533,130

Add 2021 deemed loan balance	97,844
Net Loss per the Form 5500	\$ (27,286,817)

11. Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including December 22, 2023, which is the date the financial statements were available to be issued.
