Independent Auditors' Report

The Plan Administrator
The 401(k) Retirement Savings Plan of United Way of Massachusetts Bay, Inc.
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The 401(k) Retirement Savings Plan of United Way of Massachusetts Bay, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE 401(k) RETIREMENT SAVINGS PLAN OF UNITED WAY OF MASSACHUSETTS BAY, INC.

Notes to Financial Statements

Note 1 - Description of Plan

The following description of The 401(k) Retirement Savings Plan of United Way of Massachusetts Bay, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of the United Way of Massachusetts Bay, Inc. (the “Employer”), who have completed three months of service except volunteer employees that receive a stipend and employees scheduled to be employed for less than six months, (“Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant directed.

Participant Contributions

Participants may defer up to 100% of their annual eligible compensation, as defined by the Plan, subject to dollar limits set by Federal law. The Plan allows participants to make Roth 401(k) deferrals into the Plan. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Subject to the approval of the Plan administrator, participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

Employer Safe Harbor Matching Contributions

The Employer matches 100% of each participant’s deferral up to a maximum of 4% of the participant’s compensation. For the Plan year ended December 31, 2022, the Employer made safe harbor matching contributions of \$229,084.

Employer Discretionary Contributions

The Employer, at the discretion of its Board of Directors, may make an additional discretionary contribution, called the “core benefit” contribution, subject to dollar limits set by Federal law. Once an employee has completed one year of service, he or she is eligible for this core contribution. The core contribution will be made regardless of whether or not the participant is making contributions and will be equal to the percentage determined in accordance with the following table:

<i>Years of Service</i>	<i>Percentage of Compensation</i>
Executive Director	Determined yearly
One to four years	2%
Five to nine years	4%
Ten or more years	6%

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Employer Discretionary Contributions (Continued)

For the year ended December 31, 2022, the Employer made discretionary core contributions in the amount of \$262,564.

Participant Accounts

Each participant's account is credited with the Participant's contributions, allocations of Employer's contributions, as applicable, and Plan earnings, and reduced by direct loan fees, benefit disbursement processing fees or administrative expenses associated with certain investment options. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in their contributions and in the Employer safe harbor matching contributions plus actual earnings thereon. A participant becomes 100% vested in discretionary Employer contributions after three years of credited service in accordance with the following schedule:

Less than three years	0%
Three years	100%

Forfeitures

The non-vested portion of a participant's account is forfeited as of the earlier of the date on which the participant receives a complete distribution of his or her account or the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service. Forfeitures of any non-vested portion of withdrawing employees' accounts are used for Plan administrative fees and to reduce Employer contributions for the Plan year. During the year ended December 31, 2022, no forfeitures were used to reduce 2022 Employer contributions. At December 31, 2022 and 2021, forfeited non-vested amounts available totaled \$15,445 and \$7,838, respectively.

Payments of Benefits

Generally, all distributions are made in a single lump-sum payment. The Plan allows for in-service withdrawals from the elective deferral accounts of participants who have attained the age of 59½. The Plan also allows for hardship distributions to cover immediate and heavy financial needs from a participant's vested account balance (without respect to safe harbor matching account). If a participant's account balance is less than \$5,000, the distribution is in the form of a lump sum, as defined.

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Subject to approval by the Plan administrator, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may only have one loan outstanding at a time. Loan terms range from one to five years (up to fifteen years for the purchase of a primary residence). The loans are secured by the balance in a participant's vested account and bear interest at a reasonable rate established by the Plan administrator, commensurate with the interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Plan Expenses

General operational expenses are charged to the Plan and all other expenses incurred in the administration of the Plan are paid by the Employer.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Empower Trust Company, LLC. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values

Individual participant accounts for the common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the trust, but do have an interest therein represented by units which are valued daily. The trust earns interest and dividends which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the trust are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

UNITED WAY OF MASSACHUSETTS BAY, INC.**

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Employer has evaluated subsequent events through November 30, 2023, the date the financial statements were available to be issued.

Note 3 - Investments Certified by the Custodian

Plan investments are held in mutual fund accounts and a stable value common/collective trust by the Plan's custodian, Empower Trust Company, LLC. The fair value of all investments and all investment transactions, including interest and dividends, and net depreciation in fair values, are reported to the Plan and certified as complete and accurate by Empower. Information included in the supplemental schedule has also been derived from information certified by Empower. The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on the Participant's risk tolerance. Participants in the Plan may direct contributions to a variety of investment options.

Notes to Financial Statements

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust

Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The investment's objective is the stability of principal and high current income. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements

Note 5 - Net Asset Value ("NAV") Per Share

Investments Measured Using Net Asset Value Per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2022 and 2021, respectively.

<i>Investments</i>	<i>Fair Value 12/31/2022</i>	<i>Fair Value 12/31/2021</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Stable value common/ collective trust - Putnam stable value fund	\$ <u>1,880,089</u>	\$ <u>1,779,767</u>	\$ <u>-</u>	daily	none

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Employer may determine.

THE 401(k) RETIREMENT SAVINGS PLAN OF UNITED WAY OF MASSACHUSETTS BAY, INC.

Notes to Financial Statements

Note 8 - Tax Status

The Plan has adopted the Angell Pension Group Inc. volume submitter profit sharing plan with CODA ("Cash or Deferral Arrangement") which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan continues to qualify under Section 401(a) and the related trust continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related-Party Transactions and Party-in-Interest Transactions

An executive of the Employer serves as the Plan's trustee. Certain Plan investments are shares of mutual funds and units in a stable value common/collective trust managed by Empower. The Employer has engaged Empower to serve as custodian and Putnam Fiduciary Trust Company ("Putnam"), a related entity of Empower, to serve as the directed trustee (or corporate trustee) of the Plan and, therefore, these transactions qualify as party-in-interest. During the Plan year ended December 31, 2022, \$63,778 of administrative expenses was incurred by the Plan to Empower. Notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

During the Plan year ended December 31, 2022, the Plan received revenue credits of \$39,718 from Empower which the Plan used to pay Plan expenses leaving any remaining credits available to pay future expenses of the Plan. The revenue credits are reported as other income on the Statement of Changes in Net Assets Available for Benefits.
