Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statement of the Plan. As permitted by 29 CFR 22520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated January 23, 2023, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Precision Wire Products, Inc., Ultimate Metal Finishing Corp., and Major Cart Service, Inc. (collectively "the Employer") who have completed six (6) months of service. Employees enter the Plan on the first day of the plan year or the first day of the seventh month of such plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute from 3% to 80% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer contributes 33-1/3% of the first 3% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Employer's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's matching contributions, and allocations of (a) the Employer's profit sharing contribution, (b) Plan earnings, and (c) any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Employer's profit sharing and matching contribution plus actual earnings thereon.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements (Continued)

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan repayment terms are for a period not to exceed 5 years, except in the case of loans used to acquire a principal residence, wherein the loan repayment term may be for a longer period. The loans are secured by the balance in the participant's account and bear interest at a fixed rate (prime rate plus 1%) at the date the loan is issued and ranged between 4.25% and 6.50% at December 31, 2021. Principal and interest is normally paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semiannual, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Plan document provides for full vesting for all participants, and participants will receive a distribution equal to the value of their individual accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the certain reported amounts of assets and liabilities and changes in those assets and liabilities and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's reported investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4, for disclosures regarding fair value measurements.

Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment income for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance. Interest income associated with the notes receivable is recorded as earned per the related loan amortization schedules. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for withdrawals and participant loans, are charged directly to the participant's account and are included in administrative expenses. The Plan may also pay administrative expenses related to certain third-party recordkeeping fees and audit fees. Investment related expenses are included in net appreciation of fair value of investments.

3 FINANCIAL INFORMATION CERTIFICATION BY CUSTODIAN AND TRUSTEE

Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedules, which include investments at December 31, 2021 and 2020, interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodian and trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
Mutual funds	\$ <u>4,618,285</u>	\$ <u>-</u>	\$ <u>-</u>

Notes to Financial Statements

5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan has a fully benefit-responsive investment contract with Great-West Life and Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than the minimum interest crediting rate as stated in the contract. Interest crediting rate is reset quarterly. The average yield and crediting interest rate for 2021 and 2020 were as follows:

	<u>2021</u>	<u>2020</u>
Guaranteed Portfolio Fund (IPORT)	0.90 %	1.04 %

Events limiting the Plan's ability to transact at contract value with Great West include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan, (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Under such circumstances a lump-sum payment option at market value or at contract value (which may be deferred to a future date not to exceed 12 months) may be available to the Plan. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with applicable requirements of the IRC.

Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

6. TAX STATUS OF THE PLAN (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West and also deposits in the guaranteed investment account of Great-West. Great-West is the investment contract issuer and holds the Plan's investments in a group annuity contract. Under this contract there are fees paid to Great-West related to investment services including other investment management companies, and also recordkeeping services and third party advisor services which are included in the net appreciation in fair value of the Plan investments.

Additionally, as noted in Note 1 certain administrative expenses related to participant related activities are paid directly to Great-West and totaled \$33,128 in 2021.

The above transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exemptions.

9. PROHIBITED TRANSACTION

During 2017, 2019 and 2021, the Plan sponsor inadvertently failed to deposit approximately \$83, \$6,328 and \$720, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor intends to deposit lost earnings in 2023 in the amounts totaling approximately \$1 for 2017, \$10 for 2019 and \$45 for 2021 to correct these failures. The correction will be made from the Plan sponsor's assets and not from the assets of the Plan.

Precision Wire Products, Inc. Employees' 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

10. SUBSEQUENT EVENTS

Effective September 13, 2022, the Plan was amended to allow participant loans for any reason where as previously participant loans were only allowed if a participant incurred a financial hardship or had specific financial need.

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through January 31, 2023, which is the date of the financial statements were available to be issued.
