INDEPENDENT AUDITORS' REPORT

To the Plan Administrator,
Leware Construction Company of Florida, Inc. 401(k) Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leware Construction Company of Florida, Inc. 401(k) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

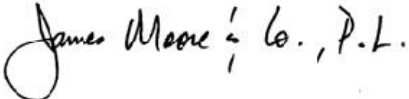

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LEWARE CONSTRUCTION COMPANY OF FLORIDA, INC.
401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(1) Description of Plan:

The following description of the Leware Construction Company of Florida, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering all eligible employees of Leware Construction Company of Florida, Inc. (the Company). Employees who have attained the age of 18 are eligible to participate on the first day of the next quarter following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 90% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 100% of the first 4% that the participant contributes to the Plan. Participants direct the investment of their contributions, as well as Company contributions to their participant account, into various investment options offered by the Plan. Contributions are subject to certain limitations allowed by law. Additional discretionary profit sharing amounts may be contributed at the option of the Company's board of directors. No such profit sharing amounts were contributed during 2022.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The Company currently offers 25 registered investment companies and one fixed annuity as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Notes receivable from participants**—Plan provisions do not permit participants to borrow from their participant balances.

(e) **Vesting**—Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's Safe Harbor matching contributions plus earnings thereon. Vesting in the Company's profit sharing or discretionary matching contribution, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

<u>Years of Service</u>	<u>Percentage</u>
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

(1) **Description of Plan:** (Continued)

(f) **Payment of benefits**—Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent the participant’s election to roll distributions into another qualified plan or receive a lump sum payment, vested balances over \$1,000 but not exceeding \$5,000 for terminated participants are rolled over to an individual retirement plan designated by the plan administrator. The participant’s contributions and vested portion of employer contributions may also be withdrawn for certain hardship situations.

(g) **Administrative plan expenses and participant fees**—The Plan permits payment of administrative expenses to be made from the Plan’s assets, not including forfeiture accounts, and for them to be allocated either proportionately based on the value of account balances or pro rata based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Plan Sponsor. The Company does not charge the Plan for administrative functions performed by employees of the Company on behalf of the Plan.

The Plan has entered into a revenue sharing program with the trustee whereby the Plan receives a credit on a monthly basis paid to an “ERISA Spending Account” that acts as a forfeiture and asset holding account. Qualified plan expenses may be paid from the ERISA Spending Account. In 2022, the Plan received a rebate of \$21,838 of administrative fees paid by the Company to SunTrust, which was used to offset \$10,200 of administrative fees paid by the Plan. At December 31, 2022 and 2021, the Plan had \$146 and \$13,070, respectively, remaining in the ERISA Spending Account, which is included in the Plan’s net assets. The Plan allows for any excess in the ERISA Spending Account in the following plan year to be allocated to eligible participant accounts pro rata in proportion to their applicable account balances. During the year ended December 31, 2022, \$13,087 was allocated from the ERISA Spending Accounting to participant accounts to pay plan expenses.

(h) **Forfeited accounts**—At December 31, 2022 and 2021, the Plan had no forfeited nonvested accounts. Forfeitures of matching contributions cannot be used to pay plan expenses, but can be used to reduce the amount of the Company matching contributions and forfeitures of profit sharing contributions can be used to reduce any profit sharing contributions the Company elects to make.

(i) **Plan amendments**—The Plan was amended on January 1, 2021, to allow for expanded hardship distribution options. On December 6, 2023, the Plan was amended to allow participants to contribute up to 100% of pretax compensation and to permit participants age 59 ½ or older who continue employment with the Company to elect to receive all or any portion of his or her vested account balance.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of presentation**—The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for a discussion of fair value measurements. Interest and dividend income is recognized when paid.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

(c) **Payment of benefits**—Benefits are recorded when paid.

(d) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(e) **Subsequent events**—The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through January 2, 2024, the date the financial statements were available to be issued. As discussed in Note (1)(i), effective December 6, 2023, the Plan was amended to allow participants to contribute up to 100% of pretax compensation and allow for in-service withdrawals at age 59 1/2.

(3) **Certified Investments:**

All investment information disclosed in the accompanying financial statements and ERISA-required schedules, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company for the fiscal year ended December 31, 2022, the custodian of the Plan.

(4) Investments and Fair Value Measurements:

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies and money market funds – Valued at the daily closing price as reported by the fund for the shares held by the Plan at year end. Registered investment companies held by the Plan are open-end that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Fixed Annuities – Valued daily by the annuity provider, utilizing all contributions and deposits to a fixed account made by or on behalf of the participant or plan sponsor, plus all interest credited to the contract holder's assets in the fixed account on an annual effective basis pursuant to the guaranteed interest rate applicable to the fixed account, less any amounts transferred or distributed from the fixed account, less any applicable charges, fees and taxes, if any.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Investments and Fair Value Measurements: (Continued)

The following tables summarize the assets of the Plan for which fair value is determined on a recurring basis:

<u>Description</u>	<u>Quoted Prices (Level 1)</u>	<u>Significant Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>	<u>Fair Value</u>
December 31, 2022:				
Registered investment companies	\$ 6,948,911	\$ -	\$ -	\$ 6,948,911
Fixed annuities	-	607,144	-	607,144
Total assets in FV hierarchy	<u>\$ 6,948,911</u>	<u>\$ 607,144</u>	<u>\$ -</u>	<u>\$ 7,556,055</u>
December 31, 2021:				
Registered investment companies	\$ 8,589,015	\$ -	\$ -	\$ 8,589,015
Fixed annuities	-	811,202	-	811,202
Total assets in FV hierarchy	<u>\$ 8,589,015</u>	<u>\$ 811,202</u>	<u>\$ -</u>	<u>\$ 9,400,217</u>

For the years ended December 31, 2022 and 2021, there were no significant transfers between Levels 1 and 2. For the year ended December 31, 2022, there were no purchases, issues, or transfers in or out of Level 3.

(5) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to permanently discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(6) Tax Status:

The Plan adopted a volume submitter document effective October 31, 2011. The Internal Revenue Service has determined and the Plan by a letter dated June 30, 2020, that the volume submitter document represented a Plan and related trust that were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(7) Parties-in-Interest:

Plan investments were managed by Great-West Trust Company, LLC and Resource Investment Advisors for the years ended December 31, 2022 and 2021. Empower provided administrative services to the Plan and served as custodians to the Plan, and therefore qualifies as parties-in-interest to the Plan.

(8) Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events with could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021, to Schedule H of Form 5500:

	<u>2022</u>	<u>2021</u>
