January 3, 2024

To the Trustees and Plan Administrator of
JFC International, Inc. Savings and Profit Sharing Plan
7101 E. Slauson Ave.
Commerce, CA 940040

We have audited the financial statements of JFC International, Inc. Savings and Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) for the year ended March 31, 2023, and we have issued our report thereon dated January 3, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the Voya Institutional Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 3, 2023. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended March 31, 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates affecting the financial statements were the estimates of the fair value of investments which were disclosed in Note 4 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were identified during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated January 3, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the trustees and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Independent Auditor's Report

To the Plan Administrator of
JFC International, Inc. Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of JFC International, Inc. Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of March 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end as of March 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated November 18, 2022 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

JFC International, Inc. Savings and Profit Sharing Plan

Notes to Financial Statements

March 31, 2023

1. Description of the Plan

The following description of the JFC International, Inc. Savings and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of JFC International, Inc. (“JFC” or “Company”) and its subsidiaries, Hapi Products Inc. and Pacific Marketing Alliance, Inc. (collectively, the “Plan Sponsor”).

The Plan Sponsor through its Plan committee (the “Plan Committee”) is responsible for the general administration of the Plan. Voya Institutional Trust Company (the “Trustee”) is the trustee of the Plan. Voya Retirement Insurance and Annuity Company (“Voya”) is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Participants must complete one year of service to participate in the Plan. One year of service is defined as a 12- month period beginning on the date the participant first performs an hour of service during which the participant performed at least 1,000 hours of service. All employees are eligible to participate unless they are covered by a collective bargaining agreement, leased employees, employees of Kikkoman Corporation and its affiliated companies who are working at JFC, or nonresident aliens. An eligible participant can enter the Plan on the first day of the quarter upon meeting the eligibility requirements.

Contributions

The Plan is considered a qualified savings plan under Section 401(k) of the Internal Revenue Code (“IRC”). Participants may contribute 1% to 60% of their base compensation, as defined in the Plan, subject to certain statutory limits set forth in the IRC. In accordance with Section 401(g) of the IRC, participants age 50 or older are eligible to contribute an additional \$6,500 as a “catch-up” contribution in excess of the maximum 401(k) contributions for the calendar year ended December 31, 2023, not to exceed \$22,500. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan Sponsor matches a discretionary percentage of the first 3% of the compensation contributed by the participant. This percentage is determined by the Plan Sponsor and was fully matched during the year ended March 31, 2023. For the year ended March 31, 2023, the Plan Sponsor made matching contributions of \$837,303, net of forfeitures.

Under the profit-sharing portion of the Plan, contributions are provided solely by the Plan Sponsor, as determined by the Plan Sponsor’s Board of Directors. Contributions may not exceed the maximum amount deductible under the provisions of the IRC and are payable from current profits or accumulated earnings. For the year ended March 31, 2023, the Plan Sponsor made profit-sharing contributions of \$19,093,000.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Plan Sponsor’s matching and profit-sharing contributions, and an allocation of Plan earnings and charged with an allocation of administrative expenses and withdrawals, as applicable. Plan earnings are allocated based on the same proportion that each participant's account bears to the total of all participant accounts as of the valuation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, adjusted for actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching and profit-sharing contributions are based on the participants' years of employment as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants also become fully vested in the Company's contributions at their normal retirement age of 65, upon retirement due to disability, upon death, and upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their total vested account balance. The loans are collateralized by the balance in the vested participant's account. A participant can only have one loan outstanding at any given time. Repayments are generally due semi-monthly within a maximum repayment period of five years (longer for loans to purchase a primary residence). Interest is charged on loans at a rate commensurate that a commercial lender would charge under similar circumstances (8.5% as of March 31, 2023). The notes mature through July 2037. If a participant defaults on a loan, it is deemed a distribution from their vested balance. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e., termination of employment).

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant may elect to receive either a lump-sum amount or partial payments equal to the value of the participant's vested balance in his or her account as specified in the Plan. Additionally, participants meeting certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS") may elect to receive distributions from the Plan. The participant or beneficiary will receive a lump-sum amount equal to the vested portion of the funds allocated to the account.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, in percentage increments, into a series of mutual funds or fixed annuity contracts offered by the Plan. Participants may change their investment options at any time.

1. Description of the Plan (Continued)

Forfeited Accounts

Termination of employment for any reasons other than retirement, disability, or death results in a forfeiture of the non-vested portion of the participant's Plan account balance. Forfeitures on non-vested profit-sharing account balances are allocated to all participants eligible to share in the allocation of profit-sharing contributions or in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year. Forfeitures on the non-vested Plan Sponsor matching portion of account balances are used to reduce future Plan Sponsor matching contributions.

As of March 31, 2023 and 2022, forfeited non-vested accounts totaled \$211,927 and \$147,473, respectively. These accounts will be allocated to eligible participants during the following Plan year. During the year ended March 31, 2023, \$10,484 of forfeitures were used to reduce the Plan Sponsors matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

The Plan invests in a fully benefit-responsive guaranteed investment contract ("GIC"). The GIC is an investment contract issued by an insurance company backed by a portfolio underlying the contract that is maintained separately from the contract issuer's general assets. The contract value is the relevant measurement attributable to the fully benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals, and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements (Continued)

March 31, 2023

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided by the Plan document. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. During the year ended March 31, 2023, administrative expenses paid by the Plan totaled \$1,200.

3. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, investments and participant notes receivable at March 31, 2023 and 2022, and investment income for the year ended March 31, 2023, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: The fair value is based on quoted market value of the shares held by the plan at year end.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

JFC International, Inc. Savings and Profit Sharing Plan

Notes to Financial Statements (Continued)

March 31, 2023

4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2023 and 2022.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Guaranteed investment contract (“GIC”): The GIC meets the fully benefit-responsive investment contract criteria and is reported at the contract value. See Note 5.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis as of March 31:

<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 83,495,692	\$ -	\$ -	\$ 83,495,692
Guaranteed investment contracts at contract value				48,794,454
Total investments				<u>\$132,290,146</u>
 <u>2022</u>	 <u>Level 1</u>	 <u>Level 2</u>	 <u>Level 3</u>	 <u>Total</u>
Mutual funds	\$ 79,749,662	\$ -	\$ -	\$ 79,749,662
Guaranteed investment contracts at contract value				38,164,632
Total investments				<u>\$117,914,294</u>

5. Guaranteed Investment Contract with Insurance Company

The Plan has a GIC with Voya whereby Voya maintains the contributions in a general account. As of March 31, 2023, there are two Fixed Accounts under the GIC. These accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

As described in Note 2, because the GIC is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The contract value, as reported to the Plan by Voya, represents contributions made under the GIC, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Interest is credited to the accounts on a daily basis. Once credited, the interest becomes a part of the principal. The crediting interest rates are based on formulas agreed upon with the issuer but may not be less than 3% for the first Fixed Account and 1% for the second Fixed Account. Such interest rates established by the issuer are reviewed on an annual basis for resetting. The crediting interest rates are the actual guaranteed interest paid to the participants’ accounts per the GIC.

JFC International, Inc. Savings and Profit Sharing Plan

Notes to Financial Statements (Continued)

March 31, 2023

5. Guaranteed Investment Contract with Insurance Company (Continued)

There are certain events that would limit the ability of the Plan to transact at the contract value with the issuer. On all surrenders from the contracts, the issuer reserves the right to pay the contract surrender value in one of two methods as elected by the Plan Sponsor. The first method is in equal principal payments, with interest, over a period not to exceed 60 months. The second method is based on a single payment, which has been adjusted by a contract market value adjustment. To determine the single payment amount, the total contract surrender value is multiplied by the market value adjustment.

The GIC does not have a maturity date. However, there are restrictions on transfers to and from the contract and a positive or negative market value adjustment, as defined in the contract agreements that may apply on contract surrenders. Limited transfers are permitted to the contract from other Plan sources. The percentage permitted to transfer may vary at the issuer's discretion, but will never, in any calendar year, exceed 20% of the value of the Plan's investment options, excluding amounts in the contract, as of January 1 of that year. The issuer may allow a higher percentage up to 100%. The percentage permitted will apply to the sum of all such transfers in the calendar year, rather than to each individual transfer. Transfers from the Fixed Account to other Plan investment options are allowed at any time, provided that the Voya Fixed Account transfer is not directed into a competing investment option. A transfer into a competing investment option from any non-competing investment option has not occurred within 90 days, and a partial surrender has not occurred within 90 days.

Other events that would limit the ability of the Plan to transact at the contract value with the issuer include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) and (ii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at the contract value with participants, is probable.

6. Related-Party Transactions and Party-in-Interest Transactions

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Plan invested in the Voya Fixed Accounts, offered by Voya, totaling \$48,794,454 and \$38,164,632 as of March 31, 2023 and 2022, respectively. Participant loans are also considered party-in-interest transactions which amounted to \$457,219 and \$472,744 as of March 31, 2023 and 2022, respectively. Certain mutual funds and the Voya Fixed Accounts are managed by the Trustee and its affiliate. Purchases and sales of these investments are open market transactions at fair market value or contract value, respectively. Therefore, these transactions qualify as party-in-interest for which a statutory exemption exists. Expenses and fees paid to the Trustee during the year ended March 31, 2023 were \$1,200.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and Plan assets would be distributed based upon the participants' account balances at that time.

8. Tax Status

The Plan uses a prototype plan document sponsored by Voya. Voya received an opinion letter from the IRS, dated June 30, 2020, which states that prototype document, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

JFC International, Inc. Savings and Profit Sharing Plan

Notes to Financial Statements (Continued)

March 31, 2023

8. Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation to Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, Schedule H, Part I, as of March 31:

	2023	2022
Net assets available for benefits per the financial statements	\$ 151,840,365	\$ 137,580,327
Less: Employee contributions receivable	-	(255)
Less: Employer contributions receivable	(19,093,000)	(19,193,034)
Less: Deemed distributions	-	(19,422)
Net assets available for benefits per Form 5500	<u>\$ 132,747,365</u>	<u>\$ 118,367,616</u>
