INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Ocean State Veterinary Specialists 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ocean State Veterinary Specialists 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Marcum LLP / 100 Westminster Street / Suite 500 / Providence, RI 02903 / Phone 401.600.4500 / marcumllp.com

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ocean State Veterinary Specialists 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Ocean State Veterinary Specialists 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ocean State Veterinary Specialists 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Ocean State Veterinary Specialists 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, line 4(i) – Schedule of Assets (Held At End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their forms and contents, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the forms and contents of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Ocean State Veterinary Specialists 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Plan members should refer to the Plan documents for a more complete description of the Plan's provisions.

GENERAL

The Plan is a safe harbor profit sharing and 401(k) savings plan covering full time employees of Ocean State Veterinary Specialists, Ltd (the "Company" or "Plan Sponsor"). The Plan was established on January 1, 2002, and was last amended and restated effective January 1, 2022. The Plan contains a salary reduction feature under Internal Revenue Code Section (IRC) 401(k) and provides for retirement, disability, and death benefits. The Plan is participant directed and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor's Board of Directors is responsible for oversight of the Plan. The Investment Committee is responsible for determining the appropriateness of the Plan's investments and monitoring investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act provisions is required to occur on or before December 25, 2025.

ELIGIBILITY

The Plan covers all employees of the Company who have completed one year of service and have attained age 21.

EMPLOYEE CONTRIBUTIONS

Eligible participants may elect to contribute an amount or percentage of their pre-tax annual compensation up to a maximum salary reduction contribution permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

EMPLOYER CONTRIBUTIONS

During the year ended December 31, 2022, the Company contributed 401(k) safe harbor basic matching contributions equal to the sum of (i) 100% of each participant's deferral contribution up to 3% of a participant's compensation plus (ii) 50% of the amount of each participant's deferral contribution in excess of 3% of a participant's compensation, but not exceeding 5% of a participant's compensation. The Company may also elect to make an additional discretionary profit sharing contribution determined annually. Employer profit sharing contributions to the Plan are allocated to eligible participants who have completed at least one year of service based on an integrated formula and are employed on the last day of the Plan year. The Company did not make a profit sharing contribution during 2022.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching as well as allocations of the (a) Company's discretionary profit sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefits to which participants are entitled are the benefits that can be provided from the participants' vested account balances.

VESTING

Participants are vested immediately in salary deferrals, employer safe harbor matching contributions, rollovers and transfers from other plans plus actual earnings thereon. Upon termination of employment by reason of retirement after age 65, death or disability, participants will be entitled to 100% of the employer profit sharing contributions plus actual earnings thereon credited to their accounts. The Plan does not have an early retirement feature.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING (CONTINUED)

In the event of termination of employment for any reason other than retirement, death, or disability, the vested portion of employer profit sharing contributions, plus actual earnings thereon available for distribution from a participant's account shall be determined according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

In order to receive a vested percentage for a particular Plan year, a participant must be credited with a minimum of 1,000 hours of service.

PAYMENT OF BENEFITS

Benefits are available for distribution upon retirement, death, or disability in a single lump sum distribution. In the event of termination for reasons other than retirement, death, or disability, payment of vested benefits will be made by the Plan administrator in accordance with procedures described in the Plan. The Plan has a mandatory cash-out provision for any terminated participants with account balances that are less than $5,000. The Plan allows for in service distributions without penalty from all or a portion of the participants' vested account balances upon a participant's attainment of age 59½. Hardship withdrawals are not permitted.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The term of the loan shall not exceed 5 years; however longer terms may be allowed when the loan is obtained for the purchase of a primary residence. The loans are secured by the balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates. The interest rates on outstanding loans at December 31, 2022 ranged from 4.25% to 7.25%. Principal and interest are paid ratably through bi-weekly payroll deductions. The participant may have one loan outstanding at any time.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

FORFEITURES

Forfeitures are created when participants terminate employment before becoming entitled to their full vested benefits under the Plan. Forfeitures can be used to reduce expenses related to the administration of the Plan or to reduce employer contributions to the Plan. The Plan had forfeitures of $7 available to reduce employer contributions during the year ended December 31, 2022.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are presented in the statements of net assets available for benefits at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes is recorded on the accrual basis. Delinquent participant loans are treated as distributions based upon the terms of the Plan document.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 6 for discussion of fair value and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefit payments and withdrawals are recorded when paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

PLAN ADMINISTRATIVE EXPENSES

Fees related to the administration of notes receivable from participants and processing of benefit payment transactions are charged directly to the participant accounts and are included in administrative expenses. All other expenses associated with the administration of the Plan are paid by the Company.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Investments of the Plan are comprised of pooled separate accounts under a group annuity contract.

The investments are stated at fair value using the following methodologies:

Pooled separate accounts – the pooled separate accounts invest assets solely in the shares or units of an underlying mutual fund, and the investment objective of each sub-account corresponds to the investment objective of the underlying fund. The value of the pooled separate accounts is determined using various inputs, such as the NAV of the shares of the underlying mutual fund held at year end, adjusted for administrative expenses and other charges. The fund is valued daily and traded similar to a mutual fund.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The investment in a pooled separate account has a readily determinable fair value, which is determined and published and is the basis for current transactions.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	December 31, 2022			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ --	$ 15,252,225	$ --	$ 15,252,225
Total investments, at fair value	$ --	$ 15,252,225	$ --	$ 15,252,225

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

	December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ --	$ 17,496,190	$ --	$ 17,496,190
Total investments, at fair value	$ --	$ 17,496,190	$ --	$ 17,496,190

NOTE 4 - CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments at December 31, 2022 and 2021, net depreciation in fair value of investments, and interest on guaranteed investment contract and notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the custodian of the Plan). This information has not been audited by the Plan's independent auditors.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's Voya Fixed Account Fund (Fund) provided through a group annuity contract with Voya Retirement Insurance and Annuity Company is considered fully benefit-responsive and is recorded at contract value.

The account is credited with earnings based on the underlying investments guaranteed specific rate of interest and charged for participant withdrawals and administrative expenses. Contributions are maintained in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings and credited interest, less participant withdrawals and investment fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to market value adjustment.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, however, it may not be less than 1%. The crediting interest rates are determined by Voya Retirement Insurance and Annuity Company. The crediting interest rate is 1% effective July 26, 2013 and thereafter. The average yield was approximately 1.00% during 2022 and 2021.

Certain events may limit the ability of the Plan to transact at contract value of the Fund. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract value of the guaranteed investment contract is $1,058,829 and $1,578,525 at December 31, 2022 and 2021, respectively.

NOTE 6 - ROLLOVERS CONTRIBUTIONS

An aggregate of $64,432 was rolled into the Plan during the year ended December 31, 2022, and is included in rollovers on the statement of changes in net assets available for benefits.

NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to internally monitor tax positions taken by the Plan to determine whether any are uncertain. A tax position is taken if it is determined that the position will "more-likely-than-not" be sustained upon examination by a taxing authority. The Plan did not have any uncertain tax positions as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, management has stated that there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial termination of the Plan, the accounts of all participants affected thereby shall become fully vested (100%) and non-forfeitable to the extent of current value under the trust fund. The Plan administrator shall direct the custodian to distribute the net assets in accordance with the distribution provisions of the Plan.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by Voya Retirement Insurance and Annuity Company. The Plan administrator and certain employees of the Company, who are also participants in the Plan, perform administrative services at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company has determined that certain remittances totaling $1,788 of participant contributions for the Plan year ended December 31, 2022 were not made timely in accordance with the Department of Labor's guidelines. The Company categorized the remittances as prohibited transactions. These amounts are included on the Schedule of Delinquent Participant Contributions in the supplemental schedules to the financial statements. The Company also calculated lost earnings of $1 for the year ended December 31, 2022 on these late remittances and the lost earnings will be deposited into the Plan in 2023.

NOTE 12 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 19, 2023 the date the financial statements were available to be issued. Except as noted below, no other events requiring recognition or disclosure in the financial statements have been identified.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
