Independent Auditor's Report

To the Administrative Committee of the
Landmark Health Solutions Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Landmark Health Solutions Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Landmark Health Solutions Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Landmark Health Solutions Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Landmark Health Solutions Savings 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Landmark Health Solutions Savings 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Landmark Health Solutions Savings 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i- Schedule of Assets (Held at Year End), as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Landmark Health Solutions Savings Plan

Notes to Financial Statements
Years Ended December 31, 2022 and 2021

Note 1 - Description of Plan:

The following brief description of the Landmark Health Solutions Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which was adopted by Landmark Health Solutions, LLC (currently named Landmark Management Solutions, LLC) effective July 1, 2002 and amended from time to time thereafter, is a defined contribution plan covering all eligible full and part-time employees, who have attained the age of 21, of Landmark Management Solutions, LLC, Essex Pavilion, LLC, Ashmont Hill, LLC, Bentley Saint Francis, LLC, and Landview Therapy Resources, LLC (collectively "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Recent Legislation

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. Secure Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

(c) Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and one pooled separate account as investment options for participants. The Company may match eligible employee contributions using a discretionary formula. For the years ended December 31, 2022 and 2021, the Company matched 25% of the participants first 6% of compensation. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Participants are eligible to share in any discretionary profit-sharing contributions if they have completed one year of service and are employed on the last day of the Plan year. There were no discretionary profit-sharing contributions in 2022 and 2021. Contributions are subject to certain limitations.

The maximum allowable calendar-year pre-tax voluntary contribution, as determined by the Internal Revenue Service was \$20,500 and \$19,500 during the years ended December 31, 2022 and 2021, respectively, in addition to a maximum allowable catch-up contribution was \$6,500 for each year.

Note 1 - Description of Plan (continued):

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

(e) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service or if the participant has reached the early retirement age of 55 and completed 5 years of credited service. Participant accounts become fully vested upon death, disability, attainment of normal retirement age, or upon termination of the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date the loan was made plus 1.00%. Principal and interest are paid ratably through regular payroll deductions.

(g) Payment of Benefits

In-service withdrawals may be made from a participant's employee contributions account based on financial hardship or upon reaching age 59½. On termination of service due to death, disability, or retirement, a participant, or his/her beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(h) Forfeited Accounts

At December 31, 2022 and 2021 forfeited non-vested amounts totaled \$0 and \$14,125, respectively. These accounts will be used to pay administrative expenses of the Plan and may be used to reduce future employer contributions. During 2022 and 2021, forfeitures totaling \$13,750 and \$13,682 were used to pay administrative expenses and to reduce employer contributions, respectively.

Note 2 - Summary of Significant Accounting Policies:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the pooled separate account, which is recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements and Note 6 for discussion on contract value of the pooled separate accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The pooled separate account with underlying investments in fully benefits responsive investment contracts, the Lincoln Stable Value (LSV) is valued at the fair market value of the underlying investment and then adjusted by the issuer to contract value. The contract value of the LSV at December 31, 2022 and 2021 was \$847,608 and \$660,886, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded as a deemed distribution on the statements of changes in net assets available for benefits.

(e) Corrective distributions

Amounts paid to participants for contributions in excess of amounts allowed by the IRS are recorded as corrective distributions on the Statements of Changes in Net Assets Available for Benefits. Corrective distributions for the years ended December 31, 2022 and 2021 amounted to \$3,107 and \$20,190, respectively.

Years Ended December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (continued):

(f) Payment of Benefits

Benefit payments to participants are recorded when paid.

(g) Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

(h) Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(i) Subsequent Events

The Plan has evaluated subsequent events through January 2, 2024, the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by the Plan's Trustee (Unaudited):

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's trustee, Lincoln Financial Group Trust Company.

Note 4 – Investments:

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$1,805,778 and \$22,694, respectively.

Note 5 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds:	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 - Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments, at fair value	<u><u>\$ 8,282,264</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 8,282,264</u></u>

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 9,669,626</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,669,626</u>
Total investments, at fair value	<u><u>\$ 9,669,626</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 9,669,626</u></u>

Note 6 - Investment in Pooled Separate Account:

The Plan has entered into a fully benefit-responsive investment contract with Lincoln Financial Group Trust Company, Inc. ("Lincoln") at December 31, 2022 and 2021. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Lincoln. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Because the pooled separate account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the pooled separate account. Contract value, as reported to the Plan by Lincoln are equal to the sum of all of the benefits owed to the participants in that fund (invested principal and accrued interest). The fair value of a pooled separate account is equal to the sum of the market value of all of the fund's investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Years Ended December 31, 2022 and 2021

Note 6 - Investment in Pooled Separate Account (continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-off's of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 7 - Related Party Transactions and Party in Interest Transactions:

Certain Plan investments are shares of mutual funds managed by Lincoln Financial Group Trust Company, Inc. ("Lincoln"). Lincoln is also the investment trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan participants paid administrative fees of \$72,923 and \$69,937 to Lincoln during 2022 and 2021, respectively. In addition, the Plan paid audit fees of \$13,750 and \$13,000 during the years ended December 31, 2022 and 2021, respectively.

Note 8 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 9 - Tax Status:

The Plan is based on a "prototype" plan drafted by Lincoln Financial Group Trust Company, Inc. The prototype received an Internal Revenue Service ("IRS") "prototype" letter on March 31, 2014. The letter states the prototype plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the "prototype" letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities.

Landmark Health Solutions Savings Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 9 - Tax Status (continued):

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 10 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Subsequent Events:

During August 2023, the Plan moved all assets from Lincoln Financial Group to Fidelity Investments.
