Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Radiology Imaging Associates, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements, or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RADIOLOGY IMAGING ASSOCIATES, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan Description

The following description of Radiology Imaging Associates, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more comprehensive description of the Plan's provisions.

General

This Plan is a merged Plan of three plans (Radiology Associates of Ocala 401(k) Retirement Savings Plan, Radiology Imaging Associates P.A. Retirement Plan, and East Central Florida Outpatient Imaging, LLC Retirement Plan and Trust), originally effective on May 1, 2004, May 1, 1971, and February 6, 2004, respectively. The Plan, most recently restated January 1, 2022, is a defined contribution plan covering all non-excluded employees of Radiology Imaging Associates, P.A., East Central Florida Outpatient Imaging, LLC, Broadring, P.L., and Reliance Management Services, LLC (collectively, the Company) who have completed one year of service (1,000 hours). Service with Eardley, Morris & Hollis, M.D., P.A. is honored for determining eligibility to participate, contribution allocations, and vesting of benefits. The employee may enter the Plan on the first pay period of each quarter after eligibility requirements are met. Excluded employees include those covered by a collective bargaining agreement, certain non-resident aliens and leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees participating in the Plan may elect to contribute either pre-tax or Roth after-tax deferrals up to the maximum of \$20,500 allowed under the Internal Revenue Service (IRS) limitation for the calendar year 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 to the Plan in 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Upon completion of eligibility requirements, the Plan provides for an automatic participant deferral of 3% of the participant's compensation, as defined, unless the participant makes a contrary election. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor non-matching contribution of 3% of Plan compensation, as defined. For the year ended December 31, 2022, total Company safe harbor non-matching contributions amounted to \$921,113. The Company may also, at its discretion, elect to make a matching contribution or a profit-sharing contribution. For the year ended December 31, 2022, the Company did not make a matching contribution. For the year ended December 31, 2022, total profit-sharing contributions amounted to \$2,196,530. Contributions are subject to IRS limitations.

Participant Accounts

Participant accounts are completely self-directed. Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's safe-harbor and profit-sharing contributions, and an allocation of Plan earnings. Participant accounts are charged with benefit payments and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

RADIOLOGY IMAGING ASSOCIATES, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their contributions, Company safe harbor non-matching contributions, and actual earnings thereon. Vesting in Company matching contributions and profit-sharing contributions, plus actual earnings thereon, is based on years of credited service. Participants vest at a rate of 25% per year beginning with the second year of service and are 100% vested after five years of credited service. Participants hired by Radiology Imaging Associates, P.A., or East Central Florida Outpatient Imaging, LLC before January 1, 2017, vest at a rate of 20% per year beginning with the first year of service with full vesting after five years of credited service. Upon reaching normal retirement age, death, or permanent disability, Company contributions vest immediately.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Loans have a minimum term of one year and a maximum term of five years unless the loan is for the purchase of a primary residence in which case the maximum term is ten years.

Benefit Payments

Upon termination of employment, retirement, disability, or death, if the participant's vested account balance does not exceed \$5,000, the participant may elect to receive the vested account balance in a single lump-sum payment. If the vested account balance is more than \$1,000 but less than \$5,000, and the participant does not make an election otherwise, the Plan will automatically roll over the distribution to an individual retirement account. If the vested account balance is less than \$1,000, the Plan will automatically distribute the vested balance in a single lump-sum payment. If the vested balance exceeds \$5,000, the participant may elect to receive a distribution in a single lump-sum payment. The Plan allows for in-service distributions if certain requirements are met, subject to Plan provisions. Participants that reached the age of 70 ½ prior to January 1, 2020, are required to take a minimum distribution from their account. Effective January 1, 2020, participants are required to take a minimum distribution from their account upon reaching the age of 72.

Forfeited Accounts

Forfeited non-vested accounts can be used to restore the accounts of former participants who have returned to employment, to pay administrative expenses, or to reduce future Company contributions. Forfeited non-vested accounts as of December 31, 2022 and 2021, totaled \$88,747 and \$35,376, respectively. For the year ended December 31, 2022, \$23,243 was used to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RADIOLOGY IMAGING ASSOCIATES, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Transaction fees for distributions and loans are charged directly to the accounts of the participants who incur those fees. Certain investment-related expenses are included in the net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Any costs associated with the investment of a participant's account are charged to that participant.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2022 through November 20, 2023, the date the financial statements were available to be issued.

The Plan was restated effective February 1, 2023, to adopt the non-standardized defined contribution pre-approved plan administered by Automatic Data Processing, Inc. No other material events have occurred since December 31, 2022, that require recognition or disclosure in the financial statements.

Note 3 - Information Certified by Vanguard Fiduciary Trust Company

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule, which was certified by Vanguard Fiduciary Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The fair value of investments included in these self-directed brokerage accounts totaled \$1,067,319 and \$1,168,831 as of December 31, 2022 and 2021, respectively. Dividend and interest income was \$16,271 for the year ended December 31, 2022. Total net depreciation in fair value was \$110,241 for the year ended December 31, 2022. The cash surrender value of life insurance policies is not certified. The fair value of such policies as provided by the insurance carrier is \$806,979 and \$863,809 at December 31, 2022 and 2021, respectively. Net depreciation in the fair value of insurance policies was \$144,930 for the year ended December 31, 2022.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year-end. The funds held by the Plan are deemed to be actively traded.

Common Collective Trust: The Plan invests in the Vanguard Retirement Savings Trust III, whose primary objective is to provide current and stable income by investing primarily in synthetic investment contracts backed by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks. This investment is valued at the net asset value of units held by the Plan as determined by the issuer of the trust based on the fair value of the underlying net assets as of December 31, 2022 and 2021. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no unfunded commitments and participant-directed redemptions have no restrictions; however, the Plan may be required to provide a one-year redemption notice to liquidate its entire share in the fund.

Self-Directed Brokerage Accounts: Self-directed brokerage accounts consist of cash and cash equivalents, mutual funds, exchange-traded funds and common stock. Shares held in mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common stock and exchange-traded funds are valued at the closing price reported on the active market on which the investments are traded. Cash and cash equivalents are valued at their cost which approximates fair value.

Life Insurance Policies: Valued at their cash surrender value as provided by the insurance contract issuer which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

* Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been included in the fair value hierarchy. The net asset values presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

Balance, Beginning of Year	\$ 863,809
Premiums Paid	88,100
Unrealized Loss	<u>(144,930)</u>
Balance, End of Year	<u>\$ 806,979</u>

The Level 3 investments are life insurance contracts held by one of the Plan participants. The Plan is the beneficiary of the policies. During the year ended December 31, 2022, \$88,100 of insurance premiums were paid with funds transferred from Level 1 self-directed brokerage accounts.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their Company contributions.

Note 7 - Tax Status

The Plan adopted a non-standardized defined contribution pre-approved plan which received a favorable opinion letter from the IRS dated June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

RADIOLOGY IMAGING ASSOCIATES, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions on an ongoing basis and to disclose any such positions it believes would have a material impact on the financial statements. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Exempt Transactions with Parties-In-Interest

Certain Plan investments are held and managed by the Plan's trustee, the custodian of the Plan's self-directed brokerage accounts and the Plan's insurance companies. These transactions qualify as party-in-interest transactions. Administrative expenses paid to parties-in-interest to the Plan, including the trustee, custodian, third-party administrator, attorney, and independent accountant totaled \$118,945 for the year ended December 31, 2022. Notes receivable from participants also qualify as party-in-interest transactions.
