Independent Auditor's Report

To the Plan Administrator
International Research and Exchanges Board, Inc. DC Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of International Research and Exchanges Board, Inc. DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of International Research and Exchanges Board, Inc. DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of International Research and Exchanges Board, Inc. DC Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Independent Auditor's Report (continued)

Basis for Disclaimer of Opinion

International Research and Exchanges Board, Inc. DC Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Research and Exchanges Board, Inc. DC Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of International Research and Exchanges Board, Inc. DC Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of International Research and Exchanges Board, Inc. DC Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Independent Auditor's Report (continued)

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedule referred to above.

Notes to Financial Statements

1. **Description of the Plan** The following description of the International Research and Exchanges Board, Inc. DC Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of International Research and Exchanges Board, Inc. (the "Company") who are at least 21 years old, except for nonresident aliens and employees who normally work less than 20 hour per week. Participants may enter the Plan immediately upon satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company contributes a safe harbor matching contribution of 100 percent of the first five percent of compensation that a participant contributes to the Plan. The Plan allows for discretionary matching and non-elective contributions that are determined by the Company. During 2022, the Company contributed a discretionary non-elective contribution of two percent of eligible compensation. There was no discretionary matching contribution for the Plan year ended December 31, 2022. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary non-elective contribution, if any and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest comparable to lending institutions. Principal and interest are paid through payroll deductions.

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

Vesting: Participants are vested immediately in all contributions, plus actual earnings thereon.

Payment of benefits: Benefits are payable upon retirement at age 65, or early retirement at age 55, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum, installment or partial payments.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses. Investment consulting fees are also charged to participants based on account balances.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through January 3, 2024, which is the date the financial statements were available to be issued.

- 3. Certified information** Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income, and interest income from notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company, Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equity Fund ("CREF"), the insurance companies of the Plan.
- 4. Fair value measurements** The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The unit values of the variable annuities and the TIAA Real Estate pooled separate account are listed on NASDAQ. As a result, these assets have been reported based on Level 1 inputs.

The fair value of the units of pooled separate accounts held by American United Life Insurance Company is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by the insurance companies based on the fair value of the underlying assets in the account, less the liabilities.

The Teachers Insurance and Annuity Association of America ("TIAA") Traditional Non-Benefit Responsive Annuity Account is reported at contract value, which approximates fair value. The contract value equals the accumulated cash contributions and interest credited to the contract less any withdrawals. Contract value is deemed to approximate fair value based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts. See further discussion in Note 6. In determining the reasonableness of the valuation methodology, the Plan administrator evaluated a variety of factors including existing contracts, economic conditions and TIAA's overall credit rating.

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

The fair value of assets is as follows:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2022 and 2021 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The investment objective of the large cap, mid cap, small cap, and international stock accounts is the long term growth through large, medium, small, and international company investments, respectively. Target date accounts seek to maximize the return on investment consistent with the asset mix, which is adjusted over time as the target date of retirement approaches. Bond accounts seek a consistent return through bond investments. The real estate account seeks long term growth of capital primarily through publicly traded real estate invest trusts.

Investments in pooled separate accounts held by American United Life Insurance Company can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2022 and 2021.

The table below sets forth a summary of changes in fair value of the Plan's level 3 investment assets for the year ended December 31, 2022:

	TIAA Non-Benefit Responsive Traditional Insurance Annuity Account
Purchases	265,901
Issuances	-
Transfers into Level 3	-
Transfers out of Level 3	-

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those instruments, and the significant unobservable inputs and the ranges of values for those inputs.

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

Instrument	Fair Value 12/31/2022	Fair Value 12/31/2021	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Annuity Account	\$ 2,210,250	\$ 2,377,026	Discounted Cash Flow	Risk-adjusted discount rate applied	3.00% - 6.25%

5. **Guaranteed investment contract**

The Plan participates in a traditional benefit responsive investment contract with American United Life Insurance Company ("AUL") via an investment in a Stable Value Account ("SVA"). AUL commingles the assets of the SVA with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the Plan, payment to participants under a partial Plan termination, a payment that would exceed 20 percent of all Plan assets, or if the Plan sponsor has filed for bankruptcy, is deemed insolvent, dissolves, or ceases business operations. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

|-------------------------------------|---|
| 6. Insurance annuity account | <p>The plan participates in the TIAA Traditional Annuity, an investment contract with TIAA. The contract is segregated into non-benefit and fully benefit responsive categories. TIAA commingles the assets of the contract with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Each premium allocated to the investment contract buys a guaranteed minimum amount of lifetime income, based on the rate schedule in effect at the time the premium is credited. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value. The contract has no maturity date and there is no market value adjustment upon discontinuance. TIAA has determined that fair value approximates the contract value of the investment.</p> <p>There are no reserves against contract value for credit risk of the contract issuer or otherwise. A portion of the annuity contract is non-benefit responsive as it requires withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a purchase of annuity contract in the Statement of Changes in Net Assets Available for Benefits. In 2022, no such annuity contracts were purchased.</p> |
| 7. Risks and uncertainties | <p>The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.</p> |
| 8. Plan termination | <p>Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.</p> |

International Research and Exchanges Board, Inc. DC Plan

Notes to Financial Statements

- 9. Tax status** The Plan is a volume submitter plan of OneAmerica Financial Partners, Inc. which received an opinion letter on November 22, 2017, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.
- Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
- 10. Party-in-interest transactions** Certain Plan investments are managed by affiliates of TIAA, CREF and AUL. These entities are insurance companies and recordkeepers as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.
- 11. Insufficient account records and supporting documents** The Plan assets held with TIAA and CREF are a collection of individual contracts with respect to which participants can engage in a range of investment actions without the consent or involvement of the Company. Each Plan participant maintains his or her own personal contract relationship with the vendor, TIAA and CREF. Following adoption of the new 403(b) regulations in July 2007 (which became effective for the year ended December 31, 2009), the Company undertook action to obtain prior year Plan account records. TIAA and CREF provided historical plan-level reports, but only for the year ended December 31, 2009. Accordingly, the Plan is unable to provide sufficient accounting records and supporting documents related to annuity and custodial accounts issued to current and former employees prior to January 1, 2009.
