NOTE 1: DESCRIPTION OF PLAN

General

The following description of the Saatva Retirement Plan and Trust 401 (k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

The Plan is a cash or deferred profit-sharing plan (referred to as a 401 (k) Plan) that was established on July 1, 2018, by Whitestone Home Furnishings, LLC (the "plan administrator" or the "company") covering all employees of Whitestone Home Furnishings, LLC. The plan administrator believes that the plan is designed and operated in compliance with the applicable requirements of the internal revenue code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees oversees governance of the plan.

Effective May 1, 2021, the plan was amended and restated to (a) include qualified employer match contributions and (b) to modify the vesting percentages for participants vested account balance in qualified employer match contributions.

Plan Year

The plan operates on a calendar year ending December 31. Reference to 2021 and 2020 relates to the plan years ended December 31, 2021, and December 31, 2020.

Administration

Reliance Trust Company is the trustee of the Plan and ADP provides record keeping for the Plan.

Eligibility

All employees that have attained the age of 18 provided the employee is not an excluded employee, are eligible to participate in the plan and can enter the plan on the first day of each plan year month following the completion of the eligibility requirement. Once a participant will be eligible to participate in the plan, as of the first entry date, they will automatically be enrolled to make deferrals of 3% and will increase by 1% each year up to a maximum of 10% until they opt to complete a salary reduction agreement to select an alternative deferral amount.

Participant Contributions

Each year participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan limited to the maximum (\$19,500 under 50 and \$26,000 over 50) for 2021. All participants who have attained the age of 50 may make catch up contributions to the plan of \$6,500 in 2021. Participants may designate all or a portion of their contributions as a Roth elective deferral. Participants may also contribute amounts representing distributions from other qualified plans, if certain requirements are met. All amounts contributed to the Plan are directly invested in the participant accounts according

to their investment elections. Participants may direct their investments and employer matching contribution by choosing from various investment options offered by the trustees.

Tax laws limit the amount of compensation that may be taken into account each plan year, the maximum amount for the 2021 plan year is \$290,000. A participant may change or revoke his salary reduction agreement as the beginning of each plan month. Federal law requires that amounts contributed by the participant and by the employer for a given limitation may not exceed the lower of \$58,000 or 100% of your annual compensation.

Employer Contributions

As of May 2021, the Company will make a Matching Contribution equal to 50.0% of the participants Elective Deferrals. The Company will not match Elective Deferrals that exceed 4.0% of their eligible earnings. Participants must make Elective Deferrals to receive the Matching Contribution. Matching Contribution is made each pay period that Elective Deferrals are made and is calculated based on eligible earnings for that pay period. Once Elective Deferrals stop, the Matching Contribution also stops.

Participant Accounts

Each participant makes self-directed elections to have his/her account balances invested in one or more investment funds. The plan administrator provides the participants with information on making investment elections, and how frequent they can change their investment choices. Each participant's account is credited daily with (a) the participant's contribution (b) Employer match contributions if any, and (c) an allocation of the plan earnings or loss on investments made with the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Employees who terminate employment due to retirement, disability or death are 100% vested in their plan accounts, regardless of years or service. The plan defines "retirement" as age 65 or older for the purpose of vesting. On termination of employment other than retirement, disability, or death the amounts credited to the accounts of the participant are vested as follows: Employee contributions including catch up and rollover contributions are always 100% vested. Qualified Matching Contributions or Qualified Nonelective Contributions are vested according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1 year	0%
At least 1 year, but less than 2	33%
At least 2 years, but less than 3	66%
3 Years or more	100%

NOTE 1: DESCRIPTION OF PLAN(Continued)

Investment Options

Upon enrollment in the Plan, Participants can direct the investment of their accounts among various funds, debt securities and common stock. The funds as of December 31, 2021, and 2020 include a variety of mutual funds and CCT Funds. It is intended that the plan meets the requirements of ERISA section 404(c) by providing the participants with sufficient information for them to make informed investment choices. Participants may

change their investment options at any time. The value of each of the accounts is established as of the valuation date under the plan and the valuation date is daily. An election can be revoked at any time. Participant may modify a prior salary deferral election at any time via ADP plan sponsor website within a reasonable time before the pay period for which such modification is to be effective. Any modification shall not have retroactive effect and shall remain in force until revoked, or until such time as may be indicated on such agreement or at the time established by the employer's deferral policies and procedures.

Payment of Benefits

On termination of service due to death, disability, retirement, or certain hardships according to the plan, the plan may elect to make a mandatory distribution of account balances that are \$5,000 or less. The distribution will be made as soon as administratively feasible. The plan will make the distribution as a direct rollover for any amounts greater than \$1,000. The plan administrator will notify participants if the automatic rollover provisions apply to the participants distribution. After receiving this notice, they will have an opportunity to decide whether they wish to receive an automatic payment directly in cash or have it rolled into an eligible retirement plan or IRA. The automatic rollover will be invested in an investment product designed to preserve principal and provide a reasonable rate of return, whether such return is guaranteed, consistent with liquidity.

After the age of 59-1/2 participants may request an in-service distribution from their pre-tax salary deferral, Roth deferral, ADP safe harbor contribution and qualified non-elective contribution accounts. Hardship withdrawals are limited to the amount of the participant's elective deferral contributions (but none of the income earned on such contributions). Hardship will be determined under the stated deemed hardship standards of Reg. 1.401(k)- 1(d)(2)(iv) (the 6 criteria).

Notes Receivable from Participants

Participant's may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by at least fifty percent (50%) of the present value of a participant's vested interest in the Plan, reduced by the participant's highest outstanding loan balance in the previous twelve months and the existing loan balance; even if all or a portion of this amount has been repaid. The interest rate for a loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. This interest rate is effective for any loan processed as of the 16th day of the month.

SAATVA RETIREMENT PLAN AND TRUST
401-K PROFIT SHARING PLAN
Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN(Continued)

The loan agreement shall provide for the payment of principal and interest not less frequently than quarterly. All loans should be repaid through after-tax payroll deduction over a five-year period unless it is for the purchase of a principal residents. An outstanding loan must be repaid before a new loan can be made. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Notes receivable from participants totaling \$74,489 and \$7,110 were outstanding on December 31, 2021, and 2020, respectively, bearing interest rates ranging from 5.25% to 7.50% on December 31, 2021, and 2020. Notes receivable from participants are scheduled to mature through 2027 and 2024 as of December 31, 2021, and 2020 respectively.

Forfeitures

When a participant terminates the unvested portion of their account represents a forfeiture, unless the participant resumes service with the company within five years. Forfeitures are retained in the plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer matching contributions the employer makes to the plan. Any remaining non-elective forfeitures will be reallocated pro rata based upon compensation for the plan year. During the year ended December 31, 2021 forfeitures of \$19,335 were available to reduce the Plan's administrative expenses and future employer contributions.

Coronavirus Aid Relief and Economic Security Act

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted on March 27, 2020. The CARES Act, among other benefits, provides certain relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan agreement. The Plan Administrator has adopted certain relief provisions included in the CARES Act including those related to hardship distributions and participant loan deferment. The adopted provisions allow qualifying participants to delay loan principal repayments that would otherwise have been due between March 27, 2020 and December 31, 2020, and also provides for qualified coronavirus related distributions from the Plan up to \$100,000.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP")

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the change in net assets available for benefits during the reporting period, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on an accrual basis. Dividends are recorded when they are earned. Net realized gains or losses on investment sales represent the difference between the sale proceeds and cost of the investments, or the adjusted market price. Net unrealized appreciation or depreciation on investments held at the end of the plan year represents the net change in the fair value of investments during the year. The statement of changes in Net Assets Available for Benefits presents the net appreciation or depreciation in fair value investments, which consists of realized and unrealized gains and losses.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The cost of administering the plan other than individual account service charges are paid by the Company. Loan set up fees and other sundry fees are charged directly to the participants' account and are included in administrative expenses. For the plan year 2021 there was \$20,577 of administrative expenses

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

NOTE 4: UNAUDITED FINANCIAL INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

Supplemental schedules are attached following the notes representing investments at December 31, 2021 of the Plan at fair value which was furnished to the Plan administrator by ADP.

NOTE 5: TAX STATUS

The Internal Revenue Service has determined in a letter dated July 8, 2014 that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the plan document has been amended since receiving the opinion letter, the Plan Administrator believes that the plan and related trust are designed, and are currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax exempt.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax position taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, the plan was not audited since inception and there are currently no audits for any tax periods in progress.

NOTE 6: NON-DISCRIMINATION

The Internal Revenue Code requires that a Qualification Test be performed to assure that employee deferrals do not discriminate in favor of highly compensated employees. Appropriate testing was performed by the trustee for this plan year.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company and qualify as party-in-interest. Notes receivable from participants also qualify for party-in-interest.

NOTE 8: SUBSEQUENT EVENTS

The Plan noted no subsequent events requiring recognition or disclosure in its evaluation through October 12, 2022 the date on which these plan financial statements were issued.

401-K PROFIT SHARING PLAN
Notes to Financial Statements

NOTE 9: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 10: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds:

Shares of mutual funds are valued at quoted market prices as of the last trading day of the plan year.

Common Collective Trust ("CCT"):

CCTs are measured using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, less its liabilities, and divided by the number of units outstanding.

401-K PROFIT SHARING PLAN
Notes to Financial Statements

NOTE 10: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting data.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020.

	2021		
	Level 1	Investments Measured at NAV*	Total
Common Collective Trust	-	77,028	77,028
Mutual Funds	3,143,785	-	3,143,785
Total assets in fair value hierarchy	<u>\$ 3,143,785</u>	<u>\$ 77,028</u>	<u>\$ 3,220,813</u>

	2020

Total assets in fair value hierarchy	<u>\$ 1,866,312</u>	<u>\$ 21,061</u>	<u>\$ 1,887,373</u>

* Certain investments are measured using the net asset value ("NAV") as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These investments measured using the NAV practical expedient in Fair Value Measurement (Topic 820) are exempt from categorization in the fair value hierarchy.

Asset Reported at Net Asset Value

The following table summarizes investments held by the Plan measured at fair valued based on net asset value per share as of December 31, 2021, and 2020, respectively
