INDEPENDENT AUDITOR'S REPORT

To the Trustees of
AllState Sales Group, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AllState Sales Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AllState Sales Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AllState Sales Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AllState Sales Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AllState Sales Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AllState Sales Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan was established for the purpose of providing eligible employees of AllState Sales Group, Inc. (the "Company") and their beneficiaries funds for retirement.

Eligibility

An employee of the Company becomes an eligible participant in the Plan immediately upon obtaining 3 consecutive months of service and attainment of 21 years of age, with the exception of leased employees. Participants will be automatically enrolled in the Plan following satisfaction of eligibility requirements.

Employee Contributions

Employees have the option to elect to contribute up to 92% of eligible compensation not to exceed limitations set forth by the Internal Revenue Service ("IRS"). The maximum pre-tax participant contribution allowed during 2022 was \$20,500. The Plan allows employees who are contributing to the Plan who have attained age fifty to be eligible to make catch-up contributions. The Plan established an automatic enrollment feature, whereby newly eligible participants will be automatically enrolled in the Plan with at a rate of 3%. Under the Plan, participants may make tax deferred contributions and Roth elective contributions. Participants direct the investment of their contributions into one or more investment options offered by the Plan. The Plan does not carry an automatic escalation provision.

Employer Contributions

Matching contributions are made at a discretionary percentage determined by the Company. For the year ended December 31, 2022, the Company made matching contributions of \$771,480 to the Plan, which represents 100% of employee deferrals up to 3% of compensation.

The Company may also make a profit-sharing contribution in a discretionary amount as determined by the Company. If the Company elects to make a profit-sharing contribution, the contribution will be made using a pro rata formula based on the eligible participant's compensation as a percentage of total eligible compensation. To be eligible, employees must work 1,000 hours during, and be employed on the last day of, the Plan year. For the year ended December 31, 2022, the Company did not elect to make any discretionary profit-sharing contributions.

The Company may also make qualified non-elective contributions to correct certain Plan errors.

Rollover Contributions

Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Individual accounts are established for each participant. The Plan is invested in a variety of shares of mutual funds, pooled separate accounts and an investment contract with the insurance company. Each participant's account is credited with the participant's pre-tax contributions, Roth contributions, the Company's non-elective contributions and the proportionate share of investment income since the preceding valuation date. Allocations are based on participant earnings or account balances as defined in the Plan document. The participant's account is reduced by withdrawals, administrative expenses, and investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's employer match and discretionary profit-sharing contribution accounts, plus actual earnings thereon, is based on years of service. A participant is 100% vested in employer contributions after three years of credited service. Participants become fully vested upon death, total and permanent disability and early or normal retirement age.

The Plan provides for participants to vest in their account balances as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	33%
2 years	66%
3 years	100%

Forfeited non-vested accounts were \$25,954 and \$14,277 at December 31, 2022 and 2021, respectively. As permitted by the Plan document, these accounts are used to either pay the Plan's administrative expenses or to reduce the employer's matching contribution. During 2022, forfeitures of approximately \$34,000 were used to pay the Plan's administrative expenses.

Notes Receivable from Participants

Participants have the option to borrow, from their fund accounts, a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, so long as the balance does not pertain to employee Roth contributions. Participants may only have one outstanding loan at any given time, and interest is determined based on the prime rate, as published in *The Wall Street Journal*, plus one percentage point.

Loan terms range from 1 to 5 years and may be for a reasonable period in excess of 5 years if the loan is utilized for the purchase of a primary residence. The loans are secured by the balance of the participant's account. Principal and interest are paid ratably through weekly payroll deductions. At December 31, 2022, the interest rates applied to all loans ranged from 4.25% to 8.00% with maturities through 2027.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawals must be submitted to the Plan Administrator in writing. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, the value of their vested account balance as adjusted for earnings or losses thereon. Normal retirement age has been designated as 65. Distributions under the Plan are made in lump sums, direct transfer or annuities and participants may receive a distribution for financial hardship only if they have received all other withdrawals or loans available to them under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, including contingencies. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments in the money market fund and cash equivalents, pooled separate accounts, and mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Investments in the guaranteed option are valued at contract value. See Note 5 for further discussion of contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with the option to invest in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions, and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in the near term could materially affect certain participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022, may not necessarily be indicative of the amounts that could be realized in a current market exchange.

Notes to Financial Statements
December 31, 2022 and 2021

Administrative Services

Certain administrative fees are charged against participant accounts by the trustee; including loan fees, withdrawal fees and member requested service fees. All other significant administrative costs are absorbed by the Company. In addition, certain investment related transactions and administrative fees have been reflected as an offset of net investment income and are not readily determinable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through payroll deductions.

3. INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIANS (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company (collectively "Principal"), the custodians, and Ascensus Trust Company ("Ascensus"), the trustee, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the custodians and trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by the ERISA, for the years ended December 31, 2022 and 2021.

The following information as of December 31, 2022, was prepared from reports certified by Principal while the following information as of December 31, 2021, was prepared from reports certified from Principal and Ascensus. With respect to the following information for the year ended December 31, 2022, said information was prepared from reports certified from the custodian:

Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds / Money Market Fund: The investments in registered investment companies consist of shares of mutual funds and are valued on the last business day of the year based on published market values in active markets. The Plan's money market fund is composed of interest-bearing instruments that are considered highly liquid and, as such, at cost value that approximates fair value.

Pooled Separate Accounts: Underlying investments include shares of pooled separate accounts that are valued at their accumulation value unit ("AVU"), which is based upon the net asset value of the shares of the underlying fund. The separate accounts are valued daily as the number of accumulation units held multiplied by the AVU.

The investments in pooled separate accounts are valued utilizing the net asset valuation ("NAV") as a practical expedient to estimate fair value. The use of NAV is deemed appropriate as the pooled separate accounts do not have a finite life, unfunded commitments relating to the types of investment or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will sell a portion of the investment at an amount different from the net asset valuation.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 1,749,628	\$ -	\$ -	\$ 1,749,628

Investments measured at net asset value (a)				<u>2,920,180</u>
Investments, at fair value				<u>\$ 4,542,157</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully-benefit responsive group annuity contract with an insurance company, which is called the Principal Guaranteed Option. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan with no conditions, limits or restrictions. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The guaranteed account is included in the financial statements at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average rate for 2022 was 2.05%.

5. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time by resolution of the Plan sponsor. In the event Plan termination occurs, all participants will become 100% vested in their accounts and shall receive a total distribution of their accounts as described in the Plan document.

6. TAX STATUS

The Plan obtained its latest opinion letter for a prototype plan on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there has been no tax related interest or penalties for the periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Principal and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants which are secured by the participants' account balances. During the Plan year 2022, a fee of \$73,503 was paid to Principal and is reflected as administrative expense. These transactions qualify as exempt party-in-interest transactions.

8. QUALIFIED NON-ELECTIVE CONTRIBUTION

For year ended December 31, 2022, and for Plan years prior to January 1, 2022, the Company determined it had inadvertently failed to correctly calculate deferrals for certain employees totaling \$13,196 and \$158,163, respectively. The Company intends to take corrective action relating to these missed deferrals which are accrued as a component of employer contributions receivable of \$171,359 and \$158,163 at December 31, 2022 and 2021, respectively.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements utilize the accrual basis of accounting whereas the Form 5500 is reported on the cash basis of accounting.

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through December 19, 2023, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
