INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
the Coastal Community Action Program 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Coastal Community Action Program 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F and H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter

We have compiled the accompanying statement of net assets available for plan benefits of the Plan as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended. We have not audited or reviewed the accompanying 2021 financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Coastal Community Action Program 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note A -- Description of Plan

The following description of the Coastal Community Action Program (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan, established under Internal Revenue Code Section 401(k), is a defined contribution plan maintained for the benefit of all employees of the Company who have attained six months of service (1,000 hours) and age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions: Each year Participants may elect to contribute a percentage of pretax annual compensation, subject to applicable Internal Revenue Code limits (\$20,500 and \$19,500 for plan year ending December 31, 2022 and 2021, respectively). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of up to an additional \$6,500 and \$6,500 for the year 2022 and 2021, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a safe-harbor matching contribution of 3% of each eligible participant's compensation. Catch-up contributions are not eligible for safe-harbor matching contributions.

3. Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are vested immediately in their account balances attributable to elective deferrals. Vesting in the account balance attributable to the Company's discretionary contributions is based on years of continuous service. A participant is 100% vested after three years of service.

5. Investment Options: Participants may direct the investment of their segregated plan account among the options offered by the Plan. Amounts not directed by the participants are invested in accordance with the default investment alternatives established by the Plan.

6. Expenses: Administrative costs of the Plan Trustee that are not paid by the Company are charged to participants' accounts. These costs are allocated pro-rata based upon the participants' account balances.

Coastal Community Action Program 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note A -- Description of Plan (Continued)

7. Payment of Benefits: Based on the participant's election, upon termination of service, a participant may receive a lump-sum amount equal to the value of his or her vested account; may request the entire distribution be rolled directly into an Individual Retirement Account or a new employer's qualified plan if such plan accepts rollover contributions; may receive periodic annuity payments, or may request a partial withdrawal of funds followed by periodic annuity payments. At December 31, 2022 and 2021, there were no benefits processed and approved for payment, but not yet paid.

8. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined on the date of the request of the loan, is set at 1% above the prime rate. Principal and interest is paid ratably through monthly payroll deductions.

9. Forfeited Amounts: Forfeited contributions are maintained in the participant's individual until five consecutive one-year breaks in service occur. At which time, forfeited contributions are distributed to the Organization. In years ended December 31, 2022 and 2021, forfeited non-vested amounts totaled \$5,091 and \$1,545, respectively.

Note B -- Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Coastal Community Action Program 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note B -- Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

At December 31, 2022 and 2021, the Plan's investments were held in various mutual funds and are stated at fair value. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net appreciation in fair value of investments reported in the accompanying statements of changes in net assets available for benefits.

Contributions

Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participants' earnings.

Payment of Benefits

Benefits are recorded when paid.

Note C -- Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Coastal Community Action Program 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note D -- Tax Status

The Plan has adopted a prototype defined contribution plan provided by Pension Plan Specialists, PC. The Internal Revenue Service has not issued a determination letter in regards to the plans tax status but Pension Plan Specialists, PC and its tax counsel believe that the plan, including amendments, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note E -- Uncertain Tax Positions

The Company files income tax returns in the U.S. federal jurisdiction. The plan was started during the year ending December 31, 1997, and therefore the Company is subject to U.S. federal income tax examinations by authorities for the previous three years. As of December 31, 2022, there are no examinations or pending examinations with the Internal Revenue Services (IRS).

As of December 31, 2022 and 2021, there are no tax positions for which the deductibility is certain but for which there is uncertainty regard the timing of such deductibility.

Note F -- Investments

The Plan's investments were held by American Funds. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held, net appreciation and depreciation in fair value on investments, interest, and dividends, was obtained or derived from information supplied to the Plan and certified as complete and accurate by American Funds.

At December 31, 2022 and 2021, fair value of investments was \$1,213,367 and \$1,362,772, respectively.

During plan year ended December 31, 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by (\$264,162) and \$112,593, respectively, representing the change in value of underlying mutual funds held by the plan.

Note G -- Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note H -- Fair Value Measurements

Financial Accounting Standards Board (FASB) Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to valuation methodology include:

- A. Quoted prices for similar assets or liabilities in active markets.
- B. Quoted prices for identical or similar assets or liabilities in inactive markets.
- C. Inputs other than quoted prices that are observable for the asset or liability.
- D. Inputs that are principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
