INDEPENDENT AUDITORS' REPORT

To the Trustees of
Turbocam, Inc. 401(k) Retirement Plan
Barrington, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Turbocam, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statement comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Turbocam, Inc. 401(k) Retirement Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, stating that the certified investment information, as described in **Note 5** to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Turbocam, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Turbocam, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Turbocam, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Turbocam, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Turbocam, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. DESCRIPTION OF PLAN

The following description of Turbocam, Inc. 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 1993, is a defined contribution plan covering all eligible employees of Turbocam, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan, the appropriateness of the Plan's investment offerings and monitor the investment performance.

Effective August 4, 2020 the Plan terminated its relationship with John Hancock Life Insurance Company (U.S.A.). Accordingly, all funds were liquidated and transferred to the new asset custodian Great-West Life & Annuity Insurance Company, under the Empower Retirement platform.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation up to the maximum annual limit provided by the Internal Revenue Service, as defined in the Plan. Roth deferrals are allowed under the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also provides for discretionary employer profit sharing contributions. For both years ended December 31, 2021 and 2020, the Company made discretionary profit-sharing contributions of $1,000,000. Contributions are subject to certain additional limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses) and is charged with an allocation of administrative expenses, depending on the participant's choice of investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. For each plan year in which an employee completes at least 1,000 hours, the employee will be credited with one year of service. A participant is 100% vested after six years of credited service, or upon death, attaining full retirement age or disability.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $93,778 and $100,469, respectively. These accounts may be used to reduce administrative expenses of the Plan, restore forfeited account balances of rehires who are eligible for a restoration of forfeitures or to reduce employer contributions in a nondiscriminatory manner. For the year ended December 31, 2021, $51,325 was used to offset plan expenses. For the year ended December 31, 2020, $21,030 was used to offset plan expenses. In conjunction with the funding of the employer discretionary profit-sharing paid during September 2022, the remaining forfeitures as of December 31, 2021, were utilized.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in whole unit increments in a variety of mutual funds and interest-bearing accounts. Participants may change their investment options and make transfers between investments at any time via Empower's automated system. All investments in the Plan are self-directed.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount, a direct transfer to another qualified retirement account, or a combination of the two, equal to the participant's vested interest in his or her account; or periodic installments over a designated period. Benefits payments are recorded when paid.

Participants who terminate employment prior to death, disability or retirement may begin receiving payment as soon as administratively feasible following the last day of the plan year coinciding with or next following the date of the distributable event. Participants with a vested balance of less than $1,000 upon termination shall receive a lump sum payment at the direction of the Plan sponsor.

In-Service Withdrawal
An employee is permitted to take a distribution while being an active participant in the Plan at the age of 59 and a half. Such a distribution will not be subject to a 10% excise tax but may be subject to income taxes.

Hardship Withdrawal
An employee may take a distribution from the Plan if a heavy financial burden can be demonstrated to the Plan Trustees. A participant must demonstrate that he or she is unable to obtain funds from any other source. Permitted hardships are defined by the Plan. Hardship withdrawals are generally subject to income tax and a 10% excise tax.

During the year ended December 31, 2020, the Plan adopted a hardship provision in accordance with The Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Under the provision, eligible participants were allowed to take a distribution for qualifying coronavirus-related reasons. The CARES Act specifies qualifying reasons as adverse financial consequences as a result of the employee having to quarantine, being furloughed, being laid off or having reduced hours, or being unable to work due to a lack of childcare. The CARES Act distributions are generally subject to income tax but are not subject to the 10% early withdrawal penalty. The income tax from the withdrawal may then be paid in the year received or ratably over a three-year period.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting, in accordance generally accepted accounting principles in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increase and reductions of net assets during the reporting period. Actual results could differ from those estimates. See **Note 3** for discussion of fair value measurements.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See **Note 3** for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2021

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 29,236,438	$ -	$ -	$ 29,236,438
Guaranteed interest accounts	-	-	452,747	452,747
Total investments at fair value	$ 29,236,438	$ -	$ 452,747	$ 29,689,185

2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 24,204,612	$ -	$ -	$ 24,204,612
Guaranteed interest accounts	-	-	402,032	402,032
Total investments at fair value	$ 24,204,612	$ -	$ 402,032	$ 24,606,644

NOTE 4. INVESTMENTS MEASURED AT CONTRACT VALUE

The Plan invests in a guaranteed interest account, the Great-West Guaranteed Fixed Fund, which is only offered through a group annuity issued by Great-West Life & Annuity Insurance Company. The investment is valued at contract value. The fund invests in a range of fixed-income asset classes offered by insurance companies, banks and similar financial institutions. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include layoffs, early retirement windows, spin-offs, sale of division, facility closings, plan partial and full terminations or changes in laws. The fund may also impose certain time limits or restrictions on the fund's cash out provisions. Participants should refer to the fund literature for further details.

The Plan Administrator believes that the events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring as of the report date.

NOTE 5. INFORMATION CERTIFIED BY THE PLAN'S ASSET CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodians Great-West Life & Annuity Insurance Company has certified that the following data, held for the period August 4, 2020 through December 31, 2020 and year end December 31, 2021, and John Hancock Life Insurance Company for the period January 1, 2020 to August 3, 2020, included in the accompanying financial statements and the supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.

- Investment activity, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

- The schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule of assets (held at end of year).

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, the Internal Revenue Code governing termination of employee benefit plans and a 60-day written notification to the Plan Trustees. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is also the asset custodian as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions.

For the years ended December 31, 2021 and 2020, the Plan's third-party administrator Compass 360, LLC performed certain administrative services for the Plan and received compensation in exchange for services directly from the Plan. Additionally, the Trustees of the Plan are also currently participating in the Plan.

NOTE 8. TAX STATUS

The Plan, as adopted, is based on the DATAIR Mass-Submitter Prototype Defined Contribution Plan and trust. The Prototype Plan received a determination letter dated March 31, 2014 and the Plan relies on the notification letter issued by the National Office of the Internal Revenue Service as evidence that the Plan is qualified under Section 401 of the Internal Revenue Code.

Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits spanning the previous three tax years by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to any income tax examinations.

NOTE 9. ADMINISTRATIVE EXPENSES

The Company provides certain administrative and accounting services to the Plan at no cost. The audit expense, Plan compliance testing, participant annual fees, and other related expenses are paid directly by the Plan sponsor.

Administrative expenses in the statements of changes in net assets available for benefits consist of contract fees charged by the asset custodian and third-party administrator. All other investment fees are included in the net appreciation(depreciation) in fair value of investments.

NOTE 10. PLAN OPERATIONAL DEFECT

During the year ended December 31, 2019, the Plan Sponsor determined that during 2009 through 2017 certain compensation, as defined in the Plan document, was not considered in computing employee and employer deferrals. The Plan Sponsor remitted approximately $58,000 to the Plan related to employer matching contributions and lost earnings.

The Plan Sponsor corrected this matter under the “Employee Plans Compliance Resolution System” (EPCRS) during the year ended December 31, 2020.

NOTE 11. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

For the year ended December 31, 2021, the statements of net assets available for benefits cash balance has been reported as $93,778, however the Form 5500, Schedule H has reported $95,291 in noninterest-bearing cash. The reconciling difference relates to outstanding checks that have already been reported as a distribution on the Plan's financial statements. Furthermore, the December 31, 2021, net assets available for benefits also differ from the Form 5500 due to the same reporting discrepancy. For the year ended December 31, 2021 the distributions per the Form 5500 are higher by $10,615 due to previously reported distributions in the financial statements.

For the year ended December 31, 2020, the statements of net assets available for benefits cash balance has been reported as $100,469, however the Form 5500, Schedule H has reported $112,597 in noninterest-bearing cash. The reconciling difference relates to outstanding checks that have already been reported as a distribution on the Plan's financial statements. Furthermore, the December 31, 2020, net assets available for benefits also differ from the Form 5500 due to the same reporting discrepancy.

NOTE 12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available for be issued.
