Independent Auditor's Report

To the Plan Administrator
Cregger Company, Inc.
Columbia, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cregger Company, Inc. dba Rampart Supply 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution, Principal Trust Company ("Trustee"), as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Cregger Company, Inc. dba Rampart Supply 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Cregger Company, Inc. dba Rampart Supply 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established on October 1, 1989 and amended and restated on January 1, 2016 and is offered to employees of Cregger Company, Inc. dba Rampart Supply (the “Company”), the Plan Sponsor. The Company is a plumbing, heating, ventilation, and air conditioning distributor operating primarily in Colorado, South Carolina, North Carolina, and Georgia.

Trustee and Administration of the Plan – The trustee of the Plan is Principal Trust Company (the “Trustee”). The recordkeeper of the Plan is Principal Life Insurance Company (“Recordkeeper”). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Board of Directors of the Company is responsible for oversight of the Plan.

Eligibility – All employees who are at least 21 years of age and have completed at least six months of service are eligible to participate in the Plan.

Contributions – For the year ended December 31, 2022, participants may contribute a portion of his or her pretax annual compensation up to a maximum of \$20,500 in a calendar year. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions up to an annual amount of \$6,500 during the Plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. For each Plan year, the Company has made safe harbor matching contributions of 100% of the participant’s salary deferrals that do not exceed 3% of base compensation, and 50% of salary deferrals between 3% and 5% that a participant contributes to the Plan.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, rollover contributions, and allocations of the Company’s contributions, as applicable, and Plan earnings and then charged with Plan losses and an allocation of Plan expenses. Allocations are based on participant earnings and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting Participant contributions and safe harbor contributions made by the employer are fully vested and nonforfeitable at all times. Vesting in the Company’s discretionary employer profit-sharing contributions are based on years of continuous service. A participant is fully vested after six years of credited service.

Notes Receivable from Participants – Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The loans are secured by the balance in the participants’ accounts and bear interest at a rate comparable to similar loans from commercial lending institutions. Current interest rates on outstanding loans are fixed and range from 3.25% to 7.50%. Principal and interest are collected through payroll deductions. The notes are repaid ratably through payroll deductions over a period of five years or less. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Internal Revenue Code (“IRC”).

Cregger Company, Inc. dba Rampart Supply 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan (continued)

Payment of Benefits – Benefits are recorded when paid. Subject to certain conditions, a participant may make withdrawals from his or her vested account balance in the Plan while employed. Upon termination of employment for any reason other than retirement (including disability or death), the total vested value of the account is distributed to the participant or the participant's beneficiary. In the case of retirement, the participant may choose from one of the Plan's several distribution alternatives.

Forfeited Accounts – Forfeiture balances were \$22,074 and \$20,335 at December 31, 2022 and 2021, respectively. Non-vested participant account balances of terminated participants are forfeited in the subsequent Plan year and allocated to the remaining participants as an employer contribution. Forfeitures may also be used to reduce future employer contributions to the Plan.

Funding – The Company's policy is to fund the Company match of participant deferrals within the Department of Labor's required timeframes.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of the financial statements in conformity with GAAP requires Plan Management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The most significant estimate affecting the Plan is the fair value of the investments.

Concentrations of Credit Risk - All Plan assets are invested with the Trustee. Such investments are subject to credit and market risk associated with (1) the credit worthiness of the Trustee, (2) the credit worthiness of underlying issuers, and (3) fluctuations in market value inherent with changes in economic conditions.

Investment Valuation and Income Recognition – Purchases and sales of funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Prior to the formation of the Plan, Rampart had a money purchase pension plan that allowed employees to take out a life insurance policy which was funded as part of the employer contribution. The Plan includes cash surrender value of life insurance policies for three employees. The cash surrender value was included in each participant's balance as of December 31, 2022.

Note 2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants The notes receivable are measured at carrying value, which is the remaining unpaid balance, and are considered delinquent and written off as a deemed distribution when 90 days past due. No allowance for loss on receivables from participants is provided based on loans being secured by the participants' balance.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses – Certain expenses incurred in connection with the administration of the Plan, including accounting fees, are paid by the Company and, as such, are not an expense of the Plan. See Note 5 for further discussion regarding Plan expenses.

Note 3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Global Investors Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Interest and dividend income, net and interest income from participant loans as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Investment information included in the schedule H, Part IV, line 4i-schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

During the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated by approximately \$6,894,000. Gains and losses (realized and unrealized) included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022 are reported in net appreciation (depreciation) in fair value of investments, and changes in fair value as reported in the accompanying statement of changes in net assets available for benefits primarily relate to mutual fund activity.

Fair Value Measurements - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date.

Note 4. Fair Value Measurements (continued)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Note 4. Fair Value Measurements (continued)

Collective Trusts – The Plan invests in several collective trusts. These collective trusts simulate the performance of guaranteed investment contracts through an issuer’s guarantee of a specific interest rate and a portfolio of financial instruments that are owned by the issuer. This provides a stable value fund option for Plan participants. The contracts provide that participants execute Plan transactions at net asset value. Net asset value represents contributions made to the fund, plus earnings, less participant withdrawals. The fair value of the Plan’s interest in the collective trusts is based on the net asset value of units held. There are no unfunded commitments related to these investments. Participants withdrawing from their accounts for allowable events will receive the principal and accrued earnings. These events include transfers to other plan investment options and payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan. Certain events, such as plan termination or a plan merger initiated by the Plan Sponsor, may limit the ability of the Plan to transact at net asset value. The Plan Sponsor does not believe any events are probable that may limit the ability of the Plan to transact at net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Investments at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,331,565	\$ -	\$ -	\$ 7,331,565

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$54,045 for the year ended December 31, 2022.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investments in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts based on participant earnings and distributed in such a manner as defined by the Plan.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated August 30, 2001 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2022, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 15, 2023, the date these financial statements were available to be issued, and other than noted below, there were no subsequent events that required disclosure in these financial statements.

In late 2021, the Cregger Company, Inc. acquired Rampart Supply, Inc. Effective January 1, 2023, Cregger Company, Inc. transferred Plan assets and liabilities to Principal Financial Group and merged Cregger Company's Plan into Rampart Supply's Plan at the same effective date.
