To The Administrative Committee and Plan Participants of the
Bullfrog International, L.C. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bullfrog International, L.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bullfrog International, L.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to in the first paragraph of this report related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bullfrog International, L.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bullfrog International, L.C. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bullfrog International, L.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bullfrog International, L.C. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplementary schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Bullfrog International, L.C. 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 – Plan Description

The following brief description of the Bullfrog International, L.C. 401(k) Plan (the Plan) is provided for general information purposes only. Participants and other users of the financial statements should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering qualified employees of Bullfrog International, L.C. (the Company, Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees are eligible to participate in the Plan if they have completed three months of service and are 20 years of age or older.

Entry Date – Employees may enter the Plan at any time after satisfying the Plan's eligibility requirements.

Contributions – Each year, participants may elect to contribute up to the maximum amount of compensation allowed by Code Sections 402(g) and 414(v) not to exceed the limits of Code Sections 401(k), 404, and 415 (for 2022 the limit is \$20,500). This amount is indexed periodically for changes in the cost-of-living index. This limit applies to all employee 401(k) contributions made during a tax year to any 401(k) plans maintained by a present or former employer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500 for 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows participants to make Roth 401(k) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2017, eligible employees, who do not decline participation, are automatically enrolled in the Plan with contributions set at 3% of their annual compensation, which is automatically increased each January 1 by 1% up to a maximum percentage of 6%. Contribution amounts are funded each pay period.

The Employer makes matching contributions on employee elective deferral contributions equal to 100% of the first 1% of compensation deferred and 50% of the next 5% of compensation deferred. The Plan also allows the Employer to make additional discretionary contributions to employees who have over 1,000 hours of service in the Plan year. The Employer made no additional discretionary contributions for the year ended December 31, 2022.

Participant Accounts – Each participant's account is credited with the participant's contributions and an allocation of the Company's discretionary contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Effective January 1, 2017, employer contributions and related earnings are 100% vested after the employee has completed two years of service, as defined by the Plan.

Bullfrog International, L.C. 401(k) Plan

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 1 – Plan Description (Continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 5.25%, which was commensurate with local prevailing rates at the time funds are borrowed, as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence. A participant may have no more than five outstanding loans at any one time.

Forfeitures – At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$34,665 and \$5,603, respectively. These amounts are used to reduce future employer contributions or to pay administrative expenses. During 2022, \$34,836 of non-vested participant funds were forfeited, \$5,093 were used to reduce employer contributions, and \$249 were used to offset administrative expenses (additional change in forfeited accounts from beginning of year to end of year consisted of loss on investments of \$432).

Payment of Benefits and Withdrawals – Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments, as defined in the Plan document, upon retirement, termination of service, death, or disability. In all instances, if a participant's vested account balance does not exceed \$1,000, the plan administrator will distribute the balance in a lump sum directly to the participant as soon as administratively practicable. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. If a participant's vested account balance exceeds \$5,000, the trustees will commence distribution at the time and in the form the participant elects. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events. Financial hardship withdrawals require approval.

Death Benefits – The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

If the Plan terminates, benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC). Under the law, PBGC insurance does not cover the type of plans called defined contribution plans. This Plan is a defined contribution plan and, therefore, is not covered.

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, liquidity, overall market volatility, and changes in economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Bullfrog International, L.C. 401(k) Plan

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (Continued)

Payments of Benefits – Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but had not yet been paid as of December 31, 2022 and 2021.

Administrative Expenses – The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events – The plan sponsor has evaluated subsequent events through December 7, 2023, the date which the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Bullfrog International, L.C. 401(k) Plan

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 3 – Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2022 and 2021.

Common/Collective Trust Funds – Valued at the NAV of units held by the Plan at year end. Management believes that the funds will be sold at amounts that do not differ materially from the NAV of shares held. Participant transactions (purchases and sales) may occur daily.

Pooled Separate Accounts – Stated at fair value based on the quoted redemption value of the underlying assets on the last day of the Plan year. Principal Life Insurance Company determines unit value by dividing the respective accounts' net assets at fair value by their units outstanding at the valuation date (net asset value, or NAV).

Mutual Funds – Valued at fair value based on quoted prices in active markets for the shares held by the Plan at year-end.

Guaranteed Investment Contracts – Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds from the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
<u>December 31, 2022</u>				
Common/Collective Trust Funds	\$ 5,043,827	\$ 5,043,827	\$ -	\$ -
Pooled Separate Accounts	1,172,505	1,172,505	-	-
Mutual Funds	970,948	970,948	-	-

Note 3 – Fair Value Measurements (Continued)

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3

Common/Collective Trust Funds	\$ 4,915,203	\$ 4,915,203	\$ -	\$ -
Pooled Separate Accounts	1,140,285	1,140,285	-	-
Mutual Funds	997,160	997,160	-	-
Guaranteed Investment Contracts	136,480	-	-	136,480
Total	\$ 7,189,128	\$ 7,052,648	\$ -	\$ 136,480

Transfers Between Levels – The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of level 3.

The following tables summarize the fair value, valuation method, and significant unobservable inputs for the guaranteed investment contracts as of December 31:

2022				
Fair Value	Valuation Method	Significant Unobservable Inputs		
		Range of Rates		
\$ 117,874	Assumed proceeds at discontinuation	Composite guaranteed rates	0.11% to 3.95%	
		Current rates	1.72% to 5.21%	
2021				
Fair Value	Valuation Method	Significant Unobservable Inputs		
		Range of Rates		
\$ 136,480	Assumed proceeds at discontinuation	Composite guaranteed rates	0.11% to 2.41%

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 4 – Information Prepared and Certified by Plan Custodians

The following information included in the accompanying financial statements and supplementary schedules was obtained from data that has been prepared and was certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company as the custodians of plan assets.

	2022	2021
Investments (at Fair Value)	\$ 7,305,154	\$ 7,189,128
Notes Receivable from Participants	189,007	108,303
Investment Income (Loss)		
Net Depreciation in Fair Value of Investments	(1,190,927)	N/A
Interest and Dividends	16,773	N/A
Interest Income on Notes Receivable from Participants	4,455	N/A

Note 5 – Guaranteed Investment Contracts

The Plan provides an investment option to invest in guaranteed investment contracts with Principal that are not fully benefit-responsive. Principal maintains the contributions in a general account. Principal is obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contracts do not permit Principal to terminate the accounts prior to the scheduled maturity dates.

The Plan administrator's valuation process for the guaranteed investment contracts consists of reviewing the contract's investment returns and current values for reasonableness at governance meetings and consulting with an investment advisor.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants or the issuer are probable of occurring.

Note 6 – Tax Status

The Plan uses a pre-approved plan document sponsored by Principal Life Insurance Company, which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the plan administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there were no uncertain tax positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, three tax years remain subject to examination by tax jurisdictions.

Note 7 – Related Party and Party-in-Interest Transactions

Certain plan investments are units of pooled accounts, collective trust funds, and guaranteed investment contracts managed by Principal Life Insurance Company, or affiliates thereof, with total values of \$6,334,205 and \$6,191,968 as of December 31, 2022 and 2021, respectively. Principal Life Insurance Company is the custodian as defined by the Plan and the balances and the associated earnings are considered exempt party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are also considered to be exempt party-in-interest transactions under ERISA.

Party-in-interest balances include notes receivable from participants of \$189,007 and \$108,303 as of December 31, 2022 and 2021, respectively, and are considered exempt party-in-interest transactions.

Note 8 – Nonexempt Party-in-Interest Transactions

During the years ended December 31, 2022 and 2021, the Company remitted participant contributions of \$41,948 and \$159,237, respectively, and loan repayments of \$961 and \$9,507, respectively, to the custodians of plan assets later than required by Department of Labor (DOL) Regulation 2510.3-102. The 2022 participant contributions and loan repayments have not been corrected and the 2021 amounts are pending correction in VFCP.
