INDEPENDENT AUDITORS' REPORT

Board of Trustees of
Local 805 Successor Pension and Retirement Fund

Opinion

We have audited the financial statements of Local 805 Successor Pension and Retirement Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Local 805 Successor Pension and Retirement Fund as of March 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Local 805 Successor Pension and Retirement Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 805 Successor Pension and Retirement Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

INDEPENDENT AUDITORS' REPORT (continued)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Local 805 Successor Pension and Retirement Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 805 Successor Pension and Retirement Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at year end and reportable transactions attached to Schedule H of Form 5500 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOCAL 805 SUCCESSOR PENSION AND RETIREMENT FUND

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Local 805 Successor Pension and Retirement Fund (the “Plan” or the “Successor Plan”) is provided for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description for a more complete description of the Plan’s provisions.

In 2018, the Board of Trustees (the “Trustees”) of Local 805 Pension and Retirement Fund (the “Original Plan”) filed a joint suspension of benefits and plan partitioning with the US Treasury Department (the “Treasury”) and the Pension Benefit Guaranty Corporation (the “PBGC”), respectively.

The Successor Plan was created pursuant to an Order Partitioning the Original Plan dated November 16, 2018 (“Order”) issued by the PBGC in connection with PBGC’s partitioning of certain liabilities from the Original Plan pursuant to Section 4233 of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is a “successor plan” (within the meaning of 29 C.F.R. Section 4233.2) to the Original Plan. In accordance with Section 4233(d)(2) of ERISA, the plan sponsor of the Successor Plan is the Board of Trustees of the Original Plan, and the administrator of the Original Plan shall serve as the administrator of the Successor Plan. The Successor Plan shall receive financial assistance from the PBGC on a periodic basis and from the Original Plan for the portion of excess monthly pension benefits, as explained below.

In accordance with the Order and the Treasury’s November 16, 2018 Final Authorization issued pursuant to ERISA section 305(e)(9)(H)(vi), effective on January 1, 2019, the participants in the Successor Plan shall be eligible to receive the portion of their monthly pension benefits that are subject to a guarantee under Section 4233 of ERISA. Participants in the Successor Plan shall receive the portion of their monthly pension benefits that exceeds the PBGC Guaranteed Benefit from the Plan as funded by Original Plan, in accordance the terms and conditions of the Original Plan.

The Successor Plan’s plan document is intended to duplicate, in all material respects, the plan document of the Original Plan, except to the extent the terms and conditions of the Successor Plan are intended to implement the provisions of the Order and the Final Authorization.

General: The Plan shall be used for the purpose of providing pension and related benefits and for paying the expenses relating to the operation and administration of the Plan created by the Trustees effective as of January 1, 2019.

Plan Administration: The administration of the Plan is the responsibility of a Board of Trustees composed of Union and Employer Trustees. The Union Trustees and Employer Trustees have equal voting rights.

Termination: The Trustees have the right under the Plan to modify benefits provided to participants. The Plan may be terminated only by the Board of Trustees, subject to the provisions set forth in ERISA. (see Note 8)

Pension Benefits: All benefits paid by the Successor Plan will be limited to the PBGC guarantee for Multiemployer Plans. Participants become fully vested after 5 years of vesting service, as defined by the Plan. Participants are entitled to a normal pension beginning at age 65 after the fifth anniversary of plan participation. An early service retirement pension benefit is available for those participants who retire at age 55 with at least 15 years of continuous credited service. The pension benefit amount for regular pension for a participant with no covered employment after December 31, 1998 is based on a fixed rate of \$2,000 per month for eligible participants. For those participants with credited service after December 31, 1998, the pension benefit amount for a regular pension shall be the greater of \$2,100 at age 65 with 15 years of credited service and the accrued benefit schedule delineated in Section 5.6 of the Plan. For participants with no credited service prior to December 31, 1998, the regular pension benefit amount shall be calculated as stated in Section 5.6 of the Plan. For participants of YRC (“Yellow Freight”), the amount of \$2,500 shall be substituted for \$2,100 in the description above. The early service retirement pension benefit is the normal pension benefit amount described above, reduced for early commencement.

LOCAL 805 SUCCESSOR PENSION AND RETIREMENT FUND

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

The Plan also offers a vested pension to participants who do not meet the eligibility requirements for a normal or early service retirement pension and who have either met the retirement age of 65 and have at least 5 years of continuous credited service or who have attained age 55 with at least 5 years of continuous credited service. The benefit amount shall be based on the normal or early service retirement pension benefit amount; however, the benefit derived from the schedule in effect prior to January 1, 1999 shall be multiplied by a fraction, the numerator being the number of years of credited service and the denominator being 30.

If an active and vested participant dies before reaching the earliest retirement age under the Plan, the participant's surviving spouse, or designated beneficiary, if not married, would receive 50% of the benefit that the participant would have received had he retired the day before he died and elected the 50% joint and survivor option. The benefit commences when the participant would have first been eligible to retire. Active employees who become totally and permanently disabled, during a period in which they are working in covered employment and have met the same requirements as with the early service retirement pension are eligible for disability retirement pension benefit. The benefit amount is equal to the accrued benefit of the participant, with no actuarial age reduction.

As a result of the Pension Protection Act of 2006, the Plan was certified as being in "Critical Status" effective with the Plan Year beginning April 1, 2008. As a result, future accruals after entering Critical Status are determined in accordance with the Rehabilitation Plan.

A full description of plan benefit provisions is available in the Rules and Regulations of the Plan as amended and restated.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Interest bearing cash is readily convertible into cash and is carried at cost, which approximates fair value.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – EVALUATION OF SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 19, 2023, the date the financial statements were available to be issued.

NOTE 4 – CONCENTRATION OF CREDIT RISK

Financial instruments that subject the Plan to concentration of credit risk include cash and short-term investments. While the Plan attempts to limit any financial exposure, its cash deposit balances may, at times, exceed federally insured limits. Short-term investments are not covered by the Federal Deposit Insurance Corporation (FDIC).

LOCAL 805 SUCCESSOR PENSION AND RETIREMENT FUND

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2023 AND 2022

NOTE 5 – PLAN TERMINATION PRIORITIES

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations.
- All non-vested benefits.

Benefits under the plan are insured by the PBGC. Should the Plan terminate at some future time, its net assets generally will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, whereas other benefits may not be provided for at all.

A full description of the Plan's termination priorities is available in the Plan's rules and regulations, as amended and restated.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan, by letter dated November 24, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan's administrator believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax exempt. Consequently, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PENSION BENEFIT GUARANTY CORPORATION FUNDING

Due to its critical and declining status, the Original Plan was approved by the PBGC to be partitioned and created the Successor Plan, effective January 1, 2019. Financial assistance to the Successor Plan will be paid exclusively from the multiemployer insurance fund (PBGC).

The Plan signed a promissory note payable to the PBGC in the amount of \$1,840,300 plus interest. The PBGC may lend the Plan additional amounts as financial assistance and such amounts will be added to previously advanced amounts. The aggregate balance at any time will be called the "Outstanding Principal Amount." For the year ended March 31, 2023, the Plan received \$0 from the PBGC. The Outstanding Principal Amount as of March 31, 2022, and 2021 was \$0 and \$16,653,800, respectively. (See note 8 for settlement of PBGC promissory note.)

NOTE 8 – PLAN MERGER/TERMINATION

Due to the Original Plan's application for Special Financial Assistance (SFA) with the PBGC on January 3, 2022, and subsequent approvals as of May 3, 2022 and December 6, 2022, the Plan received SFA totaling \$158,675,932, net of \$17,802,170, which was used to settle the PBGC for the promissory note as described in Note 7. As part of the agreement with the PBGC, the Partition, as described in Note 1, separating the Original Plan and the Plan was rescinded and the net assets of the Plan, including the SFA of \$158,675,932 was transferred to the Original Plan. After the transfer to the Original Plan, the Board of Trustees terminated the Successor Plan.
