REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator, the Retirement Plan Committee and Plan Participants
Corliss Management Group 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corliss Management Group 401(k) Retirement Savings Plan (formerly Corliss Resources Inc. 401(k) Retirement Savings Plan) (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

A. Description of the Plan

The following description of the Corliss Management Group 401(k) Retirement Savings Plan (formerly Corliss Resources, Inc. 401(k) Retirement Savings Plan) (the “Plan”) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General

The Plan was effective January 1, 1996, and was restated most recently effective January 1, 2022. The Plan is a 401(k) salary deferral and profit-sharing plan covering substantially all employees of Corliss Resources, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Corliss Resources, Inc. (the “Company”) is the Plan’s sponsor and serves as plan administrator.

The Plan was amended and restated effective January 1, 2022 to adopt the following plan provisions:

- The employer changed to Corliss Management Group, LLC.
- The Plan’s name was changed to Corliss Management Group 401(k) Retirement Savings Plan.
- The Plan became a multiple employer plan.

Effective June 10, 2022 Sunset Quarry LLC and Corliss Resources, Inc. ceased participation in the Plan.

Effective December 31, 2022, the assets and related participant accounts of \$9,580,764 associated with Corliss Resources, Inc. were transferred from the Plan into The 401(k) Retirement Plan of Lehigh Hanson.

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing 30 days of service. An eligible employee is anyone who is not represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits. Employees are eligible for employer contributions after completing one year of service in which at least 1,000 hours are worked. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year, to be eligible to receive any employer paid employer matching or profit-sharing contributions.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Contributions

Participant Contributions

Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan and allowed under Internal Revenue Code Section 402(g), which is \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year eligible to make catch-up contributions up to \$6,500 for the years ended December 31, 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Employer Match and Profit-sharing Contributions

The Company may elect to make discretionary matching and discretionary profit-sharing contributions to the Plan. Profit-sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' eligible compensation. In 2022 and 2021, the Company's profit-sharing contribution represented 5% of eligible compensation, or \$156,536 and \$626,262, respectively. There were no matching contributions in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's matching and automatic contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid withing a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022 and 2021, the rate of interest on outstanding loans was 4.75% to 6.50% and 4.25% to 6.50%, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of time not exceeding the life expectancy of the participant or designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If such balance is less than \$5,000, but greater than \$1,000, it will automatically be rolled over into an Individual Retirement Account. If such balance is less than \$1,000, it will automatically be distributed directly to the participant.

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Payment of Benefits – continued

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payments for burial or funeral expenses for the participant's parent, spouse, children or dependents; (6) expenses for the repair of damage to the participant's principal residence; or (7) expenses and losses (including loss of income) incurred by the participant on account of a disaster declared by the Federal Emergency Management Agency ("FEMA").

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. No significant forfeitures were allocated to reduce matching contributions during the years ended December 31, 2022 and 2021. Unallocated forfeitures outstanding as of December 31, 2022 and 2021, were \$16,936 and \$10,590, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") using the accrual method of accounting.

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the retirement committee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Plan Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Company, except when forfeitures are used to pay them. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Fees incurred by the Plan for the investment management services or recordkeeping that are paid through revenue sharing, rather than a direct payment, are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

C. Fair Value Measurements

Certain provisions of Accounting Standards Codification ("ASC") 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1— Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — Inputs to valuation methodology include:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted market prices that are observable for the asset or liability

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

- Inputs that are derived principally from or are corroborated by observable market data, by correlation or other means
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds

Investments in mutual funds are valued based on published market prices, which represent the net asset value ("NAV") of shares held at year-end (Level 1).

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	2022			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value Total
Mutual funds	\$ 2,628,292	\$ -	\$ -	\$ 2,628,292
Total investments in the fair value hierarchy	\$ 2,628,292	\$ -	\$ -	\$ 2,628,292
	2021			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value Total
Mutual funds	\$13,549,954	\$ -	\$ -	\$13,549,954
Total investments in the fair value hierarchy	\$13,549,954	\$ -	\$ -	\$13,549,954

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Fully Benefit-Responsive Investment Contract

The Plan accounts for an unallocated fixed group annuity contract with Empower Annuity Insurance Company of America (the “Custodian” of the unallocated fixed group annuity contract and formerly known as Great-West Life & Annuity Insurance Company) at contract value in accordance with GAAP. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The concept of a value other than contract value does not apply to this contract even upon a discontinuance in which case contract value would be paid no later than 12 months from the date the sponsor provides notice to discontinue.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The Key Guaranteed Portfolio Fund contract guarantees a minimum interest rate of 0% and interest is compounded daily at the effective interest rate. Before each calendar quarter, Empower Annuity Insurance Company of America will establish and declare the interest rate to be credited to the Plan’s assets held during that calendar quarter. The interest rate is reset quarterly. Participants receive the principal and earnings that are credited to their accounts on withdrawals for allowed events such as termination, retirement, or hardships.

There are no events that limit the ability of the Plan to transact at contract value with the issuer. There are also no events and circumstances that would allow the issuer to terminate the fully benefit responsive investment contract with the Plan and settle at an amount different from contract value.

E. Parties-in-Interest Transactions

Party in interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

CORLISS MANAGEMENT GROUP 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Parties-in-Interest Transactions – continued

The Plan invests in the Key Guaranteed Portfolio Fund managed by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) and Empower Annuity Insurance Company of America (collectively the “Custodians”), as of December 31, 2022 and 2021.

Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

F. Tax Status

Effective January 1, 2022, the Plan was amended and restated to adopt the Non-Standardized Pre-Approved Profit Sharing Plan with CODA which has a favorable opinion letter from the IRS dated June 30, 2020. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Effective January 1, 2016, the Plan was amended and restated by the adoption of the Volume Submitter Profit Sharing Plan with CODA which has a favorable opinion letter from the IRS dated March 31, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS *(continued)*

G. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, per the accompanying financial statements to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 2,985,141	\$ 15,024,178
Excess contributions payable per the financial statements	<u>-</u>	<u>21,633</u>
Net assets available for benefits per the Form 5500	<u>\$ 2,985,141</u>	<u>\$ 15,045,811</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits for the year ended December 31, per the accompanying financial statements to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (2,458,273)	\$ 2,411,974
Current year excess contributions payable per the financial statements	-	21,633
Prior year excess contributions payable per the financial statements	<u>(21,633)</u>	<u>-</u>
Net increase (decrease) in net assets available for benefits per the Form 5500	<u>\$ (2,479,906)</u>	<u>\$ 2,433,607</u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.
