INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Sheet Metal Workers' Local 49
Defined Contribution Pension Plan

Opinion

We have audited the accompanying financial statements of Sheet Metal Workers' Local 49 Defined Contribution Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers' Local 49 Defined Contribution Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers' Local 49 Defined Contribution Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sheet Metal Workers' Local 49 Defined Contribution Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers' Local 49 Defined Contribution Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets Held for

Investment Purposes as of March 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DEFINED CONTRIBUTION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended March 31, 2023 and 2022

(1) Description of Plan

The following description of the Sheet Metal Workers' Local 49 Defined Contribution Pension Plan (Plan) is provided for general information purposes only. Participants should refer to the summary plan description and the plan rules for more complete information.

General - The Plan is a 401(k) profit-sharing plan covering the employees of participating employers who have completed an hour of service and have had contributions paid on their behalf, without restrictions as to age or years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may make elective contributions to the Plan. Employer contributions for participants are based on hours worked by the participant and the contribution rate(s) as set forth in the collective bargaining agreements.

Participant accounts - Individual accounts are established for all reported participants. Each individual account is credited with the sum of all participants contributions, employer's contributions made on behalf of the participant, plus investment earnings or losses less administrative expenses. Each participant is always 100% vested in his/her individual account. At the end of the Plan year, or at the other regular interval as the Trustees shall elect, the fair market value of the Plan's assets shall be determined and any increase or decrease in the fair market value shall be allocated to all participants' accounts. This allocation is based on the ratio of the participant's account to the total of all accounts as of the previous valuation date.

Participants' interest in employer and elective contributions are 100% vested at all times.

Investment options – The Plan provides for participant-directed investments through the custodian of the Plan. Each participant may direct their contributions into various investment options offered by the Plan, which may be changed at any time.

Retirement and disability benefits – Participants are allowed to receive benefits upon retirement, disability, death or termination of employment as specified in the Plan documents. Participants are also allowed to withdraw benefits from their accounts in the event of hardship circumstances as provided in the Internal Revenue Service (IRS) safe harbor regulations. Withdrawals for this reason are limited to the participant's elective contributions less the amount of any previous hardship distributions.

Withdrawal from the trade – Participants are entitled to apply for distribution of benefits when there is a withdrawal from the trade. Withdrawal from the trade is when the Participant terminates employment and does not work for a contributory employer in the geographical jurisdiction of the Plan for a period of one Plan year.

(2) Summary of Significant Accounting Policies

Basis of accounting – These financial statements have been prepared utilizing the accrual method of accounting. Under this method of accounting, additions and deductions to net assets available for benefits are identified with specific periods of time and are recorded as earned and incurred, respectively, without regard to the date of receipt or payment.

The Plan maintains its financial records using the modified cash method of accounting, under which additions and deductions to net assets available for benefits are recognized when measurable and available to finance expenditures of the current period. Expenditures are generally recorded when the liability is paid. Adjustments are prepared at each year-end to adjust the financial records to the accrual method of accounting.

Valuations of investments – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions are recorded during each year based upon hours worked and the wages paid. Employer contributions receivable is based upon actual contributions received subsequent to March 31, for hours worked and wages paid prior to March 31, therefore there is no allowance for uncollectible receivables. No provision has been made for subsequent receipt of additional delinquent moneys covering hours worked during March or prior months, as the financial effect is expected to be immaterial. Employer contributions are due by the 10th of the month following the month in which the hours were worked and are deemed delinquent if not received in the Trust Fund's Administrative Office by the 14th day of that month.

Payment of benefits – Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies (continued)

Operating expenses – Operating expenses of maintaining the Plan are paid through the Plan using participant assessments charged by the Plan to each participant.

Subsequent events – The Plan's management has evaluated subsequent events through November 9, 2023, which is the date the financial statements were available to be issued.

(3) Tax Status

The determination letter from the Internal Revenue Service dated October 10, 2012, exempts the Plan from Federal income taxes under the provisions of section 501(a) of the Internal Revenue Code. The Plan is also exempt from state income taxes. The Plan's administrator and legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Tax years ended 2021 – 2023 remain subject to examination for federal income tax purposes. The Plan uses a loss contingency approach for evaluating uncertain tax positions. The Plan continually evaluates expiring statutes of limitations, audits, changes in tax laws and new authoritative rulings.

(4) Plan Termination

Although there has not been any expressed intent to do so, the Trustees of the Plan have the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination or partial termination, the rights of all affected participants to benefits accrued as of that date, including benefits not otherwise vested shall to the extent funded, be 100% vested and non-forfeitable. No part of the assets shall be returned to any employer or inure to the benefit of any employer or union.

(5) Fair Value Measurements

Accounting Standards Codification Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

SHEET METAL WORKERS' LOCAL 49
DEFINED CONTRIBUTION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended March 31, 2023 and 2022

(5) Fair Value Measurements (continued)

- 1) Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active accessible markets.
- 2) Level 2 – Inputs to valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- 3) Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

- A) Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- B) Cash Equivalents –Valued at the closing price as reported on the exchange on which it is traded.
- C) Common Collective Trust Funds – Valued at NAV based upon units held by the Plan. The NAV is used as a practical expedient to estimate fair value. Such investments recorded at NAV are not classified within the fair value hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at March 31, 2023 and 2022.

(6) Risks, Uncertainties and Concentrations of Credit Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is funded by contributions from employers who work mainly in New Mexico and who are signatory to the collective bargaining agreement with the Local 49 of Sheet Metals Workers' International Association.

(7) Related Party Transactions

The Plan hires administrators, legal counsel and auditors who are also known to parties in interest.
