INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
American Conservation Experience 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of American Conservation Experience 403(b) Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period February 1, 2022 to December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN:

The following description of the American Conservation Experience 403(b) Thrift Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan was established effective February 1, 2022. The Plan is a defined contribution 403(b) plan covering substantially all employees of American Conservation Experience (the "Plan Sponsor"). Participants must attain an age of 18 with no minimum service requirement to be eligible to participate in the Plan. Participants become eligible to receive the discretionary employer matching contribution when they have attained the eligibility requirements. Participants are automatically enrolled in the Plan at a deferral rate of 1% on the first of the month coinciding with or following the satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions. Each year, participants may contribute up to 100% of pretax annual compensation to the maximum contribution allowed by the Internal Revenue Service ("IRS") regulations as defined in the Plan. The Plan permits participants over the age of 50 to make additional contributions, known as catch-up contributions, up to the maximum amount allowed by IRS regulations as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. During 2022, the Plan Sponsor matched 1% of eligible compensation for participating employees each pay period.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are fully and immediately vested in their deferrals plus actual earnings thereon. Vesting in Plan Sponsor discretionary matching contributions, in addition to actual earnings thereon, is based on years of service. Prior to normal retirement age, a participant's interest in contributions of the employer become vested 33% after one year of service, increasing 33% each succeeding year until fully vested after three years of service.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as income under an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may make withdrawals from their accounts in the event of financial hardship not to exceed the amount of the immediate need.

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Options. Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Plan Sponsor contributions into pooled separate accounts.

Forfeited Accounts. Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. The nonvested portion of terminated participants' account balances is used to reduce future employer contributions. There were no forfeited balances as of December 31, 2022.

Administrative Expenses. Administrative expenses of the Plan are paid by the Plan or Plan Sponsor as provided in the Plan document. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments in pooled separate accounts consist of various mutual funds. These investments are carried by the Plan at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefit payments to participants are recorded when paid.

Income Taxes. The Plan Sponsor and the third party administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 403(b) of the Internal Revenue Code and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's mission would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized during the period ended December 31, 2022.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there were no uncertain tax positions taken or expected to be taken that would require

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine tax audits by jurisdictions; however, there are currently no audits for any tax periods in progress as the Plan was established during 2022.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian:

Investments, at fair value	\$ 733,882
Net depreciation in fair value of investments	\$ (62,104)
Interest and dividends	\$ 58,659

4. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

Level 2 Fair Value Measurements:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements:

Fair values are based on inputs other than quoted prices included within Level 1 that are unobservable and significant to the fair value measurements.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Units held in the pooled separate accounts are valued at the net asset value ("NAV") based on the fair market value of the underlying investments of the account less its liabilities. The NAV is used as a practical expedient to estimate fair value.

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

Investments measured at the NAV practical expedient are summarized as follows:

	<u>2022 Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Asset allocation	\$ 11,169	Daily	None
International	12,176	Daily	None
Large US equity	150,877	Daily	None
Mid US equity	8,014	Daily	None
Money market	151	Daily	None
Real estate	14,364	Daily	None
Small US equity	4,145	Daily	None
Target date	<u>532,986</u>	Daily	None
	<u>\$ 733,882</u>		

There were no unfunded commitments for these investments as of December 31, 2022.

The investment objectives for the pooled separate accounts measured using the net asset or unit value are as follows:

Asset allocation: The fund seeks current income and, to a lesser extent, capital appreciation.

International: To invest in equity securities of foreign issuers, generally in at least three countries other than the United States to meet a specified favorable long-term rate of return.

Large US equity: To invest in large cap equity securities focused on companies in new and emerging areas of the economy with distinctive products or promising markets or large cap equity securities that are deemed undervalued by the fund's management team.

Mid US equity: To invest in mid cap equity securities that have the potential for strong earnings or sales growth or that are undervalued based on various financial ratios.

Money market: To seek to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages.

Real estate: The investment objective is to seek a combination of long-term capital primarily through rental income and appreciation of real estate owned by the account.

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

Small US equity: To invest in equity securities within its benchmark index or in small cap equity securities focused on companies across a wide range of sectors, growth rates and valuations that have favorable prospects for significant long-term capital appreciation.

Target date: Invests in a diversified asset allocation which adjusts over time to be more conservative as retirement nears.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<u>Fair Value Measurements Using:</u>				
	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2022:</u>				
Total investments measured at the NAV as a practical expedient*	\$ <u>733,882</u>	\$ <u>0</u>	\$ <u>0</u>	\$ <u>0</u>

* Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statement of net assets available for benefits.

Gains and losses (realized and unrealized) included in the accompanying statement of changes in net assets available for benefits for the period ended December 31, 2022, are reported in net depreciation in fair value of investments.

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are pooled separate accounts managed by Mutual of America, the Custodian, as defined by the Plan. Therefore, Mutual of America is considered a party-in-interest.

Fees were paid during the year for administrative record keeping and other professional services to parties-in-interest, and were based on customary and reasonable rates for such services. Fees paid using Plan assets for the period ended December 31, 2022, related to administrative record keeping and other professional services amounted to \$5,222. The Plan Sponsor also provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan Sponsor directly pays any other fees related to the Plan's operations.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN ERRORS AND PROHIBITED TRANSACTIONS:

Subsequent to December 31, 2022, the Plan Sponsor identified that the Plan's automatic enrollment feature and other deferral rate changes initiated by participants were not being accurately applied to the participants' accounts causing incorrect deferral calculations. This resulted in a corrective contribution amount calculated by the Plan Sponsor of \$3,975 that is included in the accompanying statement of net assets available for benefits as an employer receivable due to the Plan as of December 31, 2022. The Plan Sponsor is in the process of calculating the related lost earnings to be remitted to the affected participants' accounts along with the corrective contribution.

AMERICAN CONSERVATION EXPERIENCE 403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS

9. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through January 5, 2024, the date which the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to add a provision that allows participants the ability to take loans from their vested account. Loans must be greater than \$1,000, bear interest at a rate of 1% plus the current prime rate, and have a maximum term of 10 years.

No additional significant subsequent events have been identified by management.
