Report of Independent Auditor

To the Trustees
Apex Dental Laboratory Group, Inc. 401(k) Retirement Plan
Eau Claire, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of Apex Dental Laboratory Group, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2021, and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Apex Dental Laboratory Group, Inc. 401(k) Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated May 13, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

General – The following brief description of the Apex Dental Laboratory Group, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete explanation of the Plan’s provisions.

General – The Plan was established on January 1, 2016 by Apex Dental Laboratory Group, Inc. (the “Employer”) The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is designed to provide employees with additional security for their retirement.

The Plan was amended effective March 15, 2021, to convert from a multiemployer plan to a single member plan.

The Plan was most recently amended effective June 28, 2021, to credit prior service to certain affiliated entities for purposes of plan eligibility and vesting under the Plan.

Administration – The Plan is administered by the Employer, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Employer has outsourced the recordkeeping function of the Plan to the qualified institution, Fidelity Management Trust Company.

Eligibility – All employees are eligible to participate in the Plan when they have attained 20 years of age and have provided one year and 1,000 hours of service. Once the participant is eligible, participants can enter the Plan on January 1, April 1, July 1, and October 1 each year.

Contributions – Upon meeting eligibility requirements, eligible participants may elect to contribute up to 75% of their compensation, as defined by the Plan, up to the maximum limits provided under the Internal Revenue Code (“IRC”) limitations within the Plan. The Plan allows participants to contribute to the Plan through pre-tax or Roth elective deferrals. Employee contributions are recognized in the period in which they are deducted from the employee’s pay. Participants are permitted to make rollover contributions to the Plan. Employee contribution receivables at December 31, 2021 and 2020 are \$-0- and \$10,250, respectively.

Participants become eligible for the employer discretionary matching contributions if they make deferral contributions and are employed on the last day of the Plan year. For 2021, the Employer elected to match 25% of the first 12% of eligible compensation contributed by participants to the Plan. The employer match is paid out in the following year and is calculated based off the employee’s compensation and deferral percentage from the previous year. The employer matching contribution receivable for the years ended December 31, 2021 and 2020 was \$109,398 and \$87,885, respectively.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, the Employer’s contributions, benefit payments, and allocations of Plan earnings or losses and expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in any participant elective deferrals and catch-up, plus actual earnings thereon. Participants become vested in Employer contributions and earnings thereon at a rate of 20% per year after the second year of service and are 100% vested after six years of service. Participants become fully vested if employment terminates as a result of retirement, death or disability.

Note 1—Description of the Plan (continued)

Investment Options – Upon enrollment in the Plan, a participant may direct 100% of their allocation of contributions with Fidelity Management Trust Company. Within Fidelity Management Trust Company, participants may select between several investment options. Participants may transfer balances periodically based on the applicable funds as defined in the custodial service agreement.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or greater for the purchase of a primary residence. Participants may not have more than two outstanding loans at a time. The loans are secured by the balance in the participant's account and bear interest at a rate based on the rates available for similar loans from commercial lending institutions. The effective interest rate for participant loans ranged from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Benefit Payments – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, or an annuity. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Forfeited Accounts – As of December 31, 2021 and 2020, the balance in the forfeited balances of participants' nonvested discretionary employer matching was \$1,155 and \$7,069, respectively. Forfeitures are retained in the Plan and may be applied to the payment of the Plan's administrative expenses or Employer contributions to the Plan. Forfeitures of \$6,925 were used to reduce Employer contributions for the year ended December 31, 2021.

Note 2—Significant accounting policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risk and Uncertainties – Investment securities in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is reported on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the participant loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2—Significant accounting policies (continued)

Benefit Payments – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – Certain administrative expenses are paid by the Plan and are included in the accompanying financial statements. Any administrative expenses not meeting the Plan provisions are paid by the Employer and are not included in the accompanying financial statements. Administrative expenses paid by the Employer are not reimbursed by the Plan.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP describes three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Money Market Fund – Money market funds are short-term, United States dollar-dominated obligations issued or guaranteed by the U.S. Treasury. The money market fund is valued based on the amount of cash balances on deposit, which approximates fair value. Accordingly, the money market fund is classified within Level 2 of the valuation hierarchy.

Note 2—Significant accounting policies (continued)

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31:

2021			
	Level 1	Level 2	Level 3
			Total
			Fair Value
Mutual funds	\$ 6,459,379	\$ -	\$ -
Money market fund	-	42,450	-
Total investments	\$ 6,459,379	\$ 42,450	\$ -
			\$ 6,501,829

2020			
	Level 1	Level 2	Level 3
			Total
			Fair Value
Mutual funds	\$ 5,319,077	\$ -	\$ -
Money market fund	22,823	-	-
Total investments	\$ 5,341,900	\$ -	\$ -
			\$ 5,341,900

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the "qualified institution" of the Plan, has certified to the completeness and accuracy of the following items included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

- Investments, at fair value and notes receivable from participants as of December 31, 2021 and 2020.
- Net appreciation in the fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditor did not perform any auditing procedures with respect to certified information, except for comparing such information to the related information in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Income tax status

The Plan has adopted a Fidelity prototype plan. The prototype plan obtained its latest opinion letter March 31, 2014, in which the Internal Revenue Service ("IRS") had determined the underlying proto-type plan document is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

As required by U.S. GAAP, Plan management evaluates tax positions taken by the Plan and would recognize a tax liability for any tax position taken that is beneficial to the Plan, including any related interest and penalties, when it is more likely than not that the position taken by the Plan would be overturned by a taxing authority upon examination. Plan management believes there are no such positions as of December 31, 2021 or 2020 that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per financial statements	\$ 6,691,642	\$ 5,521,417
Employer contributions receivable	(109,398)	(87,885)
Employee contributions receivable	<u>-</u>	<u>(10,250)</u>
Net assets per Form 5500	<u>\$ 6,582,244</u>	<u>\$ 5,423,282</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per financial statements	\$ 1,170,225
Change in employer contributions receivable	(21,513)
Change in employee contributions receivable	<u>10,250</u>
Net income per Form 5500	<u>\$ 1,158,962</u>

Note 6—Parties-in-interest transactions

Plan investments are managed by the qualified institution as of December 31, 2021 and 2020 and for the year ended December 31, 2021 and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$42,649 for the year ended December 31, 2021. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7—Plan termination

The Employer believes the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, a participant's account becomes 100% vested and non-forfeitable. The Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination.

Note 8—Prohibited transactions

During the years ended December 31, 2021 and 2020, delinquent participant contributions of \$147,132 and \$177,803, respectively, were not remitted to the trust on a timely basis as required by the United States DOL regulations. As such, the late deposits are considered prohibited transactions. These delinquent contributions have been deposited into the Plan.

Note 9—Subsequent events

The Plan administrator has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued.

Effective March 18, 2022, the Plan document was amended and restated to be updated for current laws and regulations.

Effective May 1, 2022, the Plan was amended to change eligibility requirements where employees become eligible to participate in the Plan when they have attained age 18 and completed three months of service for employee contributions and twelve months of service for employer matching contributions. The Plan also amended the former employers for service credit.
